

BPA Energy Efficiency Weekly Announcements

April 13, 2023

New

Top reasons to attend Efficiency Exchange 2023 -

Although early bird registration has ended, there's still plenty of time to reserve your seat. Here's why you shouldn't miss Efficiency Exchange 2023 in Portland, May 2-3:

- Get inspired from dynamic keynote speakers Maria Pope and Ashley Armstrong
- Network with over 400 energy efficiency professionals from around the region and the U.S.
- Connect with [EFX23 Exhibitors](#)
- There's much more to do! View the full program on the [EFX23 conference page](#)

If you have already registered, it is time to download the web platform and mobile app. On the platform you can complete your attendee profile and add a picture, post a noteworthy article or report on energy efficiency, plan your conference agenda, visit virtual exhibitor booths, and post an ice breaker introduction. Download the [Whova web and mobile platform](#) to get started.

Trade Ally Network NW: ARC Utility Toolkit

Trade Ally Network NW is supporting HVAC projects utilizing increased promotional incentives for Advanced Rooftop Unit Controls, or ARC, with the ARC utility toolkit featuring multiple customizable marketing resources. Utilities and contractors also have access to a Network developed ARC savings tool to help estimate potential energy savings and calculate a simple ARC payback, a Qualified Products List, an ARC Verification Checklist, and more...[More](#)

Residential Building Stock Assessment utility billing data requests

The Residential Building Stock Assessment, or RBSA, sponsored in part by BPA through the Northwest Energy Efficiency Alliance, or NEEA, is in the final stages. Starting in mid-April, NEEA's third-party contractor, Evergreen Economics, will be reaching out to various utilities to request customer billing usage information for a sample of homes that participated in the study...[More](#)

Federal Funding Coordination Work Group

NEEA and BPA are creating a Federal Funding Coordination Work Group and the first kick off meeting is Thursday, May 4, at NEEA's office from 9 a.m. – noon. The purpose of the work group is to share information and coordinate around Federal Funding opportunities including the Inflation Reduction Act, or IRA. Anyone is welcome to attend. This is an in-person meeting and there will also be a webinar to join virtually...[More](#)

Please RSVP by sending an email to Jonathan Belais at NEEA JBelais@neea.org

April 1 UES Measure List -- reimbursement error on HPWH refnos

It has come to our attention that the recently updated April 1 UES Measure List shows incorrect reimbursement amounts for six of the heat pump water heater promotional incentives highlighted in the attached document. Reimbursement should be \$1,100 not \$1,000. To avoid incorrect reimbursements, please do not report any of these promo refnos until further notice. We apologize for this error and are taking steps to correct it as soon as possible. We will provide further information in future weekly announcements....[More](#)

UES Measures List Change Notice now available

The UES Measure List Change Notice has been posted to bpa.gov. This workbook gives a summary of UES measure savings and incentives changes, deactivations and new measures taking effect in the UES Measures List on October 1, 2023, start of the FY2024-2025 Rate Period. Find the Change Notice here on [the BEETS Tools and Templates webpage](#).
