

Financial Plan Refresh  
Workshop Response  
May 24, 2022

BPA held the final public workshop related to the Financial Plan Refresh process on May 24 where the draft financial plan and draft sustainable capital financing policy were shared and discussed with stakeholders. The table below summarizes the follow-up items BPA took from the workshop as well as BPA’s responses.

Follow-up Item	BPA Response
Request a written example illustrating how the default amounts of revenue financing are illustrated	An example of how the default amounts of revenue financing are calculated has been provided under the May 24 <sup>th</sup> workshop section of the <a href="#">Financial Plan Refresh</a> webpage.
Request for a summary of public comments submitted during the informal public process and BPA’s responses.	BPA will not summarize the comments, but has provided a compilation of the comment response documents for easier reference. It is available under the May 24 <sup>th</sup> section of the Financial Plan Refresh webpage.
Request for BPA to issue a draft ROD after the formal May 24-June 16 public comment period on the draft sustainable capital financing policy.	BPA will not issue a draft ROD. BPA has considered and responded to comments received in the informal comment periods that BPA held after each public workshop throughout the Financial Plan Refresh process. BPA considered these comments in developing the draft Sustainable Capital Financing Policy and draft Financial Plan. Any comments on these drafts must be made in the May 24 – June 16 comment period for consideration in the final policy record of decision and final Financial Plan.
