

## **BCWG – Notice of Meeting on Monday, February 4, 2002**

RTO West Benefit Cost Work Group -

We have decided to hold the Benefit Cost Work Group meeting to hear a preliminary report from the consultant, Tabors Caramanis & Assoc., on February 4 (although I know this date does not work for everyone). Since the meeting is set for Monday, we will allow the consultant travel time and start at 12:30 p.m. The meeting is expected to last until 5:00 p.m. We will meet at the Hilton Garden Suites located at 12048 NE Airport Way Portland OR. Phone 503-255-8600. The Hilton is about three miles east of the Portland Airport, just past McDonalds' restaurant and Win Sivers Drive and the Kingstad Bldg. where the RTO West offices are located. There will be a call-in line available for participating by phone -- 503-813-5808 // passcode 851010.

TCA will present preliminary results, and explain and answer questions about the study. As mentioned in a previous email, we will also want to give the Consultant direction on sensitivity studies. Discussions with them about the preliminary results should help inform us regarding assumptions and design of sensitivity analyses. The sensitivities proposed in the last email are only some of the possible scenarios that may prove to be informative.

Christine Elliott,
