Comfort Ready Home Webinar: Maximizing Your Residential Energy Efficiency Impact

When: March 19, 2026

Time: 10-11 a.m. (PDT)

Meeting Information:

Join BPA's Comfort Ready Home (CRH) program on March 19 from 10-11 a.m. (PDT) for an informative webinar on promoting residential energy efficiency efforts. This webinar will provide an overview of the CRH program and explore how its tools, resources, and support can help utilities meet their goals. Cyrus Collins, CRH program manager, and Brian Lum, marketing account director, will share practical strategies to increase participation, strengthen community engagement, and maximize program impact. Don't miss this opportunity to refine a results-driven approach and connect with peers working to advance residential energy efficiency.
