

## Errata

Please replace the cells from the HZ2 chart on page 122 that currently reads

Manufactured Home Weatherization - Floor Insulation R11 to R22 (Cost and savings are per square foot of floor insulated) - Heating Zone 2	Qualifies
---	-----------

with the following, corrected cells:

Manufactured Home Weatherization - Floor Insulation R11 to R22 (Cost and savings are per square foot of floor insulated) - Heating Zone 2	Does Not Qualify
---	------------------

In the April 2008 Manual, BPA indicated that it would reduce the reimbursement rate effective October 2008, and though the PTR system reflects this reduction, the Manual was mistakenly never corrected. This change makes the PTR system and Manual consistent.
