

BPA Energy Efficiency Weekly Announcements, May 10, 2012

Events

Thank you to everyone who was able to attend the Energy Efficiency Utility Summit –

This was another very successful year of bringing together energy experts to discuss a variety of energy efficiency topics.

If you were not able to attend we will be posting all of the presentations on the [Energy Efficiency Utility Summit webpage](#) soon. Stay tuned for those presentations to be posted to the site.

The conversations do not end because the energy efficiency summit is over, be sure to log in to [Conduit](#) to catch up on what you missed out on and continue the discussion.

Energy Smart Awareness Brown Bag -

Residential Sector Inputs for the Utility Potential Calculator -

Thursday, May 17, 2012 - The Utility Potential Calculator was developed by BPA for utilities to use in their conservation planning. As part of NEEA's Residential Building Stock Assessment, BPA is now releasing inputs for the calculator for the Residential sector. This brownbag will cover the methodology and explain how to use the inputs... [More](#)
