2014 Proposed Oversupply Rate Proceeding	))))	Docket No. OS-14

PETITION TO INTERVENE OF
TURLOCK IRRIGATION DISTRICT

Pursuant to the Federal Register Notice dated November 8, 2012 (77 Fed. Reg. 66,963 (2012)) and Rule 1010.4 of the Bonneville Power Administration's ("BPA") Rules of Procedure Governing Rate Hearings, Turlock Irrigation District ("TID") hereby files its petition to intervene in this proceeding.

I. Petition to Intervene

TID is an irrigation district organized under the laws of the State of California (California Water Code §§ 20500-29978). TID supplies electric power and energy to the residents and businesses within its service area. It serves approximately 100,000 electric retail customers and has annual electric sales of approximately 2 million MWhs. TID is a customer of the BPA, and would be materially affected by the Oversupply Management Protocol. TID therefore has a direct and substantial interest in participating in this proceeding, which cannot be adequately represented by any other entity that may become a party.

II. Communications

All materials and communications relating to these proceedings should be served on the following:
