**Implementation Manual revisions -**

The changes below are included in the updates/revisions chapter in the Implementation Manual.

**Agricultural:**

In the Irrigation System Upgrades measure, rebate limitations have been clarified to indicate that the rebate is limited to two units per sprinkled acre for solid set sprinklers.

**Industrial:**

The Track and Tune (T&T) projects section has been clarified to indicate that the customer may specify within the T&T agreement a three-year or five-year performance period.

The High Performance Energy Management (HPEM) section has been clarified to indicate that the customer may specify within the HPEM agreement a three-year or five-year performance period.

More information can be found in the April 1, 2011 version of the April 1, 2011 Implementation Manual, page 153.
