

Klickitat Hatchery Spring Chinook Upgrades Final Environmental Assessment Errata Sheet

BPA-22-1-78975-004

DOE/EA-2207

August 3, 2023

This errata sheet notes specific corrections or updates to the April 2023 draft Environmental Assessment (EA). Additional revisions to the EA were made to correct typographical errors or for clarity purposes.

EA Section	Page	Description of Document Edit
1.6	6	The Public Involvement section was updated with a description of the draft EA comment period and a summary of the comments received during that time.
Table 2.1 ; 3.6.2; 3.13.2; Table 4.1	26, 51, 65, 78	Several sentences throughout the document were updated to reflect completion of the project's Biological Assessment and informal Endangered Species Act consultations with the U.S. Fish and Wildlife Service and National Marine Fisheries Service ("Services").
Table 2.2	29	A Geology and Soils best management practice was updated to reflect that erosion control devices would be installed both before and during construction.
Table 2.2; 3.4.2.2; Table 4-1	30, 45, 83	A Water Quality best management practice was updated to be consistent with the Yakama Nation Water Code Administration Hydraulic Code Permit that has been obtained for the project.
Table 2.2	31	A Fish best management practice was deleted since informal consultation with the Services was completed, and no additional required protective measures were identified.
3.3.1	39	A citation was corrected.

3.3.2	41	A sentence that said BPA would conduct an additional vegetation survey prior to construction was deleted as not warranted based on results of the 2018 plant survey that found no rare or special-status plants and determined the potential for occurrence to be low (BPA 2022).
3.7.1.3	56	A citation was updated.
3.9.2	61	A sentence was added stating that BPA would coordinate with Yakama Nation to have a cultural resource monitor present during construction.
3.10.2	61	As a result of public comment, the number of vehicle trips generated by the project was added to the description of Air Quality environmental consequences of the Proposed Action.
3.15.1.1; 3.15.1.2; 3.15.1.3; Table 4-1	68, 69, 82	The Environmental Justice language was updated to include reference to a recently issued Executive Order.
Section 5.0	84	The EA was updated to state that the same list of interested stakeholders that received the draft EA would be notified of the final EA and decision made.
