**Description of Request:** The meeting agenda and minutes arrived today, thank you for compiling and sending them to me. The documents received identify several additional documents that I would like to request at this time. The package that was received did not have a few items specifically identified in my previous request, but they are called out in the Agenda and meeting minutes listing. Please let me request these again from BPA under FOIA before appealing my earlier request so that the additional items can be included. Item numbering below corresponds to their listing in the Agenda: 2. NWW 3-D Cam operational survey Follow-Up (Ramirez). Please send any data graphs, charts or electronic data files showing the blade accuracy performance data collected by HDC and presented to BPA to show the nature and magnitude of the problem. 2.a Please send any documents descriptive of the "programming fixes by GMT" to correct the blade accuracy problems, and any documents descriptive of the planned "review operations since fix" described in the meeting minutes. 2.b Please send any diagrams, pictures and/or documents describing the "MCN OH XDucer mounting mod." Particularly the before and planned configurations of the sensors and mounting hardware. 2.d please send any descriptive information for the "hard cam replacements." What is the nature of the profile cut into these cams? 4. Type 1 Optimization 4.a Please send me any documents descriptive of the GBO Status presented to this meeting. 3. 3-D cam controllers 3.c Subagreement development. Please forward a copy of the subagreement that is being prepared that is descriptive of the schedule and costs of the PPEI and any documents that show how are the above-mentioned items going to be funded. In the meeting minutes, under these headings: 3D Cam Operational Survey Please send me any documents and data charts, logs, graphs and logs showing the results of the Fall survey that indicate operational issues at Little Goose and Ice Harbor. Little Goose Please send me any documents and data charts, graphs and logs indicating improvements since GMT efforts that indicate "improvement in 3D cam controller operation, and the documents and presentation that show "...that the 3D cam was non-functional between "8/31/07 - 9-16/17." McNary Please send me any documents and data charts, logs, graphs and logs from the presentation that show the "hourly data is a snap shot - large load swings that may be result in logged blade angle errors that are transient." Ice Harbor Please send me any documents explaining the "Problems getting survey data" and any documents and data charts, graphs and logs showing the "frequent trips on units #1 and #3," and how the "Blades are not moving properly." Please send me any documents or charts descriptive of the "Potential Hardware and software issues." The FOIA process is much like peeling an onion, each response presents new information that lead to new questions once a situational awareness develops. Thank you, Doug Albright Actuation Test Equipment Company

**Preferred format:** Electronic CD

**Type of Requester: Personal**

**I Agree to pay all applicable fees**

**I request a waiver or reduction of fees because my request concerns "the operations or activities of the government" as explained below:**

**I request a waiver or reduction of fees because the disclosure is "likely to contribute" to an understanding of government operations or activities as explained below:**

**I request a waiver or reduction of fees because an understanding by the general public of the subject is likely to result from disclosure, taking into account my ability and intent to disseminate the information to the public in a form that can further understanding of the subject matter as explained below:**

**I request a waiver or reduction of fees because the disclosure is likely to contribute "significantly" to public understanding of government operations or activities as explained below:**

**I request a waiver or reduction of fees because of a commercial interest that would be furthered by the requested disclosure, and, if so:**

**I request a waiver or reduction of fees because the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester." as explained below:**
