Snohomish received Bonneville's response to the November FOIA request on Tuesday. I spoke with Laura Atterbury, a FOIA Specialist at Bonneville, this morning about the proper way to distribute copies to each of you. She told me that Bob King will be sending a letter to the other Capacity Owners asking them to contact her to get a copy of everything that was provided to Snohomish. Laura has already burned extra CDs of the documents, so she should be able to get them out quickly.

If you'd rather not wait for Bob's letter, you can contact Laura at 503-230-7305 or [lmatterbury@bpa.gov](mailto:lmatterbury@bpa.gov).
