

# ***Examination of functions (new & old)***

- ⌘ Does the task need to be done?
- ⌘ If so, does someone already do it?
- ⌘ Should the RTO be responsible for it?
  - ◆ Cost/benefit analysis
  - ◆ Because FERC 2000 says so
- ⌘ Does the RTO need to perform the work or can it be done more cheaply and/or effectively by an organization closer to the work?
- ⌘ How can we do it best?
- ⌘ Can (should) this be done in steps?
