## Market Monitoring Workshop

June 22, 2000 (9:00 a.m. – 5:00 p.m.)

Kingstad Building, 5933 NE Win Sivers Dr., Portland

Leader: Jim Wilson

- Work group has helped design workshop agenda
- At close of workshop, work group will decide scope of market monitoring mechanism
  - **Markets/activities to be monitored**
  - **Range of market monitor's responsibilities (monitor, propose solutions, enforce, etc.)**

## Market Monitoring Work Group

Second Meeting - June 12, 2000 (19 participants)

- Developed work plan
- Finalized goals
- Finalized issue list
- Identified areas where there might be market power issues/gaming opportunities and will coordinate with appropriate work groups to make sure they consider implications. (For example, the impact of the timing of maintenance on transfer capability and the effect of generation operating decisions on the transmission system.)
