

BPA O & M Template Agreement Comment Period 7/22/11 – 8/26/11

Bonneville Power Administration (BPA) is seeking industry input on two versions of BPA's proposed Operation and Maintenance (O & M) Agreements. The comment period will be open from 7/18/11 – 8/26/11. BPA will review and respond to industry comments mid-September 2011.

BPA is specifically seeking input on the majority of sections, with the exception of section 1, 4, 6, 10, and 11 in the templates provided. BPA understands that sections 1, 4, 6, 10 and 11 will need to be modified for entities with different business rules and needs.
