Bonneville Power Administration  
P.O. Box 3621  
Portland, Oregon 97208-3621

FREEDOM OF INFORMATION ACT/PRIVACY PROGRAM

June 30, 2023

In reply refer to: FOIA #BPA-2023-00841-F

**SENT VIA EMAIL ONLY TO:** [REDACTED] PII

Douglas J. Albright  
Actuation Test Equipment Company

[REDACTED] PII  
[REDACTED]

Dear Mr. Albright,

The Bonneville Power Administration (BPA) has received your request for agency records made under the Freedom of Information Act, 5 U.S.C. § 552 (FOIA). BPA received your records request on April 18, 2023. BPA has assigned your request a tracking number of BPA-2023-00841-F. Please use that BPA tracking number in any correspondence with the agency regarding your FOIA request.

### **Request**

In follow-up to your now closed FOIA request BPA-2023-00682-F (Albright), for 2022 spill data for the Federal Columbia River Power System (FCRPS), you again seek, "...the most recent agency information regarding the 2022 annual generation totals, in MWHrs and dollars, for all FCRPS power plants, the amount of spilling and where it is mandated by the Court. Said requested agency information is to include the overview numbers upon which the final numbers were founded or based. The requested information should focus on the 2022 results needed to make a direct comparison to the previously provided or available raw data. Also please provide any documents that detail current official values to validate the previously supplied numbers for 2015 to 2021 that are in the attachment. To use this data in any significant way requires that the numbers are in agreement with the current official records for the years 2015 to 2022. Please provide official records to validate the previously shared values (2015 to 2021) in the attachment against current agency records."

### **Response History; Clarifications; Request Placed On Hold**

On March 22, 2023, BPA completed all efforts to respond to your FOIA request BPA-2023-00682-F (Albright) for 2022 spill data for the FCRPS. Responsive records and a detailed letter containing additional responsive information, internet links, and context-critical exposition, was provided to you — all in full response to BPA-2023-00682-F.

On April 14, 2023, in follow-up to the agency's full response to BPA-2023-00682-F, you began supplemental communications with the agency regarding the content of the BPA-2023-00682-F

response package. Via several email exchanges with the agency, you and the agency worked to clarify and specify and otherwise hone the parameters of the data and information you seek. Those detailed and comprehensive email exchanges occurred between April 14 and April 17, 2023. On April 17, 2023, you submitted the above request language, along with further exposition on the information you seek. Thereafter, in compliance with the FOIA, BPA created BPA-2023-00841-F and began records and information gathering efforts with knowledgeable personnel in the agency's Long Term Power Planning office.

On May 12, 2023, with search feedback and inquiries from Long Term Power Planning personnel, the agency placed your FOIA request BPA-2023-00841-F "on hold", in compliance with the FOIA, and engaged in further efforts with you to again clarify and specify and otherwise hone the parameters of the data and information you seek. Those detailed and comprehensive email exchanges began May 19, 2023 and have been ongoing, to the date of this communication. With this communication, your FOIA request BPA-2023-00841-F is "off hold", and the agency's response follows.

### **Acknowledgment**

BPA has reviewed your request and has determined that it fulfills all of the criteria of a proper request under the FOIA and the U.S. Department of Energy (DOE) FOIA regulations at Title 10, Code of Federal Regulations, Part 1004.

### **Response**

A full set of all available responsive records and data, and a detailed letter containing additional responsive information, internet links, and context-critical exposition, was provided to you in full response to BPA-2023-00682-F. The FOIA does not require agencies to create new records or to conduct research, analyze data, or answer questions when responding to FOIA requests. That being accurate, but also in compliance with the FOIA, and in response to your BPA-2023-00841-F request, BPA again searched for existing responsive data and information from knowledgeable personnel in the agency's Long Term Power Planning office. After that search, no new existing responsive records were found. Knowledgeable personnel did provide the following supplemental contributions, which the agency has concluded is the only available supplemental information responsive to your BPA-2023-00841-F request (as predicated by your prior BPA-2023-00682-F request).

First, to iterate the feedback BPA provided in email exchanges with you, beginning May 19, 2023, and regarding the most recent agency information on the 2022 annual generation totals, in MWhs and dollars, for all FCRPS power sources, and the amount of spilling, and where it is mandated, BPA previously provided ACTUAL data from the publically available U.S. Army Corps of Engineers, for all FCRPS projects, with Total Flow for generation as well as for Spill Flow, for each project. For "dollars", ACTUAL Mid C Peak price in \$/MWh was included in the agency's response to your prior request. The agency information previously provided was exactly the existing details of how 2022 data was founded or based; that provided information

was neither estimates nor forecasts. All data previously provided was calendar year 2022 data. All previously provided data were all available, official and published values.

Second, in further follow-up to ongoing agency email exchanges with you, and now in response to your BPA-2023-00841-F request, specifically for “revenue” information, BPA Annual Financial Reports are publically accessible at the following internet location:

<https://www.bpa.gov/about/finance/annual-reports>

Third, for FCRPS Total Generations and Flows, all data are publically available on the U.S. Army Corps of Engineers website previously provided, and as follows.

The Columbia River Operational Hydrometeorological Management System (CROHMS) can be accessed at the following location:

<https://pweb.crohms.org/>

While the FOIA does not require BPA to conduct research or analyze data when responding to FOIA requests, knowledgeable personnel have identified the publicly available information you seek:

Power Total [Dataquery 2.0 \(crohms.org\)](#)

Gen Flow [Dataquery 2.0 \(crohms.org\)](#)

Spill Flow [Dataquery 2.0 \(crohms.org\)](#)

As a courtesy, the specific data you seek, which is publicly available at the links presented above, accompanies this communication.

### **Fee**

There are no fees applicable to your request for BPA records.

### **Certification**

Your FOIA request BPA-2023-00841-F is now closed with no new records available to provide and with supplemental information provided. Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the records search and FOIA response described above.

### **Appeal**

Note that the records release certified above is final. This final decision, as well as the adequacy of the search, may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to:

Director, Office of Hearings and Appeals,  
HG-1, L'Enfant Plaza  
U.S. Department of Energy  
1000 Independence Avenue, S.W.  
Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal to [OHA.filings@hq.doe.gov](mailto:OHA.filings@hq.doe.gov), including the phrase "Freedom of Information Appeal" in the subject line. The appeal must contain all of the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either: 1) in the district where you reside; 2) where you have your principal place of business; 3) where DOE's records are situated; or 4) in the District of Columbia.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:

Office of Government Information Services  
National Archives and Records Administration  
8601 Adelphi Road-OGIS  
College Park, Maryland 20740-6001  
E-mail at [ogis@nara.gov](mailto:ogis@nara.gov)  
Telephone at 202-741-5770; toll free at 1-877-684-6448; facsimile at 202-741-5769

### **Future FOIA Requests**

Please note that the FOIA is an avenue for providing records requesters with existing agency records. Records requests must reasonably describe existing agency records and information. The BPA FOIA office resources are limited. Answering questions and otherwise providing exposition on the content of agency records is outside the requirements of the FOIA. You are welcome to submit future FOIA requests to BPA for specific agency records. The agency will not conduct research, analyze data, or answer questions when responding to your future FOIA requests.

Questions about this communication may be directed to James King, FOIA Public Liaison, at [jjking@bpa.gov](mailto:jjking@bpa.gov) or 503-230-7621.

Sincerely,  
[SIGNATURE ON FILE]  
Candice D. Palen  
Freedom of Information/Privacy Act Officer
