RE: FOIA #BPA-2010-01715-F

Dear Ms. Kelly:

This is a final response to your Freedom of Information Request (FOIA) that you made to the Bonneville Power Administration (BPA).

You requested the following:

2003 to current data of hourly exports/imports transmission via the PDCI, PACI, and PNW to BC intertie.

Response:

BPA posts a wide variety of operations data on our public (external) Operations Information (OPI) website, beginning at: <http://www.transmission.bpa.gov/business/operations/>

One of the items that we already post is on-going and historical hourly loadings data (exports & imports) for the major interties, cut-planes, and flow-gates in the Pacific Northwest. This includes the AC, DC, and BC Interties, about which you inquire. We post daily on-going files with a 30-day "look-back" period, and full monthly files back to 1996. Please see this OPI page: <http://www.transmission.bpa.gov/Business/Operations/intertie/default.aspx>

I appreciate the opportunity to assist you with your request. If you have any questions regarding this letter, please contact Laura M. Atterbury, FOIA/Privacy Act Specialist, at (503) 230-7305.

Sincerely,

/s/ Christina J. Munro
