Who: Representatives from BPA, United Electric Co-op, schools, and elected officials.

What: BPA and United Electric Co-op will deliver late model surplus computer equipment to Calvary Christian, Burley, Idaho.

When: Wednesday, April 28, 1999.

Where: Calvary Christian, 515 W. 27th Street, Burley, Idaho at 1:00 p.m.

Why: As a federal agency, BPA is helping the administration fulfill the mandate of Executive Order 12999, *Education Technology: Ensuring Opportunity for All Children in the Next Century*. The Executive Order allows federal agencies to transfer surplus computers and related peripheral tools (e.g. printers, monitors, etc.) to schools and nonprofit educational organizations. BPA is a self-financed agency. Since BPA purchased computers with revenue generated from electricity sales to its utility customers, it wants to transfer computers to schools in its utility customers' service areas. In essence, that makes United Electric Cooperative, Inc. BPA's partner in this effort. Schools were selected based upon their application to the agency through their utility.
