Thanks Mike –
I have copied this response to Sarah Westenberg, the Lead Case Officer to begin the intake process.
I will also inform additional execs (and copy you) for their awareness.
Thanks,
CMF

Subject: FW: records request

Chris,

Please find a FOIA request from Ted Sickinger of the Oregonian. I'll let him know that I have sent his request to our FOIA office.

Can you keep me apprised on your contacts with Ted and how long you think it will take you to respond and how you intend to respond?

Thanks, Mike Hansen

Subject: records request

Mike,

Pursuant to the Freedom of Information Act, I am requesting the following information and records:

1. PGE's South of Allston available transmission capacity (ATC) allocation each year since 2006, including its SOA Transmission Path Allocation agreement from 2007 and all updates through November 2018. Please include any revision to the SOA Total Transfer Capability agreed to by the parties to the allocation agreement. For each annual ATC update during that period, please identify the SOA Total Transfer Capability used for calculating Base Case ATC values.
2. A copy of PGE's point-to-point transmission service request for its 531 MW Beaver plant in 2009, assigned reference number 73540912.
3. E-tag scheduling data for assigned reference number 73540912 from Jan 2010 through July 2016, including the source, sink, start time, stop time, and capacity used. Please provide this data in a spreadsheet.

4. Hourly generation logs for Beaver, Port Westward 1, Port Westward II and total generation delivered out of the Port Westward site over the period Jan 2010 through July 2016.
5. Please identify each long-term reassignment, or redirect, that PGE's merchant operations have entered into with respect to the transmission rights described in AREF 73540912. Please detail all relevant information related to the detailed reassignment or redirect, including the counter party, points of receipt, point of delivery, period of reassignment, and other relevant information.
6. A copy of a PGE monthly transmission bill, including the line item charge for the Beaver transmission, for each of the calendar years 2010 to 2015. Please make this the same period each year.

This request is submitted in the public interest for dissemination in news articles and I am requesting a waiver of the fees associated on that basis.

Thanks for your help.

Ted
