Introducing a New Agricultural Partnership - Resource Conservation and Development Councils

The Bonneville Power Administration has partnered with resource conservation and development councils (RC&D) at the state level to help you reach your energy saving goals in

the agricultural sector. RC&D staff will be contacting BPA Energy Efficiency Representatives and public power utilities in their area to see how they can help you communicate your energy saving programs to agricultural producers...[More](#)

Commercial Lighting Update -

The Lighting Calculator v2.2 is now available for [download from the PTR](#). This new version addresses much of the feedback received on the 2.0 series of the Lighting Calculator, including several upgrades to enhance the user-experience and support new and increased measure incentives released in the April 2011 Implementation Manual.

Additionally included in this version is a new contact email address, lighting@bpa.gov. This address routes all of your commercial lighting questions to the entire lighting team to ensure prompt response.
