Meeting Notes

RTO/5 ms A/1 ??

25mw/30mw 5mw/6mw load following

Options:

A 20% of load; total requirement 30 mw for RTO

6 mw pro rata obligation

- 1) A sells 30 mw capacity and wins (and buys 6 mw)
- 2) A bids 0 mw; RTO buys from others, charges for 6 mw capacity
- 3) A self provides 6 mw to RTO. No charge for capacity.
- 4) RTO acquires 30 mw, A bids 0 mw, uses its own 6 mw to track load.
Charges for 6 mw capacity by RTO. A self provides energy.
- 5) A self provides 5 mw load following. Compliance penalties.

For alternatives 5 & 6, need to take into account loss of diversity benefits.

A Requirements for FR increase proportionately higher than remainder of RTO.
