PORTLAND, Ore. – Pam Marshall has been named vice president for corporate planning at the Bonneville Power Administration. She has been acting in this position since March.

Marshall will be responsible for ongoing, agencywide strategic planning and tracking and evaluating results of each year's performance.

"We conducted a rigorous internal search, and Pam emerged as the outstanding choice for this important role," says Steve Hickok, acting chief operating officer. "The administrator and the entire agency now look to Marshall and her group for leadership in our strategic planning."

Prior to her move to corporate planning, Marshall was manager of financial planning support in the Financial Services Group at BPA. She joined BPA as a financial analyst in 1983.
