Dear Ms. Parker:

I received your Freedom of Information Act (FOIA) request dated October 27, 2004, (FOIA Request #05-001). On November 17, 2004, Mary Zeiher discussed your request with you. Based on that discussion, we have withdrawn from your request the manager's name, and the reason for a benefit revocation. On December 7, 2004, Mary Zeiher discussed with you the availability of information on tuition reimbursement, and the request has been restated for FY 04 data only. The following information summarizes your revised request and what we are providing in response.

1. Superior Qualifications Appointment (Superior Academic Achievement GS-7 entry level). This is an appointment made at a rate above the minimum rate of the grade based upon the superior qualifications of the candidate or a special need of the agency for the candidate's services. This is a one-time benefit at the time of appointment.

2. Retention Allowance. Retention allowance up to 25% of an individual's basic pay may be paid to current employees who have completed 1 year of continuous service with the Agency when their unusually high or unique qualifications, or a special need of BPA for the employees' services, makes it essential to retain the employee. It is mandatory that all organizations using retention allowances carefully consider an exit strategy. The list reflects those employees who on or after 10/1/99 were in receipt of a retention allowance.

3. Relocation bonus. Relocation bonuses are paid to employees who must relocate (i.e., a permanent change in duty station outside the commuting area) to accept a position in a different commuting area. This is a one time payment

4. Recruitment bonus. Recruitment bonuses may be requested for positions where the most recent traditional recruitment efforts have produced less than three highly qualified candidates, or in order to reach employment agreement with a specific applicant who has been found to possess demonstrably superior qualifications for a specific position. This is a one-time payment.

5. Tuition Reimbursement. For the years 2000 – 2002, records are not available to separate tuition reimbursement from general tuition costs or product the information by employee. For FY 03 - FY 05, there is a record of approved tuition reimbursement for employees' in the student employment program only. This data reflects the tuition reimbursement amount approved.

6. Student Loan Reimbursement. The Federal student loan repayment program permits agencies to repay federally insured student loans as a recruitment or retention incentive for candidates or current employees of the agency. BPA began using this authority at the start of FY 2002.

For each of these areas you have requested Employee name, grade, step or hourly salary, Department, date benefit activated, type of benefit, annual benefit amount, total benefit amount, whether the benefit is still offered or the date the benefit was ended/revoked.

You have agreed to pay fees up to $100 for this request. Search and review costs for this FOIA request totaled $91.51. You will be sent an invoice for this amount separately by our accounting department.

If you are dissatisfied with this determination, you may make an appeal within 30 days of your receipt of this letter to the Director, Office of Hearings and Appeals, Department of Energy, 1000 Independence Avenue S. W., Washington DC 20585. You must clearly mark both the appeal and envelope "Freedom of Information Act Appeal".

Sincerely,

Annie Eissler
