Description of Request: Contract and related documents issued to GE Energy Services Inc. on Jan 30, 2009, for Slatt and Captain Jack Externally Fused Shunt Capacitor equipment, for which offers were submitted on Solicitation No. 173270. Linda Dial is the Contracting Officer's Representative. REASON FOR REQUEST The award was based on the supplier's alternate, and the low contract price suggests the design and bill-of-material differed significantly from the specification for the base bid. Knowledge of this BPA-acceptable alternate will assist our company in offering solutions in the future that more closely match Bonneville's needs and expectations.
