Proposed Rebuild of the Libby (FEC) to Troy section of BPA's Libby to Bonners Ferry 115-kilovolt Transmission Line
"I'd like to tell you . . . "

1. Please have your environmental studies look at:

Number of grizzlies inhabiting Quartz Creek Re-alignment region.

2. I need more information about:

Please send me EIS draft.

3. I have these other comments:

I own property in Big Horn Terrace I plan on building on in the future. A 230 V line will greatly negatively impact the aesthetics and monetary value of my property. For that reason I want the Wood Pole 115 V single circuit line installed if the Quartz Creek Re-Alignment is not approved. Strongly encourage the Quartz Creek Re-Alignment to minimize impact on residences.
Fish & Wildlife Representative should have been at 9/12/05 Libby meeting.

Please put me on your project mailing list. (You are already on the mailing list, if you have received mailed notices.)
