FREEDOM OF INFORMATION ACT PROGRAM

April 12, 2021

In reply refer to: FOIA #BPA-2021-00499-F

Jerome Berryhill

(b) (6)

Dear Mr. Berryhill,

The Bonneville Power Administration (BPA) has received your request for agency records made under the Freedom of Information Act, 5 U.S.C. § 552 (FOIA). BPA received your records request on March 20, 2021, and assigned your request tracking number BPA-2021-00499-F. Please use that tracking number in any correspondence with the agency regarding your FOIA request.

Request

“...a complete list of salaries for Bonneville Power Administration employees for Fiscal Years 2020 and 2021, including the name of the employee, a job description and/or department, and salary broken down by baseline salary, overtime, and bonuses.”

Acknowledgement

BPA has reviewed your request and has determined that it fulfills all of the criteria of a proper request under the FOIA and Department of Energy (DOE) FOIA regulations at Title 10, Code of Federal Regulations, Part 1004.

Response

The agency’s knowledgeable financial business analyst in the Financial Systems & Automation office searched for and gathered 102 pages of records responsive to your request. Those 102 pages accompany this communication, with minor redactions applied under 5 U.S.C. § 552(b)(6) (Exemption 6) to protect unique identification numbers assigned to BPA employees. A more detailed explanation of the applied exemption follows.

Explanation of Exemptions

The FOIA generally requires the release of all agency records upon request. However, the FOIA permits or requires withholding certain limited information that falls under one or more of nine statutory exemptions (5 U.S.C. §§ 552(b)(1-9)). Section (b) of the FOIA, which contains the

FOIA's nine statutory exemptions, also directs agencies to release to FOIA requesters any reasonably segregable, non-exempt information that is contained in those records.

Exemption 6

Exemption 6 serves to protect PII contained in agency records when no overriding public interest in the information exists. BPA does not find an overriding public interest in a release of the information redacted under Exemption 6—specifically, the unique identification numbers of BPA employees. This information sheds no light on the executive functions of the agency and we find no overriding public interest in its release. BPA cannot waive these redactions, as the protections afforded by Exemption 6 belong to individuals and not to the agency.

Fees

There are no fees associated with the response to your request.

Certification

Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the records search, exemption determinations and records release described above. Your FOIA request BPA-2021-00499-F is now closed with all available responsive agency information provided.

Appeal

The adequacy of the search may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to:

Director, Office of Hearings and Appeals
HG-1, L'Enfant Plaza
U.S. Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase "Freedom of Information Appeal" in the subject line. (The Office of Hearings and Appeals prefers to receive appeals by email.) The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE's records are situated, or (4) in the District of Columbia.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:

Office of Government Information Services
National Archives and Records Administration

Sincerely,

Candice D. Palen
