

ANCILLARY SERVICES WORK GROUP

MISSION: Recommend to Regional Representatives Group approach to Ancillary Services issues, both for initial implementation and for future migration. In lieu of consensus, provide prioritized approaches and advantages and disadvantages of each.

ISSUES COVERED: #15 Ancillary Services

LEADER: Joe Moran

SCHEDULE:

1. Kick-Off with Workshop
2. Recommendations due August 17, 2000

ANCILLARY SERVICES WORKSHOP

LEADER: Mike Cadwalader

SCHEDULE: June 8, 2000

OBJECTIVES:

1. Review of IndeGO's ancillary services recommendations, taking into account FERC Order 2000 and experience in other markets.
2. Define competitive markets for the supply of Ancillary Services
3. Develop methods for measuring the performance of ancillary providers and creating appropriate incentives for those providers
4. Define allocation of responsibility for providing Ancillary Services (or for paying for Ancillary Services purchased in RTO-coordinated markets)
5. Define process for RTO as ancillary services provider of last resort
6. Address both interim and ultimate solutions
