The following is a New FOIA request:

Name: Terry Constance
Organization: Another Way BPA
Address:
Phone: :
No FAX number provided
Email: : Ex 6

Description of Request: Under the Freedom of information Act, the following information is being requested about the siting options of the I-5 Corridor Reinforcement proposal. All information about the hiring of ex BPA employees Mike Johns and Lou Driessen as contractors to lead the core siting team for the I-5 corridor project. This to specifically include but not limited to what they were being contracted to do, time schedules and expectations. All emails, notes, meeting minutes and reports sent and/or received and presentations given by Mike Johns, Lou Driessen and members of the siting team from the time they started working on the I5 project till their contracted tasks were complete. The window for this we believe is between January 2009 and October 2009.

Preferred format:

Type of Requester: Business

I request a fee Waiver

I request a waiver or reduction of fees because my request concerns "the operations or activities of the government" as explained below:

Yes, Hiring of ex-employees would create a bias in siting in a proposed unacceptable area.

I request a waiver or reduction of fees because the disclosure is "likely to contribute" to an understanding of government operations or activities as explained below:

If BPA is open and honest, information should not be withheld from the public.

I request a waiver or reduction of fees because an understanding by the general public of the subject is likely to result from disclosure, taking into account my ability and intent to disseminate the information to the public in a form that can further understanding of the subject matter as explained below:

The public is to be informed, according to federal law. The state of Washington requires this also. This is the only way to find out the true nature of your decision.

I request a waiver or reduction of fees because the disclosure is likely to contribute "significantly" to public understanding of government operations or activities as explained below:

Discovery of the truth may set you free.

I request a waiver or reduction of fees because of a commercial interest that would be furthered by the requested disclosure, and, if so:

None, Only BPA has a commercial interest in this project. To date, has not supplied avenues of non-populated routes for consideration.

I request a waiver or reduction of fees because the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester." as explained below:

None, we have no commercial interest. We are homeowner's we generally don't trade our property for favors.

I believe a compelling need exists to warrant expedited processing because there is a threat to the life or physical safety of an individual as described below:

The project as proposed will create a public health threat that the Washington DOH has determined to be unacceptable and has then recommended that it be moved away from schools and other populated areas.
