

# BPA Energy Efficiency Weekly Announcements for December 1, 2011

## Events

### **Energy Smart Awareness Brown Bag:**

#### **Energy Smart Grocer: BPA Implementation Manual Changes and Program Overview**

BPA has contracted PECI for the continued delivery of the BPA Energy Smart Grocer program for the FY12-13 rate period. Due to the shift to the post-2011 implementation program in which utilities control available EEI, program mechanics have changed somewhat and the sign-up process has changed. This presentation will detail program changes and clarify the new registration process... [More](#)

### **Energy Smart Awareness Brown Bag:**

#### **Overview of NEEA Savings**

This brown bag will provide BPA utility customers with basic information regarding NEEA savings methodology and reporting. This overview is perfect for utilities that have not had a lot of direct contact with NEEA or NEEA savings (indirect funders). This presentation is also appropriate for utility staff within direct funding utilities who are not on the CE committee or who are interested in learning about the basics... [More](#)

### **NW Regional Public Utility Behavior Based Energy Efficiency Programs December Conference Call Cape Light Compact's Smart Home Energy Monitoring Pilot -**

The CLC's two-phased Smart Home Energy Monitoring Pilot was launched in the summer of 2009, and is still running. Participants saved an average of 9% off their monthly bills. Phase II involves the installation of whole-house wireless monitor, an In-Home Display, and a wireless base station that will upload real-time data to web-enabled software that provides the homeowner with detailed information on how much energy is being used, when it is being used, how much it costs, and actions that could reduce energy consumption and promote savings... ## Reminders

### **AutoCell Electronics Inc. excluded as a vendor -**

Per section 3.5(7) of the Implementation Manual. BPA will no longer accept claims from AutoCell Electronics, Inc. (AutoCell) unless the customer can prove that it started its work with AutoCell prior to the effective date of this change - December 1, 2011. Customers who have work-in-progress with AutoCell prior to December 1, 2011 must submit a copy of their executed contract with AutoCell to [amhoward@bpa.gov](mailto:amhoward@bpa.gov). The contract must show an execution date prior to December 1, 2011 and must be received by BPA no later than December 8, 2011. If an executed contract is not received or is not received by December 8, 2011, the customer is prohibited from reporting the claims.

The Implementation Manual has been updated to reflect this change; details can be found in section 12, Updates and Revisions. <http://www.bpa.gov/Energy/N/implementation.cfm>.
