

**E-mail about Rescheduled Regional RTO West Meeting
(Previously Scheduled for January 5, 2001; Rescheduled to January 12, 2001)**

Hello, Everyone -

Thanks to all of you who were able to attend the Regional RTO West meeting on December 15. It was good to see you. We appreciate very much the helpful feedback on the issues that need to be addressed in Stage Two and the timing and process for completing Stage Two work.

In response to this feedback, the January 5 RRG Meeting has been re-scheduled to January 12 at the Sheraton Portland Airport Hotel beginning at 9:00 a.m.. The Coordinating Team concluded we needed some additional time to more fully develop a sound work plan and realistic schedule for Stage Two. One of the comments we heard on December 15 was that we should establish a calendar so participants can plan their travel arrangements and then make sure we adhere to it. While this change from January 5 to 12 departs from your guidance, we ask for your indulgence to take some additional time now to prepare the details of the work plan and schedule. This should help us adhere to that schedule down the line. I apologize for any inconvenience this may cause those of you who need to change your travel arrangements.

Early in January we will send you an agenda and more particular details about the January 12 meeting.

For those of you who may wish to contact members of the Stage Two Coordinating Team, here are the names, phone and fax numbers, and e-mail addresses.
