

## **TRANSMISSION PLANNING WORK GROUP**

**MISSION:** Recommend to Regional Representatives Group approach to transmission planning issues. In lieu of consensus, provide prioritized approaches and advantages and disadvantages of each.

**ISSUES COVERED:**

- #15 Facilitation of needed construction of new transmission planning facilities (transmission planning aspects)
- #8 Transmission planning
- #20 ITC functions

**LEADER:** Joe Maran

**SCHEDULE:**

- 1) Kick-Off with Workshop
- 2) Recommendations due August 10, 2000

## TRANSMISSION PLANNING WORKSHOP

LEADERS:           Richard Wakefield  
                      Doug Bowman  
                      Jeff Palermo

SCHEDULE:                 June 13, 2000

### OBJECTIVES:

1. Define how the planning functions of an ITC can be integrated with the planning functions of an RTO.
2. Identify the recommended points of separation between bulk transmission and local area facilities.
3. Recommend a process to analyze and approve proposed projects, addressing positive and negative impacts, and establishing path ratings.
