Dear Mr. Albright,

The Bonneville Power Administration (BPA) received your request for agency records made under the Freedom of Information Act, 5 U.S.C. § 552 (FOIA). BPA received your request on November 4, 2021 and assigned your request the tracking number BPA-2022-00119-F. Please use that tracking number in any correspondence with the agency regarding your FOIA request. This communication is the agency's formal acknowledgment and response to your information request.

Request

"I want to update the spill-database provided by BPA a year ago to understand what has happened with FCRPS fish mortality mitigation efforts. Recently it was said that CRSO EIS decided that the spill would be raised 25% and the number of spilling dams increased from 8 to 14. Please update the figures previously provided by BPA for Columbia River Spill mandated by the Federal court that are shown in the attached spreadsheet at this link: https://actuationtestequipment.com/Spill_Data.xlsx."

Acknowledgement

BPA reviewed your request and determined that it fulfills all of the criteria of a proper request under the FOIA and the Department of Energy's (DOE) FOIA regulations at Title 10, Code of Federal Regulations, Part 1004.

Response

The agency's Long Term Power Planning office gathered the following data in response to your request:

Generation (MWh)	Spill projects	Other projects	Total
FY2021	27,637,328	45,864,397	73,501,725

Fiscal Year	Total Revenue
2021	2,740,700,000

Annual Avg.
(kcfs)

Spill Flow	Turbine Flow	Spill Flow	Spill %
FY2021	64.09	22.33	35%

The agency's Operations Research Analyst added two notes regarding these data:

- Data provided for previous FOIA request (BPA-2020-001159) for FY2020 was not an estimate but actual data.
- CRSO EIS spill change does not take place until FY2022, thus this past year FY2021 has the same spill operation as previous years. The number of spill plants in FY2021 was still eight.

Fees

There are no fees associated with the processing of your FOIA request.

Certification

Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the information search and the release described above. Your FOIA request BPA-2022-00119-F is now closed with the responsive agency information provided.

Appeal

The adequacy of the search may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to:

Director, Office of Hearings and Appeals
 HG-1, L'Enfant Plaza
 U.S. Department of Energy
 1000 Independence Avenue, S.W.
 Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase "Freedom of Information Appeal" in the subject line. (The Office of Hearings and

Appeals prefers to receive appeals by email.) The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE's records are situated, or (4) in the District of Columbia.

Questions about this communication may be directed to BPA FOIA Public Liaison Jason E. Taylor at 503-230-3537 or jetaylor@bpa.gov. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:
