

OVERVIEW OF REVISED GRID WEST BYLAWS DOCUMENTS

The attached documents represent initial drafts with proposed refinements to Grid West's governance structure and bylaws to support continued Grid West development work.

A small bylaws work group has developed these drafts based on input received from regional stakeholders at the November 17, 2005 Grid West Forum. During this meeting, most participants indicated that they no longer saw compelling reasons for separate sets of Developmental and Operational Bylaws for Grid West, together with separate decision points related to Grid West offering transmission agreements to transmission owners ("Decision Point 3") and beginning its operational stage ("Decision Point 4"). In fact, the rigid distinction between Grid West's developmental and operational stages was in some ways counterproductive, because it made it more difficult to take logical steps toward staged implementation and led to unnecessary delay. Most stakeholders also agreed that it no longer makes sense to have "sunset" and "poison pill" provisions in the Developmental Bylaws (which would have forced Grid West to dissolve if certain deadlines were missed or if FERC asserted jurisdiction over Grid West's activities).

Moreover, most stakeholders recognized that Grid West's Operational Bylaws have numerous provisions to protect members, provide for Board accountability, and assure rigorous consultation processes for all important decisions. With ample process and accountability provisions in the Grid West Operational Bylaws and no need for the rigid and elaborate mechanisms that were unique to the Developmental Bylaws, most at the November 17, 2005 Grid West Forum felt it made sense to proceed with a single, integrated set of bylaws for Grid West, built on the previous form of Grid West Operational Bylaws.

With this background, the Bylaws work group understood its initial task to be as follows:

- Prepare a single set of integrated bylaws that will enable Grid West to move from completion of development activities into a staged implementation process and ultimately to full operational capability as contemplated by the Transmission Service Liaison Group (TSLG) market and operations design (recognizing that the TSLG proposal may need to be refined based on technical feasibility assessments to take into account reduced transmission owner participation).
- Remove provisions that are unworkable without BPA participation.
- Incorporate other refinements, such as clarifying the definition "Transmission Agreement," updating the definition and voting rights of members of the Major Transmitting Utility Member Class, refining the concept of "departure from company rate approach" to be more compatible with existing pricing work group proposals, and other technical revisions.
- With reduced funds for continued development, efficiency of process (without sacrificing accountability) is more important than ever. Review the governance process requirements in the aggregate and identify recommended revisions to the bylaws that will improve the organization. Bring the recommendations to the Grid West Forum for discussion and further guidance.

After presenting and receiving feedback on preliminary bylaws proposals at the December 6, 2005 Grid West Forum, the bylaws work group made further revisions (indicated by light orange shading in the December 19, 2005 draft) to reflect those areas in which the bylaws work group believed there was consensus.

The revised December 19 bylaws proposal package consists of:

- a table that summarizes and explains the proposed revisions that have been incorporated into the bylaws; and
- a full draft of a proposed single set of bylaws for Grid West (based on revisions to Grid West's Operational Bylaws) with substantive changes shown in redline.

Written comments on this revised package are welcome through January 4, 2006, and should be sent to Chris Elliott at christowest@earthlink.net.

Summary of Proposed Changes to Grid West Operational Bylaws

Item	Section	Description of Proposed Change	Reason for Change
1.	Throughout	Delete references to “Operational Board of Trustees” and “Operational Bylaws” [<i>not shown in redline to preserve readability</i>]	With a single set of Bylaws to govern Grid West, there is no need to distinguish between “Developmental” and “Operational” Boards and Bylaws.
2.	Throughout	Change references from “Board of Trustees” to “Board of Directors” [<i>not shown in redline to preserve readability</i>]	The term “director” has the same legal status and effect as “trustee” under Washington corporate law, but most people are more used to the term “director.” Using the more common term will make record keeping easier in the future.
3.	1.1.1	Revise definition of “Affiliate”	Although members of the bylaws work group believe that the phrase “or comparable entity” would cover an entity formed under an interlocal cooperation act (such as UAMPS and UMPA), the specific words were added to make sure this kind of entity, recognized under state law, is clearly included.
4.	1.1.4	Revise basic definition of Grid West Board of Directors	There will be a short transition period (before election of the independent Board of Directors) during which an Interim Board will be in office. The Bylaws need to be able to distinguish between the independent Board of Directors and the Interim Board.
5.	1.1.8 – 1.1.10	Delete definitions related to Developmental Board, Developmental Bylaws, and Developmental Stage	Separate definitions related to a development period are not needed with a single integrated set of Bylaws.
6.	1.1.8 (new)	Add defined term “Director.”	<i>See</i> explanation under Item 2.
7.	1.1.15	Revise definition of “Geographic Area”	The bylaws work group believes it is reasonable to give the Board of Directors the power to expand the Geographic Area to encompass additional participants (without having to amend the Bylaws) as future circumstances may warrant. [<i>Note: The bylaws work group does not believe that the possibility of expanding the Geographic Area will change the relationship between Grid West and the California ISO.</i>]

Item	Section	Description of Proposed Change	Reason for Change
8.	1.1.17	Add defined term “Grid West Basic Features”	This new defined term is used in the definition of “Transmission Agreement,” in Section 4.3(iii), and in Section 7.1.1(vii). It uses the TSLG proposal of mid-2005 as the starting point, but also allows for subsequent refinements. These changes help clarify the intended operational scope of Grid West.
9.	1.1.21	Add defined term “Interim Board”	<i>See</i> explanation under Item 4.
10.	1.1.24	Revise definition of “Large TDU”	<i>See</i> explanation under Item 3.
11.	1.1.26	Revise definition of “Major Transmitting Utility.” Definition is in most respects the same as before. The provision to bring a TDU class member into the MTU member class by a vote of MTU class members has been removed. A requirement that an MTU sell or arrange to sell transmission services to eligible customers pursuant to an open access transmission tariff or its equivalent has been added.	These refinements to the definition of MTU have been agreed upon by the transmission owners that support continued Grid West development.
12.	1.1.35 – 1.1.37	Delete definitions related to Operational Board, Operational Bylaws, and Operational Stage	Separate definitions related to an operational stage are not needed with a single integrated set of Bylaws.
13.	1.1.41	Add defined term “Supermajority Board Vote.” (Used in Sections 7.16.7(vi), 7.17, 7.17.2, and 7.17.3)	Because the provisions of Article VII now allow the Board size to increase (by a Board vote) from its initial size of five Directors to either seven or nine Directors, this new defined term clarifies how many votes are needed to satisfy a supermajority board voting requirement, whether the Board is five, seven, or nine members.
14.	1.1.42	Revise definition of “Transmission-Dependent Utility”	<i>See</i> explanation under Item 3.
15.	1.1.43	Revise definition of “Transmission Agreement”	Clarifies that the function of a “Transmission Agreement” is to enable Grid West to implement the “Grid West Basic Features.” This helps clarify the intended operational scope of Grid West.
16.	1.1.47	Delete the defined term “Trustee.”	<i>See</i> explanation under Item 2.

Item	Section	Description of Proposed Change	Reason for Change
17.	3.1	Change “for the Geographic Area” to “within the Geographic Area”	Grid West may not be providing transmission services with respect to the transmission facilities of all of the transmission owners in the Geographic Area.
18.	3.2.1	Renumbered and added section heading	Drafting change to allow addition of new Section 3.2.2
19.	3.2.2	Add new limitation on Grid West – Grid West may not unilaterally impose (or apply to FERC to impose) changes on the rate design of pre-existing transmission rights. This provision ties together with changes to Sections 7.16.1, 7.16.3, and 7.16.8.	<i>See</i> explanation under Item 53.
20.	Article IV	Add provisions to enable an Interim Board to oversee Grid West activities between adoption of the Bylaws and election of the independent Board of Directors	There will be a short transition period (before election of the independent Board of Directors) during which an Interim Board will be in office. The Bylaws need to give the Interim Board the powers necessary to keep the development process going until the independent Board of Directors is elected and can take over.
21.	Article V	Minor wording changes in section headings in several places	Clarify wording and make more consistent
22.	5.1.1	Delete former Section 5.1.1(ii) and renumber subsections that follow	Revision to reflect removal of Section 5.15.2. <i>See</i> explanation under Item 32.
23.	5.1.2 and 5.1.3	Minor technical revision; move provisions from 5.1.2(x) and (xi) to 5.1.3(ii) and (iii) and clarify language	All of the other subsections in Section 5.1.1 and 5.1.2 reference other provisions in the Bylaws in which the applicable rights are clearly conferred. Subsections (x) and (xi) did not operate as clear grants of rights and so they were moved to Section 5.1.3 and reworded to make the grant of rights clear. The minor technical revision is to track revised language in Section 10.1
24.	5.2.2(i)	Delete exception language referring to definition of Major Transmitting Utility	Update language to reflect change in definition of “Major Transmitting Utility.” <i>See</i> explanation under Item 11.

Item	Section	Description of Proposed Change	Reason for Change
25.	5.3.1	Add language that allows Grid West to have members as of the date the Grid West Bylaws are adopted	A number of organizations and agencies had already completed the process of applying for and receiving admission as members of Grid West before it was reorganized to a nonmember organization in November 2005. So long as the membership definitions have not changed from the time of these entities' applications, they should not have to repeat the application process once Grid West resumes its status as a membership corporation. Also, setting up a process that facilitates additional member pre-qualification will identify those eligible to vote in the first Member Representative Committee (MRC) election without unnecessary delay between adopting Grid West's Bylaws and electing the independent Board of Directors. <i>See</i> separate document concerning proposed membership process for further details.
26.	5.3.6	Revise provisions related to limitations on membership	<i>See</i> explanation under Item 3.
27.	5.4.1	Revise language to identify the specific individuals that will serve on the Bylaws Dispute Resolution Committee	With a single set of Bylaws, there will not be a predecessor Bylaws Dispute Resolution Committee to carry over from the Developmental Bylaws.
28.	5.4.3	Add language to allow Bylaws Dispute Resolution Committee members to fill vacancies on the committee until the first MRC has been elected	There will be a short interval between adoption of the Bylaws and the election of the first MRC; the added language provides a mechanism to fill vacancies during that interval.
29.	5.8	Specify record date of first biannual member meeting	We will know the record date that has been set for the first member meeting by the time the Bylaws are adopted. Including the record date makes it clearer for everyone and avoids delay.
30.	5.9.2	Specify date of first biannual member meeting	We will know the date that has been set for the first member meeting by the time the Bylaws are adopted. Including the date makes it clearer for everyone and avoids delay.
31.	5.14.3(i)	Members of the MTU class are divided into two groups for purposes of voting. During the time before Grid West begins offering transmission services, the groups will be defined by those that are providing funding	These changes to the voting rights of members of the MTU class have been agreed upon by the transmission owners that support continued Grid West development.

Item	Section	Description of Proposed Change	Reason for Change
		<p>for Grid West’s continued development and those that are not. In general, all MTU class members have equal voting power, except that the maximum voting power of the group made up of non-funding transmission owners is capped at 1/3 of the MTU class’s total voting power, no matter how many transmission owners belong to the non-funding group. Once Grid West begins offering transmission services, the two voting groups are defined by those that have signed Transmission Agreements and those that have not. The maximum voting power of the group made up of non-signing transmission owners is capped at 1/3 of the MTU class’s total voting power, no matter how many transmission owners belong to the non-signing group.</p>	
32.	5.15.2	Delete mandatory Member advisory vote for budgets that exceed previous budget projections by 15% or more; ties together with Section 7.9.2	<p>Section 5.15.2 has been deleted because it creates an additional procedural hurdle without providing significant enhancement to accountability or cost control. Section 8.4 requires the Budget Committee (which has Members as the majority) to develop budgets and future budget projections. Section 8.5.3(iv) also requires that the Board consult with the Board Advisory Committee concerning proposed budgets. The Board must include “potential budget reductions and financial controls when a proposed budget materially exceeds the expenses for the prior audited fiscal year.” The Board must also “endeavor to provide the annual budget and any subsequent modification to the Board Advisory Committee and Governmental Committee at least ninety (90) days prior to any final action thereon by the Board of Directors.” Furthermore, the Members have the ability under Section 5.1.3 to communicate their views to the Board of Directors through Member resolutions at any time for any reason.</p>

Item	Section	Description of Proposed Change	Reason for Change
33.	6.3.1	Add cross-reference to Section 6.3.2(i)	Reflect revisions to MRC election rights of members of the MTU class. <i>See</i> explanation under Item 34.
34.	6.3.2(i)	Revise allocation of voting rights with respect to electing MTU representatives to the MRC. The voting power to elect MTU representatives to the MRC is allocated in the same manner as general MTU voting rights under Section 5.14.3(i).	These changes to the MRC election rights of members of the MTU class have been agreed upon by the transmission owners that support continued Grid West development. <i>See</i> description of revisions under Item 31.
35.	6.3.4	Specify date of notice of first biannual member meeting	We will know the date for notice to be sent for the first member meeting by the time the Bylaws are adopted. Including the notice date makes it clearer for everyone and avoids delay.
36.	6.3.5(i) and (iii)	Add cross-reference to Section 6.3.2(i)	Reflect revisions to MRC election rights of members of the MTU class. <i>See</i> explanation under Item 34.
37.	6.4	Delete language that refers to carrying over MRC members elected under the Developmental Bylaws	With a single set of Bylaws, there will not be predecessor MRC members to carry over from the Developmental Bylaws.
38.	6.7.4 and other similar provisions	Update language concerning written consents (<i>See</i> Sections 6.7.5, 7.4.1, 7.4.5, 7.4.6, 7.9.1, 7.17, 8.8, 11.3.2)	Track with Washington corporate law that recognizes electronic records (such as e-mail) as well as paper records. (RCW 24.03.465.)
39.	7.1.1	Various clarifying revisions	Provisions that were previously in subsections (i) and (ii) were moved up to improve clarity. Other changes clarify that the Interim Board manages the transition from adoption of the Bylaws to election of the Board of Directors (there will be no carry-over directors from a “Developmental Board”); clarify that one of the Board of Directors’ most important initial tasks is to complete development of Transmission Agreements and that Grid West cannot offer transmission services until the Board of Directors determines that it has a “critical mass” of executed Transmission Agreements; combine provisions concerning necessary federal, provincial, and state regulatory approvals; clarify that the Board of Directors does not have to wait until it has executed Transmission Agreements to begin appropriate early implementation activities that help Grid West move

Item	Section	Description of Proposed Change	Reason for Change
			efficiently toward full operations; and remove language that made implementation activities contingent upon BPA participation.
40.	7.1.2	Revise language to reduce initial Board size from nine directors to five directors and to give the Board the power to increase its size to seven or nine once Grid West is able to begin offering transmission services	A five-member Board of Directors (as originally provided under the Developmental Bylaws) should be more cost-effective than a larger Board while still providing adequate diversity of background and experience; the Board will have the power to increase its size to seven or nine members if the Board wishes to do so once Grid West becomes a fully operational organization. NOTE: <i>The revised language in Section 7.1.2 does not permit the Board to decrease its size back to five or seven once it has been increased to seven or nine. The bylaws work group recognized that, under Section 7.3, Board members have the power to remove each other from office only for cause. The bylaws work group was concerned that if the Board had the power to decrease its own size, this power could function as a back-door “ouster” mechanism, when it should be up to the MRC to decide if a Board member should have to leave office (without cause) before the end of his or her term. The consequence of giving the Board the power to increase its size but not decrease its size is that once the Board size has been increased, it would take a bylaws amendment (which requires Member approval) to subsequently decrease the size of the Board.</i>
41.	Article VII and beyond	Revise provisions that previously required seven out of nine Board votes to require four out of five Board votes	Conforming revisions to reflect reduction in size of Board of Directors from nine to five.
42.	7.2.1	Clarifying revisions related to process to identify initial Board candidates	Grid West has already retained Russell Reynolds Associates, which has provided an initial list of candidates. The Interim Board will continue to work with Russell Reynolds through the election of the initial Board of Directors. Provisions in Section 4.3(iii) reflect this and the revisions in Section 7.2.1 are to harmonize with Section 4.3(iii).
43.	7.2.2(i)	Harmonize with Section 4.3(iii)	<i>See explanation under Item 42.</i>

Item	Section	Description of Proposed Change	Reason for Change
44.	7.2.2(ii)	Revise language to require the executive search firm to provide a slate of candidates for any initial round of Director elections in which at least half of the potential nominees have significant experience with the electric utility industry in the Geographic Area	Requiring potential nominees to have significant experience with the electric utility industry in the Geographic Area allows the MRC to elect these kinds of individuals if they wish to, but does not set up a situation in which the MRC is forced to elect candidates it does not want to elect just to satisfy a geographic preference.
45.	7.2.3	Delete former section 7.2.3	With a single set of Bylaws, there will be no predecessor Developmental Board from which directors can be “carried over.”
46.	7.9.2	Delete provision that ties together with Section 5.15.2, which requires a mandatory Member advisory vote and a supermajority Board vote to approve budgets that exceed previous budget projections by 15% or more	Former Section 7.9.2 has been deleted because it is unnecessary and an unreasonable intrusion on the independence of the Board of Directors. Section 8.5.3(iv) already requires that the Board consult with the Board Advisory Committee concerning proposed budgets. The Board must include “potential budget reductions and financial controls when a proposed budget materially exceeds the expenses for the prior audited fiscal year.” The Board must also “endeavor to provide the annual budget and any subsequent modification to the Board Advisory Committee and Governmental Committee at least ninety (90) days prior to any final action thereon by the Board of Directors.” Furthermore, the Members have the ability under Section 5.1.3 to communicate their views to the Board of Directors through Member resolutions at any time for any reason.
47.	7.12.2	Delete “guiding principles for Board decisions”	Former Section 7.12.2 has been deleted because it is an unreasonable intrusion into the Board’s decision-making process and could be misused to hamstring Grid West by providing a basis to challenge Board decisions as unwarranted in view of all of the required considerations. This brings risk of greatly increased costs of operation and unreasonable delay in implementing good Board decisions that are opposed by even a single Member.

Item	Section	Description of Proposed Change	Reason for Change
48.	7.12.4	Remove language referring to business plans developed by the Developmental Board	With a single set of Bylaws, there will be no predecessor Developmental Board to develop a business plan for Grid West operations. The deleted language is unnecessary in any case, because the remaining language requires that the Board of Directors develop a three-year business plan by the time Grid West begins to offer transmission services.
49.	7.12.6	Remove references to Director Conduct Rules from the Developmental Bylaws and replace with references to a Bylaws attachment.	With a single set of Bylaws, there will be no predecessor Director Conduct Rules to carry over from the Developmental Bylaws
50.	7.15.1	Revise to allow a Director to serve as Grid West's CEO until Grid West has executed Transmission Agreements	The Regional Representatives Group has previously expressed a general policy preference for keeping Board and officer positions separate, but had recognized in the Developmental Bylaws that it would be appropriate to allow an exception for the CEO during Grid West's Developmental Stage. The revisions to Section 7.15.1 of these Bylaws maintain that same policy choice.
51.	7.15.4	Revise to mesh with Section 7.15.1	Revision harmonizes with exception permitted under Section 7.15.1
52.	7.16.1	Change description of special issue (ii) from "departure from using the company rate approach" to Grid West's "initial proposal for pricing long-term transmission rights" issued by Grid West	Conforming changes to reflect revisions to Section 7.16.3. <i>See</i> explanation under Item 53.
53.	7.16.3	Revise language relating to how the Special Issues List process applies to pricing for new long-term transmission rights	The bylaws work group proposes revising Section 7.16.3, together with corresponding provisions in Sections 3.2 and 7.16.1, to offer an approach that the bylaws work group hopes will be both workable for Grid West's Board and in the spirit of the protections intended by the Special Issues List. The greatest challenge that the bylaws work group has faced in this area is uncertainty concerning how Grid West will approach initial pricing for new long-term transmission rights. The bylaws work group does not want to repeat earlier mistakes by guessing at what might be implemented and then later discovering that the language, however well intended, forecloses solutions that are beneficial to and supported by the region. The logic behind the provisions as proposed in Section 7.16.3,

Item	Section	Description of Proposed Change	Reason for Change
			<p>together with Sections 3.2 and 7.16.1, is as follows:</p> <ul style="list-style-type: none"> o One of the most important reasons for including “departure from company rate approach” in the original Special Issues List was that people were worried about cost-shifts that might occur if Grid West were to change the pricing applicable to pre-existing transmission agreements, particularly if the change moved toward “postage stamp” rates. o Although there has been considerable work to date on possible pricing approaches for Grid West, the bylaws work group believes there is no clear consensus about how Grid West may initially price new long-term transmission rights. o This makes it extremely difficult to draft language about what is “in bounds” and what is “out of bounds” with respect to an initial approach to pricing long-term transmission rights without creating great risk of inadvertently impeding good proposals. Even less feasible is trying to define what is an impermissible change from an unknown starting point. o The bylaws work group’s proposed solution is to: <ul style="list-style-type: none"> • prohibit Grid West from unilaterally imposing changes to the rate design of pre-existing long-term transmission rights – <i>see</i> Section 3.2.2 – (this would not interfere with transmission owners’ ability to follow applicable regulatory processes to modify the rates that apply to pre-existing long-term transmission rights); the limitation in Section 3.2.2 could not be removed without amending the bylaws, which would require Member approval; • require the Board of Directors to follow the Special Issues List process for its initial proposal for pricing new long-term transmission rights; and • rely on the general procedural and consultation provisions, as well as the Member powers under Section 7.17, to allow Members to address possible future changes to Grid West’s initial approach for pricing new long-term transmission rights.

Item	Section	Description of Proposed Change	Reason for Change
			<ul style="list-style-type: none"> o After Grid West implements its initial approach to pricing new long-term transmission rights, any changes to the initial proposal would be subject to the following protections: <ul style="list-style-type: none"> • The Grid West Tariff Committee (formed under Section 8.2.1(i)) will be part of ANY changes to Grid West’s tariff (and changing the pricing would require a change in the tariff); • All tariff changes also have to go through the Board Advisory Committee and Governmental Committee consultation process, as required by Section 8.5.3; • Any Member has the right to attend and be heard at any Board meeting (Section 5.1.3(i)) • Members can use Section 7.17 to trigger the requirement for a Supermajority Board Vote (and 30-day implementation delay) for any proposed change in pricing if the members feel it is a major change in policy or scope; and • All Grid West rate filings also will have to go through the usual regulatory processes, in which all parties with standing can intervene as they see fit. o This will enable Members to decide when they feel a proposed change to Grid West’s approach to pricing new long-term transmission rights is significant enough to warrant a Supermajority Board Vote and implementation delay (on top of the general procedural and consultations requirements that are required for all tariff changes).
54.	7.16.7(iii)	Delete reference to Section 7.12.2 of bylaws	Conforming revision to reflect removal of Section 7.12.2. <i>See</i> explanation under Item 47.
55.	7.16.8	Delete provision that protected the “company rate approach” for a minimum period of eight years	Conforming changes to reflect revisions to Section 7.16.3. <i>See</i> explanation under Item 53.
56.	7.16.9	Delete reference to Section 7.12.2 of bylaws	Conforming revision to reflect removal of Section 7.12.2. <i>See</i> explanation under Item 47.

Item	Section	Description of Proposed Change	Reason for Change
57.	7.17.2	Raise level of member vote required to trigger Supermajority Board Vote requirement and implementation delay from 18 votes' worth of voting power to 20 votes' worth of voting power.	Parties supporting continued Grid West development believe there should be strong consensus among members before the provisions of Section 7.17 can be triggered.
58.	8.4	Revise language so that the Budget Committee begins to operate once Grid West has executed Transmission Agreements	The bylaws work group does not think it makes sense to have a budget committee second-guessing the developmental budget, which will be capped by the funding agreement. The funding agreement reflects the amount that the funding utilities believe is reasonable to enable Grid West to complete the process of negotiating Transmission Agreements and developing initial tariff provisions. Once the Transmission Agreements have been signed, Grid West must obtain its own funding and establish its budgets through the Budget Committee.
59.	9.1	Delete language about appointing additional officers	Section 9.9 covers the same subject.
60.	9.2	Strike first sentence	Unnecessary provision.
61.	9.13	Revise language to refer to employee conduct rules attached to the Bylaws	With a single set of Bylaws, there will be no predecessor Developmental Board to adopt employee conduct rules that carry over.
62.	10.1.1	Technical revisions	Reflect updates to Washington law and clarify that provisions cover Interim Board where appropriate. (RCW 24.03.135.)
63.	10.1.2	Technical revisions to record-keeping requirements	Changes are to conform the language to reflect recent changes to Washington law. (RCW 24.03.135.)
64.	10.2.1	Insert the phrase "when applicable" before "FERC requirements"	Clarify that Grid West does not have to meet FERC accounting principles until Grid West's activities (such as providing transmission services or operating a balancing market) cause Grid West to become FERC jurisdictional.
65.	10.4	Revise to clarify that providing technical information is the responsibility of the Board of Directors	Although the Interim Board may develop and provide technical information on a limited basis, Grid West is expected to have a more robust process to develop and publish this type information once the Board of Directors takes office.

Item	Section	Description of Proposed Change	Reason for Change
66.	12.4	Clarify that members are entitled to vote on the question of whether to dissolve Grid West, but not on the plan of distribution.	Former language was potentially ambiguous.
67.	12.4.1	Change reference from “Exhibit A” to “Attachment C.”	The single set of Bylaws will need a number of additional attachments.
68.	Former 12.4.3	Remove “poison pill” provision	Former Section 12.4.3 has been deleted as too extreme and undesirably hostile to FERC. A recent decision by the U.S. Court of Appeals for the D.C. Circuit leads us to conclude that this “poison pill” provision is, in any event, unnecessary. In <i>California Independent System Operator v. FERC</i> , 372 F.3d 395 (D.C. Cir. 2004), the FERC had found the Cal ISO’s Board to be inadequately independent and ordered the ISO to change its governance structure, claiming authority to do so on the ground that the governance structure was a “practice” affecting jurisdictional rates and service within the meaning of the Federal Power Act. On review, the Court of Appeals held that the FERC’s statutory jurisdiction over “practices” extends only to those practices that “directly affect” or “are closely related” to rates or terms and conditions of jurisdictional service, 372 F.3d at 403, and made very clear that corporate governance doesn’t qualify: “It [FERC] does not have the authority to reform and regulate the governing body of a public utility under the theory that corporate governance constitutes a ‘practice’ for ratemaking authority purposes.” <i>Id.</i> at 404.
69.	12.4.2	Minor clarifications in section title and text	Clean-up edits.
70.	12.5.2	Revise language to allow Board-proposed Bylaws amendments to be approved by a vote of at least 16 votes’ worth of the members’ total voting power, which must include approval of at least 2/3 of the voting power of three member classes	Experience during the Grid West development process has demonstrated that we cannot always perfectly anticipate how future events will affect the documents we develop today. The bylaws work group felt it would be a good idea to allow Board-proposed Bylaws amendments to be approved if they have substantial member and Board support, but without an unreasonably high hurdle.

The final determination of such challenge shall not void the election of any members of the MRC, any decision of the MRC, any decision of the Board of Directors, or any decision of the Members made before such final determination involving the challenged Member acting in its designated Member Class or Member Sub-Class. If the challenged Member is determined in such dispute resolution proceeding not to satisfy the qualifications for membership in the Corporation, the membership of such Member and all of such Member's voting rights and other rights of membership shall be terminated effective

immediately upon such determination. If the challenged Member is determined in such dispute resolution proceeding not to satisfy the qualifications for membership in the Member Class of which it is then a Member, but instead to satisfy the qualifications for membership in another Member Class or Member Sub-Class, such Member shall be reclassified into such other Member Class or Member Sub-Class effective immediately upon such determination.

If payment of the full amount of the membership fee is not received within such period, the membership of such Member in the Corporation shall be terminated immediately and without any further action upon the expiration of such forty-five- (45-) day period, and the terminated Member shall cease to have any rights whatsoever as a Member of the Corporation. Notwithstanding any such termination of membership, all dispute resolution proceedings and appeals that are in effect or pending as of such termination shall remain in effect and shall be followed to completion by the terminated Member and by other affected Members pursuant to these Bylaws. Any Member that has voluntarily withdrawn from the Corporation may not reapply for membership for a period of six (6) months from the date of its withdrawal. A Member's withdrawal from membership does not affect any obligations of the withdrawing Member to the Corporation under the Corporation's tariff or Transmission Agreements.

5.8 Establishment of Record Date for Member Votes. In order that the Corporation may determine the Members entitled to vote in any election of members of the MRC or on any other matter on which the Members are entitled to vote (other than the first biannual meeting of Members under these Bylaws, for which the record date shall be _____, 2006), the Board of Directors shall set the record date, which shall be the date of notice to the Members of any meeting at which any matter is to be presented to the Members for a vote. Members specified on the list maintained by the Secretary of the Corporation on the record date are entitled to notice of such meeting and to vote at any such meeting if they continue to be Members as of the date of

the meeting and their designated representative or alternate is present. If the Board of Directors calls a meeting of one (1) or more Member Classes or Sub-Classes (but fewer than all Member Classes), the Board of Directors shall specify the record date applicable to the meeting according to the procedures and timing the Board of Directors determines to be fair and reasonable in the applicable circumstances.

Each such notice shall state the date, time, and place of the meeting and the meeting agenda, including the purpose or purposes for which the meeting is called.

5.10.2 Effect of Lack of Notice and Agenda Changes. At the biannual meetings of the Members of the Corporation, the failure of any item to be included in the notice or on the agenda shall not prevent action from being taken at the meetings; provided, however, that if any

changes are made to any such agenda before the meeting, the Secretary of the Corporation shall make reasonable efforts to provide the Members of the Corporation of any such changes as soon as practicable in advance of the meeting. At any other meeting of the Members, the failure of any item to be included in the notice or on the agenda shall prevent action on that item from being taken at the meeting.

5.10.3 Public Notice of Member Meetings. Public notice of each meeting of the Members, and each meeting of any two (2) or more Member Classes, shall be placed on the Grid West Website and posted at the offices of the Corporation at least ten (10) days before such meeting. In addition, notice of each meeting of the Members, and each meeting of any two (2) or more Member Classes, shall be sent by the Secretary of the Corporation, by first-class mail, telegram (charges prepaid), facsimile, or electronic mail, to each member of the public who so requests and who has provided the Secretary of the Corporation with complete information regarding such person's name and address; provided, however, that the failure of any such member of the public to receive notice of any meeting of the Members shall not under any circumstances affect the validity of such meeting or any action taken at such meeting.

5.11 Open Member Meetings. Except as hereinafter set forth, any member of the public may attend and observe the proceedings of any meeting of the Members, and any meeting of any two (2) or more Member Classes, noticed pursuant to Section 5.10.3. 5.12 Member Waivers of Notice. The notice requirements contained in these Bylaws may be waived in writing by any Member with respect to itself, either before or after the meeting. The attendance by any Member at a meeting without protesting, as soon as reasonably practicable, the lack of notice of such meeting shall constitute a waiver of notice by it. All waivers shall be made part of the minutes of the meetings.

5.13 Quorum Rules. There is no quorum requirement for regularly scheduled or special Member meetings; provided, however, that the Secretary of the Corporation shall count only the votes cast in Member Classes or Member Sub-Classes that meet their respective quorum rules for voting.

The validity of a quorum for any Member Sub-Class that satisfies the requirement set forth in Section 5.13.1(iii) shall not be affected by the failure of any other Member Sub-Class within its Member Class (or the failure of any other Member Class) to satisfy the applicable quorum requirement.

(v) The manner of tabulating Member votes at any meeting at which the Members have satisfied the foregoing requirements shall be as specified in Section 5.14.

(vi) In any Member Class or Member Sub-Class that has *ex officio* Members, the *ex officio* Members do not count when determining whether a quorum exists.

(i) If a Member Class or Member Sub-Class wishes to remove a member of the MRC or if a vacancy occurs with respect to any Members Representative Committee positions for which a particular Member Class or Member Sub-Class is

entitled to vote (other than due to the ordinary expiration of MRC members' terms), the applicable Member Class or Member Sub-Class may request that the Board of Directors convene a special meeting of the affected Member Class or Member Sub-Class (without the need for other Member Classes or Member Sub-Classes to meet at the same time) to remove the member or fill the vacancy in accordance with Section 6.6.

(ii) If a Member Class does not include any Member Sub-Classes, then the quorum requirement for that Member Class at any Member meeting shall be one-third (1/3) of the Members belonging to that Member Class and entitled to vote.

(iv) The validity of a quorum for any Member Class that satisfies the requirement set forth in Section 5.13.2(ii) shall not be affected by the failure of any other Member Class to satisfy the applicable Member Class quorum requirement. The validity of a quorum for any Member Sub-Class that satisfies the requirement set forth in Section 5.13.2(iii) shall not be affected by the failure of any other Member Sub-Class within its Member Class (or the failure of any other Member Class) to satisfy the applicable quorum requirement.

(v) The manner of tabulating Member votes with respect to Member Class or Member Sub-Class meetings to fill MRC vacancies shall be as set forth in the applicable provisions of Section 6.3, and the manner of tabulating Member votes with respect to meetings to remove MRC members shall be as set forth in the applicable provisions of Section 6.6.

(vi) In any Member Class or Member Sub-Class that has *ex officio* Members, the *ex officio* Members do not count when determining whether a quorum exists.

The combined voting power of all Member Classes in the Corporation equals thirty (30) votes, except if the State and Provincial Energy Authority Member Sub-Class has five (5) or more voting Members, in which case the combined voting power of all Member Classes in the Corporation equals thirty-one (31) votes. Tabulation of Member votes shall be as set forth in this Section 5.14.

A designated representative or alternate may represent more than one (1) Member in the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class (even if the Members are in different Member Sub-Classes). For other Member Classes, a designated representative or alternate may represent more than one (1) Member only in the same Member Sub-Class (or, if a Member Class has no Member Sub-Classes, in the same Member Class) except in a Member Class in which a majority of the voting power within each of the Member Sub-Classes has voted to allow a designated representative or alternate to represent Members in multiple Member Sub-Classes within the Member Class. The designated representative or alternate shall be allowed to vote separately for each Member for which he or she is the designated representative or alternate. Each Member warrants to the Corporation and to the other Members that its designated representative and alternate have the authority to act on behalf of the Member and are authorized to participate in debate and consider input from others before taking a position or voting on behalf of the Member.

(iii) The allocation of voting power to Member Classes, and where applicable to Member Sub-Classes within each of the Member Classes, shall be as set forth in Section 5.14.3.

5.14.2 Membership Thresholds. If a Member Sub-Class has a number of Members equal to or greater than the thresholds set forth in this Section 5.14.2, then voting power shall be allocated to the Member Sub-Class as set forth in Section 5.14.3. If a Member Class or Member Sub-Class with no threshold has at least one Member, then voting power shall be allocated to the Member Class or Member Sub-Class as set forth in Section 5.14.3. *Ex officio* Members that join pursuant to Section 5.3.3 do not count for threshold determinations. If a Member Sub-Class has zero (0) Members or a number of Members less than the thresholds set forth in this Section 5.14.2, then voting power shall be reduced and reallocated as set forth in Section 5.14.4. If a Member Class or Member Sub-Class with no threshold has zero (0) Members, then voting power shall be reduced and reallocated as set forth in Section 5.14.4.

(v) State and Provincial Energy Authority/Tribes/Certain Public Interest Groups Member Class.

(a) State and Provincial Energy Authority Member Sub-Class: The threshold for this Member Sub-Class is four (4) Members. *Ex officio* Members do not count toward achievement of the threshold. Even though the threshold for the State and Provincial Authority Member Sub-Class is four (4), the voting power for that Member Sub-Class is five (5) pursuant to Section 5.14.1(i) if there are five (5) or more voting Members in the Member Sub-Class.

(i) Major Transmitting Utilities:

(a) For purposes of voting, the Major Transmitting Utility Member Class shall be organized into two (2) groups: Group 1 and Group 2.

(1) During the period before the Board of Directors has made the determination described in Section 7.1.1(v)(a), Group 1 shall consist of those class Members that are parties (other than those identified as "Terminating TOs") to Amendment No. 2 of the Funding Agreement dated as of [REDACTED], 2005. (b) The voting power of the Major Transmitting Utilities Member Class shall be allocated between Groups 1 and 2 based upon the ratio of the number of class Members within each group; provided, however, that Group 2's voting power shall not exceed one-third (1/3rd) of the voting power of the Major Transmitting Utility Member Class. Voting power within each group shall be allocated equally among all Members of the class that group.

(ii) Transmission-Dependent Utilities: The voting power of the Transmission-Dependent Utilities Member Class shall be allocated as follows:

{Section 5.14.3 continued . . . }

(b) three (3) of the six (6) votes' worth of voting power held by the Transmission-Dependent Utilities Member Class shall be held by the Small TDU Member Sub-Class.

(iii) Generators, Power Marketers, Large Generating End-Use Consumers, and Others: The voting power of the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class shall be allocated as follows:

(iv) End-Use Consumers: The voting power of the End-Use Consumers Member Class shall be allocated as follows:

(a) two (2) of the six (6) votes' worth of voting power held by the End-Use Consumers Member Class shall be held by the Members of the Large Unbundled End-Use Consumers Member Sub-Class;

(a) the voting power of that Member Class shall be allocated equally to other Member Classes that have at least one (1) Member, and

(b) within each such Member Class the reallocated voting power shall be allocated to each Member Sub-Class in the same ratio as the Member Class's voting power is allocated between the Member Sub-Classes; provided, however, that such reallocated voting power shall be subject to further reallocation pursuant to Sections 5.14.4(ii) through (vi).

(ii) If a Member Sub-Class has fewer than the threshold number of Members established for that Member Sub-Class in Section 5.14.2, the voting power for that Member Sub-Class set forth in Section 5.14.3 will be reduced in an amount determined according to Section 5.14.4(iii), and the amount of the reduction in voting power will be reallocated according to Section 5.14.4(iv).

(iii) The formula for calculating the voting power reduction of a Member Sub-Class is as follows:

{Section 5.14.4 continued . . . }

$$V * (1 - (M/T)) = A$$

The numerator “M” is the number of Members in the Member Sub-Class.

The denominator “T” is the threshold for the Member Sub-Class.

The variable “V” is the initial voting power for the Member Sub-Class as set forth in Section 5.14.3, as adjusted under Section 5.14.4.(i).

The result “A” is the amount by which the Member Sub-Class’s voting power is reduced. (Refer to Section 5.14.4(v) Step 2(c) for the formula to calculate the Member Sub-Class’s revised voting power.)

(iv) Reallocate the reduced voting power calculated in Section 5.14.4(iii) as follows:

(a) [Reserved for possible future use: If the Member Class has two (2) Member Sub-Classes and neither of the Member Sub-Classes meets its threshold, then each such Member Sub-Class will exercise its full voting power; provided, however, that if one (1) of such Member Sub-Classes has zero (0) Members, and the other Member Sub-Class has one (1) or more Members, such other Member Sub-Class will exercise the entire voting power of the Member Class.]

(b) [Reserved for possible future use: If the Member Class has two (2) Member Sub-Classes and only one (1) of the Member Sub-Classes meets its threshold, the Member Sub-Class that meets its threshold will be allocated additional voting power from the Member Sub-Class that did not meet its threshold. The voting power of the Member Sub-Class meeting its threshold is calculated as follows:

$$V + A = V_{\text{revised}}$$

“V” is the initial voting power for the Member Sub-Class as set forth in Section 5.14.3, as adjusted under Section 5.14.4.(i).

{Section 5.14.4 continued . . . }

“**A**” is the amount of voting power of the Member Sub-Class that did not meet its threshold to be reallocated to the other Member Sub-Class in the Member Class (that was calculated in Section 5.14.4(iii)).

“**V_{revised}**” is the revised voting power (with the amount reallocated from the Member Sub-Class that failed to meet its threshold added to the original voting power).]

(c) If the Member Class has three (3) Member Sub-Classes and none of the Member Sub-Classes meets its threshold, then (unless (d) or (e) applies) each Member Sub-Class will exercise its full voting power.

(d) If the Member Class has three (3) Member Sub-Classes and two (2) of the Member Sub-Classes have zero (0) Members but the third Member Sub-Class has one (1) or more Members, the third Member Sub-Class will exercise the entire voting power of the Member Class.

(e) If the Member Class has three (3) Member Sub-Classes and one (1) of the Member Sub-Classes has zero (0) Members, then apply (1), (2), or (3) as follows:

(1) If both of the other Member Sub-Classes meet their threshold, then the voting power of the Member Sub-Class having zero (0) Members will be allocated to the other two Member Sub-Classes as set forth in Section 5.14.4(v); provided, however, that at any time that the Large Generating End-Use Consumers Member Sub-Class or the Power Marketers and Others Member Sub-Class has zero (0) Members, the voting power of the Generators Member Sub-Class shall be increased by the entire amount of voting power initially allocated to the Member Sub-Class with zero (0) Members.

(2) If one (1) of the other Member Sub-Classes meets its threshold, but the other does not, the Member Sub-Class that meets its threshold will exercise the voting power of the Member Class having zero (0) Members and will be allocated the amount by which the Member Sub-Class’s voting power is reduced (equal to “**A**” as calculated in Section 5.14.4(iii)).

(3) If both of the other Member Sub-Classes have Members, but both fail to meet their respective thresholds, those Member Sub-Classes will exercise the full voting power of their respective Member Sub-Class and will be allocated the voting power of the Member Sub-Class having zero (0) Members as set forth in Section 5.14.4(v).

{Section 5.14.4 continued . . . }

(f) If the Member Class has three (3) Member Sub-Classes and two (2) of the Member Sub-Classes fail to meet their threshold, then “A”, the reduced voting power for each of the two (2) Member Sub-Classes (as calculated in Section 5.14.4(iii)), is added to the voting power of the one (1) Member Sub-Class that achieved its threshold.

(g) If the Member Class has three (3) Member Sub-Classes and one (1) of the Member Sub-Classes fails to meet its threshold, then “A”, the reduced voting power of the Member Sub-Class that fails to meet its threshold shall be reallocated between the two (2) Member Sub-Classes that meet their respective thresholds as set forth in Section 5.14.4(v); provided, however, that at any time that the Large Generating End-Use Consumers Member Sub-Class or the Power Marketers and Others Member Sub-Class has fewer than the threshold number of Members applicable to such Member Sub-Class, the voting power of the Generators Member Sub-Class shall be increased by an amount equal to any resulting reduction in voting power of the Large Generating End-Use Consumers Member Sub-Class or the Power Marketers and Others Member Sub-Class (as the case may be).

(v) If a Member Class has three (3) Member Sub-Classes, reallocating the reduced voting power of one (1) of the Member Sub-Classes to the other two (2) Member Sub-Classes occurs as follows:

Step 1: Calculate the ratio of the voting power of the Member Sub-Classes that did not have their voting power reduced as follows:

The formulas for calculating the ratios of Member Sub-Class voting powers are as follows:

First Formula:

$$V_{\text{least}} / (V_{\text{least}} + V_{\text{most}}) = V_{\text{ratio}}$$

“ V_{least} ” is the voting power of the Member Sub-Class with the least voting power.

“ V_{most} ” is the voting power of the Member Sub-Class with the most voting power.

{Section 5.14.4 continued . . . }

“**V_{ratio}**” is the ratio of the Member Sub-Class with the **least** voting power (of the two (2) Member Sub-Classes that did not have their voting power reduced) to the combined voting power of the two (2) Member Sub-Classes that did not have their voting power reduced.

Second Formula:

“**1 - V_{ratio}**” is the formula for calculating the ratio of voting power for the Member Sub-Class with the **most** voting power to the combined voting power of the two (2) Member Sub-Classes that did not have their voting power reduced.

Step 2: Reallocate the voting power based upon the ratio of the voting power between the Member Sub-Classes as follows:

(a) The formula for calculating the reallocated voting power for the Member Sub-Class with the higher initial voting power is:

$$(A * (1 - V_{ratio})) + V = V_{revised}$$

“**A**” is the amount the Member Sub-Class’s voting power is reduced as provided in Section 5.14.4(iii).

“**1 - V_{ratio}**” is the voting power ratio for the Member Sub-Class with the **most** voting power that was calculated above in Step 1.

“**V**” is the initial voting power for the Member Sub-Class as set forth in Section 5.14.3, as adjusted under Section 5.14.4.(i).

“**V_{revised}**” is the revised voting power (with the amount reallocated added to the original voting power).

(b) The formula for calculating the reallocated voting power for the Member Sub-Class with the lower initial voting power is:

$$(A * V_{ratio}) + V = V_{revised}$$

“**A**” is the amount the Member Sub-Class’s voting power is reduced as provided in Section 5.14.4(iii).

{Section 5.14.4 continued . . . }

“**V_{ratio}**” is the ratio of the Member Sub-Class with the **least** voting power that was calculated above in Step 1.

“**V**” is the initial voting power for the Member Sub-Class as set forth in Section 5.14.3, as adjusted under Section 5.14.4.(i).

“**V_{revised}**” is the revised voting power (with the amount reallocated added to the original voting power).

(c) The formula for calculating the reduced voting power for the Member Sub-Class that failed to meet its threshold is:

$$\mathbf{V - A = V_{reduced}}$$

“**V**” is the initial voting power for the Member Sub-Class as set forth in Section 5.14.3, as adjusted under Section 5.14.4.(i).

“**A**” is the amount the Member Sub-Class’s voting power is reduced as provided in Section 5.14.4(iii).

“**V_{reduced}**” is the revised voting power (with the amount reallocated, subtracted from the original voting power).

(vi) Exhibit A illustrates the application of Section 5.14.4.

5.14.5 Tabulation of Member Votes to Approve Bylaws Amendments. The tabulation of Member votes with respect to proposed amendments of these Bylaws shall be as specified in Section 12.5.

5.14.6 Tabulation of Member Votes to Elect Members Representative Committee Members. The tabulation of Member votes with respect to electing MRC members shall be as specified in Section 6.3 and the manner of tabulating Member votes with respect to meetings to remove MRC members shall be as set forth in the applicable provisions of Section 6.6.

5.14.7 Tabulation of Other Member Votes. Any Member vote (other than votes pursuant to Sections 5.14.5 through 5.14.6 and 5.15) shall pass if a simple majority of the voting power of the Members’ votes cast favor the proposal or resolution on which they are voting. The vote by each Member Sub-Class (or Member Class without Member Sub-Classes) shall be tabulated separately and then added together to determine whether the voting power in favor is greater than fifty percent (50%) of the voting power cast. An example of how Member Class and Member Sub-Class voting power is to be calculated is set forth in ~~Exhibit A~~ Attachment C.

5.15 Advisory Member Votes Conducted by the Board of Directors. ~~5.15.1 General Member Advisory Vote Rules. Except as provided for an advisory vote on the budget below;~~ ¶ The voting rules applicable to Member advisory votes conducted by the Board of Directors shall be as specified by the Board of Directors with respect to the matter being submitted to an advisory vote. If the Board of Directors does not specify special voting rules, the voting rule and tabulation of such Member advisory votes shall be as described in Section 5.14.7.

~~5.15.2 Mandatory Member Advisory Vote on Certain Budget Proposals. If the proposed annual budget for the upcoming fiscal year referred to the Board Advisory Committee pursuant to Section 8.5.3(iv) exceeds by more than fifteen percent (15%) the lower of the previous two budget forecasts for that same fiscal year with respect to either total expenditures or total capital commitments, then the Board of Directors shall conduct a Member advisory vote on the total expenditures or total capital commitments (or both) exceeding the lower of the previous two (2) forecasts by more than fifteen percent (15%). Tabulation of such Member advisory votes shall be as described in Section 5.14.7.~~

[Drafting note: Section 5.15.2 has been deleted because it creates an additional procedural hurdle without providing significant enhancement to accountability or cost control. Section 8.4 requires the Budget Committee (which has Members as the majority) to develop budgets and future budget projections. Section 8.5.3(iv) also requires that the Board consult with the Board Advisory Committee concerning proposed budgets. The Board must include "potential budget reductions and financial controls when a proposed budget materially exceeds the expenses for the prior audited fiscal year." The Board must also "endeavor to provide the annual budget and any subsequent modification to the Board Advisory Committee and Governmental Committee at least ninety (90) days prior to any final action thereon by the Board of Directors." Furthermore, the Members have the ability under Section 5.1.3 to communicate their views to the Board of Directors through Member resolutions at any time for any reason.]

5.16 Restrictions on Transfer. No Member may transfer or assign its membership in the Corporation, or any right or interest therein, to any other Person, whether voluntarily or by operation of law, and any such attempted transfer or assignment shall be null and void and without any force or effect whatsoever; provided, however, that notwithstanding the foregoing, a Member may, with the prior consent of the Secretary of the Corporation, transfer or assign its membership in the Corporation, and all (but not less than all) of its rights and interests therein, to any Person (other than another Member or the Affiliate of another Member) that acquires all or substantially all of the assets or stock of, or all or substantially all of the partnership, limited liability company membership, or other ownership interests in, the Member. Notwithstanding any such permitted transfer or assignment, all dispute resolution proceedings and appeals that are in effect or pending as of the date of such transfer or assignment shall be followed to completion by the transferring or assigning Member and by other affected Members pursuant to these Bylaws.

5.17 Effect of Membership. A Member of the Corporation acquires no proprietary or operational interest whatsoever in facilities used in interstate transmission or wholesale sales of electric energy in interstate commerce solely as a consequence of membership in the Corporation. Membership in the Corporation shall not be construed as a grant of jurisdiction

over the Member by any state or federal agency not otherwise having such jurisdiction over the Member by law. The interpretation and enforcement of these Bylaws, including Member rights, shall be resolved exclusively according to the Bylaws Dispute Resolution Provisions of these Bylaws.

ARTICLE VI

MEMBERS REPRESENTATIVE COMMITTEE

6.1 Powers and Rights of Members Representative Committee Members. The Corporation shall have a Members Representative Committee (or "MRC"), which, subject to these Bylaws and applicable law, shall have the following rights and powers:

6.1.1 Exclusive Members Representative Committee Rights and Powers. The MRC shall have the exclusive right and power to

- (i) nominate and elect members of the Board of Directors pursuant to Section 7.2;
- (ii) remove any Director without cause pursuant to Section 7.3; and
- (iii) elect members of the Arbitration Committee pursuant to Section 6.14.

6.1.2 Nonexclusive Members Representative Committee Rights and Powers. The MRC shall have the nonexclusive right and power to

- (i) fill vacancies of the Membership Dispute Resolution Committee pursuant to Section 5.4.3;
- (ii) remove any Director for cause pursuant to Section 7.3;
- (iii) provide consultation to the Board of Directors concerning the Special Issues List as provided under Section 7.16.7(ii); and
- (iv) review and vote on a proposal under the Special Issues List, as provided in Section 7.16.7(v).

6.1.3 Management Audit Rights. The MRC may initiate a management audit to be conducted by a qualified independent entity no more frequently than once every four (4) years. The independent auditor shall be chosen and overseen by the majority vote of three (3) members of the MRC (chosen by the MRC) and three (3) members of the Board of Directors (chosen by the Directors).

6.2 Number of Members Representative Committee Members. There shall be thirty (30) members of the MRC (unless decreased pursuant to Section 6.3.3(i) or increased to thirty-one (31) pursuant to Section 6.3.2(v)(a)), elected as specified in Section 6.3. Each Member Class, as a whole, shall be entitled to elect six (6) members of the MRC (unless decreased pursuant to Section 6.3.3(i) or increased for the State and Provincial Energy Authority/Tribes/Certain Public Interest Groups Member Class pursuant to Section 6.3.2(v)(a)).

6.3 Election of Members Representative Committee Members.

6.3.1 Member Rights to Elect Members Representative Committee Members. The members of the MRC shall be elected annually by the Members to represent their Member Class or Member Sub-Class. In any election of members of the MRC, Members shall vote by Member Class or Member Sub-Class, and, **except as set forth in Section 6.3.2(i)**, each voting Member in each Member Class or Member Sub-Class shall have the same voting rights as every other Member in such Member Class or Member Sub-Class.

6.3.2 General Rule for Election of Members Representative Committee Members. In the election of members of the MRC, the voting rights of the Members shall be as set forth in Sections 6.3.2(i) through 6.3.2(v) for a Member Class or Member Sub-Class with no threshold and at least one (1) Member and a Member Class with thresholds in which each Member Sub-Class has at least the threshold number of Members specified for each Member Sub-Class in Section 5.14.2. If a Member Class or Member Sub-Class has no threshold and zero (0) Members or a Member Class has one (1) or more Member Sub-Classes with thresholds and fewer than the applicable threshold number of Members, then the voting rights shall be as set forth in Section 6.3.3.

(i) Major Transmitting Utilities Member Class. In the election of the MRC, the Members of the Major Transmitting Utilities Member Class shall be entitled to elect six (6) members of the MRC. The six (6) candidates who receive the highest number of votes from the class Members, using the allocation of voting rights among class Members set forth in Section 5.14.3(i), shall be elected. Major Transmitting Utility Member Class Members may cast their votes cumulatively when voting in an election of members of the MRC.

(a) — If the Major Transmitting Utilities Member Class has six (6) or fewer Members, then each Member of the Member Class shall be entitled to

(1) — appoint one (1) member of the MRC, and

(2) — vote for the representatives for any remaining positions allocated to the Major Transmitting Utilities Member Class.

(b) — If the Major Transmitting Utilities Member Class has more than six (6) Members, then

{Section 6.3.2 continued . . . }

~~(1) Each of the three (3) Members of the Member Class with the most transmission plant within the Geographic Area that has (or the operator of such Member's transmission plant has) executed a Transmission Agreement with the Corporation is eligible to appoint one (1) member of the MRC; provided, however, that only those transmission facilities covered by the Transmission Agreements shall be considered in the foregoing determination. Each Member Class Member's transmission plant shall be calculated according to the following formula:~~

$$\frac{((P_{\text{member}} / P_{\text{total}}) + (C_{\text{member}} / C_{\text{total}}))}{2} = T$$

~~"P_{member}" is the individual Member's original transmission plant investment (without accounting for depreciation) in U. S. dollars in transmission facilities covered by a Transmission Agreement.~~

~~"P_{total}" is the total transmission plant investment (without accounting for depreciation) in U. S. dollars in all the transmission facilities covered by Transmission Agreements.~~

~~"C_{member}" is the individual Member's transmission circuit miles of transmission facilities covered by a Transmission Agreement.~~

~~"C_{total}" is the total transmission circuit miles of all the transmission facilities covered by Transmission Agreements.~~

~~"T" is the individual Member's transmission plant for purposes of this determination.~~

~~When calculating the transmission plant investment or circuit miles of transmission of a Member, the Corporation shall include in its calculation the transmission plant investment or circuit miles of transmission of the Member's Affiliate if the Affiliate has transmission facilities within the Geographic Area and has executed a Transmission Agreement for those facilities.~~

~~(2) The remaining Members of the Member Class shall elect three (3) members of the MRC from a slate of nominees comprising a maximum of one (1) representative of each of the remaining Members.~~

(ii) Transmission-Dependent Utilities Member Class. In the election of members of the MRC, the voting rights of the Members in the Transmission-Dependent Utilities Member Class shall be as follows:

{Section 6.3.2 continued . . . }

(a) three (3) members of the MRC shall be representatives of, and shall be elected by, the Members in the Transmission-Dependent Utilities Member Class that are Large TDUs, and such Large TDUs shall be entitled to nominate and vote in the election of such three (3) members of the MRC; Members that are Large TDUs may cast their votes cumulatively when voting in an election of members of the MRC, but shall not be entitled to nominate or vote in the election of any other members of the MRC; and

(b) three (3) members of the MRC shall be representatives of, and shall be elected by, the Members in the Transmission-Dependent Utilities Member Class that are Small TDUs, and such Small TDUs shall be entitled to nominate and vote in the election of such three (3) members of the MRC; Members that are Small TDUs may cast their votes cumulatively when voting in an election of members of the MRC, but shall not be entitled to nominate or vote in the election of any other members of the MRC.

(iii) Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class. In the election of members of the MRC, the voting rights of the Members in the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class shall be as follows:

(a) four (4) members of the MRC shall be representatives of, and shall be elected by, the Members of the Generators Member Sub-Class of the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class, and such Members shall be entitled to nominate and vote in the election of such four (4) members of the MRC, but shall not (except as provided in Section 6.3.3(iv)) be entitled to nominate or vote in the election of any other members of the MRC;

(b) one (1) member of the MRC shall be a representative of, and shall be elected by, the Members of the Large Generating End-Use Consumers Member Sub-Class of the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class, and such Members shall be entitled to nominate and vote in the election of such member of the MRC, but shall not be entitled to nominate or vote in the election of any other members of the MRC; and

(c) one (1) member of the MRC shall be a representative of, and shall be elected by, the Members of the Power Marketers and Others Member Sub-Class of the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class, and such Members shall be entitled to nominate and vote in the election of such member of the MRC, but shall not be entitled to nominate or vote in the election of any other members of the MRC.

{Section 6.3.2 continued . . . }

(iv) End-Use Consumers Member Class. In the election of members of the MRC, the voting rights of the Members of the End-Use Consumers Member Class shall be as follows:

(a) two (2) members of the MRC shall be representatives of, and shall be elected by, Large Unbundled End-Use Consumers. Members that are Large Unbundled End-Use Consumers shall be entitled to nominate and vote in the election of such members of the MRC in accordance with the foregoing rights, but shall not be entitled to nominate or vote in the election of any other members of the MRC;

(b) one (1) member of the MRC shall be the representative of, and shall be elected by, Large Bundled End-Use Consumers. Members that are Large Bundled End-Use Consumers shall be entitled to nominate and vote in the election of such members of the MRC in accordance with the foregoing rights, but shall not be entitled to nominate or vote in the election of any other members of the MRC; and

(c) three (3) members of the MRC shall be representatives of, and shall be elected by, Consumer Advocates. Members that are Consumer Advocates shall be entitled to nominate and vote in the election of such members of the MRC in accordance with the foregoing rights, but shall not be entitled to nominate or vote in the election of any other members of the MRC.

(v) State and Provincial Energy Authority/Tribes/Certain Public Interest Groups Member Class. In the election of members of the MRC, the voting rights of the Members of the State and Provincial Energy Authority/Tribes/Certain Public Interest Groups Member Class shall be as follows; provided, however, that *ex officio* Members of the State and Provincial Energy Authority Member Sub-Class may neither vote nor serve as representatives to the MRC:

(a) four (4) members of the MRC shall be representatives of, and shall be elected by, State and Provincial Energy Authorities; provided, however, if the State and Provincial Authority Member Sub-Class has five (5) or more Members, it shall elect five (5) members of the MRC. Members that are State or Provincial Energy Authorities shall be entitled to nominate and vote in the election of such members of the MRC, but shall not be entitled to nominate or vote in the election of any other members of the MRC;

(b) one (1) member of the MRC shall be the representative of, and shall be elected by, Tribes. Members that are Tribes shall be entitled to nominate and vote in the election of such member of the MRC, but shall not be entitled to nominate or vote in the election of any other members of the MRC; and

{Section 6.3.2 continued . . . }

(c) one (1) member of the MRC shall be the representative of, and shall be elected by, Certain Public Interest Groups. Members that are Certain Public Interest Groups shall be entitled to nominate and vote in the election of such member of the MRC, but shall not be entitled to nominate or vote in the election of any other members of the MRC.

6.3.3 Special Rules for Election of Members Representative Committee Members when Thresholds Not Met or Zero Members. If a Member Class or Member Sub-Class has no threshold and zero (0) Members or a Member Class has one (1) or more Member Sub-Classes with thresholds and fewer than the applicable threshold number of Members (as specified in Section 5.14.2), then the voting rights shall be as set forth in this Section 6.3.3.

(i) If a Member Class has zero (0) Members (whether or not there is a threshold for that Member Class), then the Member Class shall not be entitled to elect any MRC members and the total number of members of the MRC shall be reduced by six (6) for every Member Class that has zero (0) Members.

(ii) If a Member Sub-Class has no threshold and zero (0) Members, then the Member Sub-Class shall not be entitled to elect any MRC members.

(iii) If a Member Sub-Class has a threshold and does not meet that threshold, then the Member Sub-Class shall elect a number of representatives to the MRC according to the following formula:

$$\left(\frac{\mathbf{M}}{\mathbf{T}}\right) * \mathbf{R} = \mathbf{R}_{\text{revised}}$$

The numerator “**M**” is the number of Members in the Member Sub-Class.

The denominator “**T**” is the threshold for the Member Sub-Class.

The variable “**R**” is the number of MRC representatives assigned to the Member Sub-Class in Section 6.3.2.

The result “**R_{revised}**” is rounded to the next highest whole number if the first digit following the decimal is five (5) or greater, or rounded to the next lower whole number (including zero (0)) if the first digit following the decimal is less than five (5) and represents the number of MRC representatives the Member Sub-Class may elect.

{Section 6.3.3 continued . . . }

By way of illustration, if a Member Sub-Class is entitled to elect five (5) MRC representatives upon meeting its threshold of five (5) Members, but there are only four (4) Members in the Member Sub-Class, then the Member Sub-Class elects four (4) MRC representatives, as shown by the following calculation:

$$\left(\frac{4}{5}\right) * 5 = 4$$

By way of further illustration, if a Member Sub-Class has no Members, it will have no MRC representative elected only to represent the interest of that Member Sub-Class, as shown by the following calculation:

$$\left(\frac{0}{5}\right) * 5 = 0$$

(iv) If, by operation of Section 6.3.3(ii) or Section 6.3.3(iii), a Member Sub-Class has elected fewer than the maximum number of MRC representatives that it would otherwise have been entitled to elect in accordance with Section 6.3.2, then the Member Class as a whole shall elect the remaining MRC representatives necessary to reach the number of MRC representatives provided for that Member Class in Section 6.2, provided, however, that if the affected Member Class is the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class, then, at any time that the number of Members of the Generators Member Sub-Class is greater than or equal to one, the Generators Member Sub-Class alone shall elect a sufficient number of additional MRC representatives to bring the total number of MRC representatives of the Generators, Power Marketers, Large Generating End-Use Consumers, and Others Member Class to six (6).

6.3.4 Notice of Members Representative Committee Election Meetings. Except for notice of the first biannual meeting of Members under these Bylaws, which shall be given on _____, 2006. ~~Notice~~ Notice of any meeting for the election of one (1) or more MRC members shall be sent (to those Members eligible to vote in that election of MRC members) not less than thirty (30) and not more than fifty (50) days prior to the date of the meeting, in accordance with the provisions of Section 5.10. Any Member in any Member Class wishing to nominate any individual for consideration in any such election shall be required to submit the name of such nominee (along with a statement of qualifications, not exceeding two (2) pages in length in any instance, for each nominee) to the Secretary of the Corporation within ten (10) days of the meeting notice date. The Secretary of the Corporation shall, immediately after expiration of such nomination deadline, notify the Members eligible to vote for a given nominee of the names of the nominees for members of the MRC and distribute to each such Member a copy of the statement of qualifications of each such nominee.

6.3.5 Vote to Elect Members Representative Committee Members. The members of the MRC shall be elected by the affirmative vote, by Member Class (or Member Sub-Class, as the case may be), of the Members present and entitled to vote in the applicable Member Class (or Member Sub-Class, as the case may be) at a duly held meeting of such Members. Subject to Section 6.3.2, in any election of members of the MRC,

(i) each Member in each Member Class (or Member Sub-Class, as the case may be) shall be entitled to a number of votes equal to the number of MRC vacancies to be filled by such Member's Member Class (or Member Sub-Class, as the case may be) in such election (except as otherwise provided with respect to the Major Transmitting Utility Member Class in Section 6.3.2(i));

(ii) each Member in each Member Class (or Member Sub-Class, as the case may be) shall be entitled to vote for any nominee for election as a representative of such Member Class (or Member Sub-Class, as the case may be) on the MRC; and

(iii) no Member may cast more than one (1) vote for any given nominee (except as otherwise provided with respect to the Major Transmitting Utility Member Class in Section 6.3.2(i) and the Transmission-Dependent Utilities Member Class in Section 6.3.2(ii)).

The nominees of each Member Class or Member Sub-Class shall be ranked according to the number of votes received by each, and the number of nominees who receive the largest number of votes in such Member Class or Member Sub-Class, up to the number of nominees as is equal to the number of MRC vacancies to be filled by such Member Class or Member Sub-Class, as the case may be, in such election, shall be elected to fill such MRC vacancies. If one (1) or more MRC vacancies cannot be filled because two (2) or more nominees receive the same number of votes, a runoff election shall be held among the tied nominees for each such vacancy. In such runoff election, each Member in the Member Class or Member Sub-Class may cast one (1) vote for one (1) of the tied nominees for each such vacancy. The nominee who receives the largest number of votes shall be elected to fill such MRC vacancy. Immediately following any election of MRC members, the Secretary of the Corporation shall provide official notice of the results of such election to the Members.

6.4 Procedures in Election of Members Representative Committee Members.

~~6.4.1—Initial Operational Stage Members Representative Committee.—The MRC immediately before the Developmental Board of the first biannual meeting of the Members following the adoption of these Operational Bylaws.~~

~~6.4.2—Member Participation in Members Representative Committee Nominations and Elections.—~~ The Board of Directors shall develop such procedures as ~~they~~ it deems reasonable and necessary to ensure that the Members in each Member Class are aware of their right to participate in the nomination and election of MRC members. Unless otherwise

specified herein, the Secretary of the Corporation shall determine the appropriate mechanisms and election procedures for elections of MRC members, based on time constraints and other relevant factors. Elections may be held by written ballot at a meeting, votes cast at a meeting, or such other procedures as the Secretary of the Corporation designates.

6.5 Term of Office of Members Representative Committee Members. The term of office for the first group of MRC members elected under these Bylaws shall be from the date of their election until the subsequent biannual meeting of Members held in compliance with the information delivery requirements of Section 5.9.1. Thereafter, the term of office of MRC members shall be one (1) year. Except for the first group of MRC members to be elected under these Bylaws, the MRC shall be elected at each biannual meeting of Members held in compliance with the information delivery requirements of Section 5.9.1. All MRC members may serve an unlimited number of terms.

6.6 Resignation or Removal of Members Representative Committee Members; Vacancies. A resignation of an MRC member shall be effective upon receipt of written notice by the chairperson of the MRC, or the President or the Secretary of the Corporation, unless the notice specifies a later time of effectiveness. A Member Class or Member Sub-Class may remove any MRC member whom it has elected at any time, with or without cause, by the affirmative vote of a majority of the Members present and entitled to vote in such Member Class (or Member Sub-Class, as the case may be) at a duly held meeting of the Members of such Member Class (or Member Sub-Class, as the case may be). The MRC may remove any MRC member at any time, but only for cause, if at least twenty (20) of the MRC members vote in favor of such removal, at least four (4) of whom must be representatives of the same Member Class as the MRC member who is the subject of the removal vote. If a vacancy occurs, the Members entitled under these Bylaws to elect such MRC member shall fill the vacancy in accordance with the provisions of Section 6.3 at a duly held meeting called in accordance with Section 5.10; provided, however, that a meeting of only the Member Class or Member Sub-Class is required for any election or removal in which only a Member Class or Member Sub-Class is entitled to vote. A MRC member so elected shall serve for the unexpired term of his or her predecessor. For purposes of this Section 6.6, "for cause" shall include, without limitation, a failure on the part of any MRC member, in any fiscal year, to attend more than one-half (1/2) of the meetings of the MRC held during such year.

6.7 Meetings of the Members Representative Committee.

6.7.1 Election of Members Representative Committee Officers. At its first meeting in each fiscal year, the MRC shall elect officers, including a chairperson of the MRC to preside over meetings.

6.7.2 Regular and Special Members Representative Committee Meetings. Regularly scheduled or special meetings shall be held at such times as shall from time to time be fixed by the chairperson of the MRC. Special meetings of the MRC for any purpose or purposes permitted by these Bylaws may be called at any time by the chairperson of the MRC or by any ten (10) MRC members.

6.7.3 Permitted Means of Members Representative Committee Meeting Participation. Members of the MRC may participate in a meeting through the use of conference telephone, electronic video screen communication, or similar communications equipment, so long as all MRC members participating in such meeting can hear one another at the same time. Participation in a meeting pursuant to this Section 6.7.3 shall constitute presence in person at such meeting.

6.7.4 Members Representative Committee Action by Consent ~~in Writing~~. The MRC may, subject to any applicable law, take any action without a meeting, if a consent in writing the form of a record, setting forth the action so taken, shall be signed by all of the MRC members then in office.

6.7.5 Members Representative Committee Meeting Minutes. The Secretary of the Corporation shall maintain minutes of each meeting of the MRC or subcommittee thereof, and each ~~written~~ consent of the MRC or any subcommittee thereof.

6.8 Notice of Members Representative Committee Meetings. Notice of regularly scheduled and special meetings shall be given to the MRC members not less than fifteen (15) days prior to the meeting if delivered by first-class mail or not less than ten (10) days prior to the meeting if the notice is delivered personally, by telephone, by facsimile, or by electronic mail; provided, however, that notice of special meetings shall not be sent by electronic mail.

6.9 Open Meetings of Members Representative Committee. All MRC meetings shall be open; provided, however, meetings of the MRC to nominate, discuss, or select Directors shall be closed in order to facilitate participation by the broadest and most diverse array of qualified candidates in the Directors selection process and to protect the confidentiality of information relating to actual or potential candidates for election to the Board of Directors.

6.10 Waivers of Members Representative Committee Meeting Notice. The notice requirements contained in these Bylaws may be waived in writing by any MRC member with respect to himself or herself, either before or after the meeting. The attendance by any MRC member at a meeting shall constitute a waiver of notice of such meeting except where such MRC member attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. All waivers shall be made part of the minutes of the meetings.

6.11 Quorum of Members Representative Committee Members. A quorum for any meeting of the MRC shall be a majority of the MRC members then in office. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of MRC members, if any action taken is approved by the required number of MRC members, as specified in these Bylaws. A majority of the MRC members then present, whether or not constituting a quorum, may adjourn any meeting to another time and place.

6.12 Voting of Members Representative Committee Members. Except where a greater vote is required by these Bylaws, the affirmative vote of a majority of the MRC members then in office shall be the act of the MRC. Each voting MRC member shall have one (1) vote. MRC

members may not vote by proxy, and shall not be required to vote by class. When voting on matters coming before the MRC, each MRC member shall take into consideration the interests of the Member Class, the interests of the Members that appointed or elected the representatives, and the purposes of the Corporation as set forth in Article III and thereafter make a decision that each MRC member believes in his or her discretion is appropriate. In addition, when selecting individuals for the Board of Directors, each MRC member shall endeavor to select individuals who, in the judgment of each such MRC member, best satisfy the criteria set forth in Section 7.2.2.

6.13 Subcommittees of Members Representative Committee. The MRC may designate one (1) or more subcommittees to assist the MRC in carrying out its functions under these Bylaws, each consisting of seven (7) or more MRC members, to serve at the pleasure of the MRC. Appointments to such subcommittees shall be made annually by a two-thirds (2/3) vote of the MRC members then in office. Each subcommittee shall have such authority of the MRC as is delegated by resolution of the MRC, except that no subcommittee, regardless of the MRC resolution, may elect, appoint, or remove any member of such subcommittee, any member of the MRC, or any Director.

6.14 Arbitration Committee. The MRC shall elect annually the members of a committee called the Arbitration Committee. The Arbitration Committee shall monitor and oversee compliance with the provisions of Article XIII (Alternative Dispute Resolution), as well as carry out any other functions designated for it in Article XIII or in any other documents of the Corporation. The Arbitration Committee shall consist of three (3) members, who may serve an unlimited number of terms. The MRC shall endeavor, over the course of continuing Arbitration Committee terms, to provide for representation on the Arbitration Committee that is balanced and reflects the Member Classes and stakeholder interests affected by the Corporation's activities. The Arbitration Committee has the authority to establish such rules and procedures as may be necessary to supplement the arbitration procedures set forth in these Bylaws.

ARTICLE VII

BOARD OF DIRECTORS

7.1 Board of Directors.

7.1.1 Authorities ~~of and Transition to~~ Board of Directors. The Board of Directors shall have the full authorities allowed by law, except as otherwise specified in the Articles of Incorporation or the Bylaws. All powers and activities of the Corporation shall be exercised and managed by the Board of Directors or, if delegated, under the ultimate direction of the Board of Directors.

[Drafting note: The preceding sentences used to be in subsections (i) and (ii) but were moved up to the main text of 7.1.1 for clarity.]

{Section 7.1.1 continued . . . }

(i) Without in any way limiting the foregoing, the Board of Directors shall have the power to borrow funds, establish and exercise lines of credit, and engage in all other financial transactions necessary and useful in carrying out the purposes of the Corporation.

(ii) Without in any way limiting the foregoing, any and all proposed amendments or modifications to any tariff of the Corporation shall be required to be submitted to the Board of Directors for consideration and approval and, except as otherwise provided by applicable law, the effectiveness of any such amendment or modification shall be subject to approval by the Board of Directors.

(iii) The ~~Developmental Board of Trustees~~ Interim Board as defined in Article IV shall serve ~~as a caretaker board of trustees under these Bylaws~~ until the election of the Board of Directors. The election of the Board of Directors shall occur as soon as practical after the adoption of these Bylaws. ~~The Developmental Board of Trustees may not offer transmission and related services.~~ [Drafting note: The preceding sentence has been stricken because the issue is now covered in Article IV.]

(iv) ~~The Operational Board of Trustees may not offer transmission and related services until such time as~~ To enable the Corporation to provide transmission services as soon as reasonably feasible, the Board of Directors shall work diligently to promptly complete the negotiation and execution of Transmission Agreements with transmission owners and operators that are parties (other than those identified as “Terminating TOs”) to Amendment No. 2 of the Funding Agreement dated as of 2005 (and any additional transmission owners and operators that become parties to a subsequent amendment to that funding agreement).

(v) The Corporation may offer transmission and related services when the Board of Directors has determined that

(a) ~~the Bonneville Power Administration’s~~ there are sufficient executed Transmission Agreements to enable the Corporation to begin to offer transmission and related services consistent with the provisions of Section 3.1 and any contingencies and those contingencies of at least two (2) investor-owned utilities with transmission systems contiguous with Bonneville’s system related to execution of contained in the executed Transmission Agreements with the Corporation have been waived or satisfied;

(b) any necessary ~~state~~ regulatory reviews or approvals have been received; and

{Section 7.1.1 continued . . . }

(c) FERC has issued an order holding (without conditions or required changes) that the governance structure set forth in these Bylaws allows the Corporation to satisfy the independence requirements of FERC Order No. 2000 and its amendments;~~and~~

~~(d) — any other FERC review or approval sought by the Corporation, the Bonneville Power Administration, or the investor-owned utilities with transmission systems contiguous with the Bonneville Power Administration's system related to Transmission Agreements have been received and accepted by the applicant.~~

~~(vi) The Corporation may engage in activities related to transmission services that do not require executed Transmission Agreements so long as the Interim Board or the Board of Directors has determined that the activities will accelerate or improve the Corporation's implementation of the Grid West Basic Features consistent with the provisions of Section 3.1.~~

7.1.2 Number and Classification.

(i) ~~There shall be nine (9)~~The Board of Directors shall consist of five (5) members elected in accordance with the provisions of Section 7.2.3; provided, however, that at any time after the Board of Directors has made the determination described in Section 7.1.1(v)(a), the size of the Board of Directors may be increased from five (5) members to seven (7) or nine (9) members (but not to six (6) or eight (8)) by an ordinary vote under Section 7.9.1. The additional Board members shall be elected by the MRC in accordance with the provision of Section 7.2.3 of the Operational Board of Trustees. Absent a resignation or removal, Directors shall serve for the duration of their terms in accordance with these Bylaws and until their successors are elected. A Director elected to fill a vacancy mid-term shall serve for the remainder of the term of the Director being replaced and until a successor is elected.

[Drafting note: The language in Section 7.1.2 does not permit the Board to decrease its size back to five or seven once it has been increased to seven or nine. The bylaws work group recognized that, under Section 7.3, Board members have the power to remove each other from office only for cause. The bylaws work group was concerned that if the Board had the power to decrease its own size, this power could function as a back-door "ouster" mechanism, when it should be up to the MRC to decide if a Board member should have to leave office (without cause) before the end of his or her term. The consequence of giving the Board the power to increase its size but not decrease its size is that once the Board size has been increased, it would take a bylaws amendment (which requires Member approval) to subsequently decrease the size of the Board.]

{Section 7.1.1 continued . . . }

(ii) Except as provided in Section 7.1.2(iii) and 7.1.2(iv), ~~the~~ members of the Board of Directors shall be divided into three (3) groups, two (2) of which shall have of three (3) two (2) members each and one (1) of which shall have one (1) member. ~~Three (3) Two (2) of the initial Director positions shall be for two- (2-) year terms, three (3) two (2) of the initial Director positions shall be for three- (3-) year terms, and three (3) one (1) of the initial Director positions shall be for a four- (4-) year terms. If any members of the initial Operational Board of Trustees are former members of the Developmental Board of Trustees as provided in Section 7.2.3, those Trustees shall be included in the group of Trustees whose initial term is for two (2) years.~~ After the expiration of the initial terms, all Director positions shall carry three- (3-) year terms. ~~Subject to the requirement to include former members of the Developmental Board of Trustees in the group of Trustees whose initial term is for two (2) years,~~ ~~the~~ MRC shall determine the term each initial Director serves.

(iii) During any time that the size of the Board of Directors has been set at seven (7), the members of the Board of Directors shall be divided into three (3) groups, two (2) of which shall have two (2) members and one (1) of which shall have three (3) members. The two (2) additional Directors that are elected to increase the size of the Board of Directors from five (5) to seven (7) shall be assigned to the group that formerly consisted of a single Director.

(iv) During any time that the size of the Board of Directors has been set at nine (9), the members of the Board of Directors shall be divided into three (3) groups, each of which shall have three (3) members.

7.2 Establishment of Board of Directors.

7.2.1 Executive Search Firm. Except with respect to the election of the initial Board of Directors under these Bylaws (which is addressed in Section 4.3(iii)), ~~For purposes of identifying suitable nominees for election to the Board of Directors,~~ the Board of Directors shall select and retain one (1) of the following executive search firms to identify qualified suitable candidates, ~~Board of Directors candidates satisfying who meet the Director qualification the~~ requirements of these Bylaws, as potential nominees for election to the Board of Directors:

- (i) Heidrick & Struggles International;
- (ii) Korn/Ferry International;
- (iii) Russell Reynolds Associates; or
- (iv) any successor or any other executive search firm that possesses broad and long-standing experience in searches for members of the boards of directors or trustees of entities across a broad range of industries.

7.2.2 Identification and Nomination of Suitable Candidates.

(i) Before each election of Directors under these Bylaws, the executive search firm selected by the Board of Directors under Section 7.2.1 (or ratified by the Interim Board under Section 4.3(iii)) shall develop a slate of qualified candidates. The Board of Directors (or the Interim Board) in consultation with the MRC may direct the firm to provide a specific number of candidates, with the minimum to be equal to the number of vacancies plus one (1) and the maximum to be twice the number of vacancies to be filled in such election. Directors and MRC members may submit the names of proposed candidates to the executive search firm for consideration. Members of the Corporation may also submit the names of proposed candidates to the chairperson of the MRC, who shall forward those names to the executive search firm. Unless a Director has given notice to the Secretary of the Corporation that he or she does not wish to be considered for re-election, any Director whose term is expiring as of an upcoming election shall be automatically included among the candidates to be considered by the MRC for nomination.

(ii) At least half of any slate of qualified candidates identified by the executive search firm for the initial round of any election of Directors shall consist of individuals with significant experience with the electric utility industry in the Geographic Area. The slate of qualified candidates identified by the executive search firm also should include individuals possessing, collectively, ~~knowledge of the operational characteristics of the Pacific Northwest power system and~~ executive management experience or board experience with electric utilities and personal abilities and qualities, such as integrity, leadership, problem-solving, facilitation, and consensus-building. The search firm shall also endeavor to include individuals with relevant experience in commodities markets (including commodities trading risk management), electric bulk power transmission in the Western Interconnection, utilities law, finance, economics, accounting, information technology, engineering, regulation, and public policy; and to achieve racial, ethnic, age, and gender diversity. In screening potential candidates the executive search firm shall be instructed to exclude any candidate likely to have a conflict of interest with the duties of a Director. The executive search firm shall also be instructed to obtain appropriate disclosures by candidates (covering themselves and Related Persons to such candidates) regarding financial interests in or other potential conflicts of interest with Market Participants, Members, and major contractors of the Corporation. Such disclosures shall also include any such financial interests or other potential conflicts of interest known by the candidates with respect to other family relations of the candidates. The disclosures of qualified candidates shall be made available on a confidential basis to the MRC upon its election.

(iii) The MRC shall nominate candidates to stand for election from the slate of qualified candidates presented by the executive search firm, together with any sitting Directors the MRC wishes to nominate for re-election as provided in Section 7.2.2(i). The MRC may designate any nominee to run unopposed if the proposal to so designate the nominee receives the affirmative vote of not less than twenty (20) MRC members.

~~7.2.3 Election of Developmental Trustees for Initial Operational Board.~~
Notwithstanding Section 7.2.4, the MRC shall elect two (2) Trustees from the Developmental Board of Trustees to be Trustees on the initial Operational Board of Trustees.

~~(i) — If only one (1) or two (2) Trustees from the Developmental Board of Trustees are willing to serve on the Operational Board of Trustees, those Trustees shall be deemed to have been elected to the Operational Board of Trustees and are not required to stand for election.~~

~~(ii) — If three (3) or more Trustees from the Developmental Board of Trustees are willing to serve on the Operational Board of Trustees, they shall all stand for election. The two (2) Developmental Board Trustees with the greatest number of votes shall serve as the Trustees of the Operational Board of Trustees.~~

~~(iii) — The MRC shall also elect, according to the procedures set forth in Section 7.2, seven (7) or more additional Trustees so that a total of nine (9) Trustees are elected for the Operational Board of Trustees.~~

7.2.3 Election of Board of Directors.

(i) The members of the Board of Directors shall be elected by the members of the MRC, in accordance with the provisions of this Article VII.

~~(ii) Except as otherwise provided for the initial Operational Board of Trustees in Section 7.2.3, e~~Each member of the Board of Directors, including nominees designated by the MRC to run unopposed, shall be elected by the affirmative vote of not fewer than twenty (20) members of the MRC unless there is a need for runoff elections as specified in Section 7.2.3(iii). In any election of Directors, each member of the MRC shall be entitled

(a) to a number of votes equal to the number of vacancies to be filled in the election; and

(b) to vote for any nominee for Director.

Each MRC member shall be required to vote for as many nominees as there are vacancies to be filled in the election; provided, however, that no member of the MRC

(1) may cast more than one (1) vote for any given nominee;

(2) may vote for any number of nominees in excess of the number of Board vacancies to be filled in such election; or

{Section 7.2.3 continued . . . }

(3) is required to vote for an unopposed nominee for whom the Member did not vote affirmatively to nominate.

Except with respect to the vote on a nominee designated to run unopposed by a Member that did not support the nomination, if any member of the MRC fails, in any election of Directors, to cast each and all of the votes that such MRC member is entitled to cast, each vote that such MRC member has failed to cast shall be allocated at random, one by one, to another MRC member and cast by such MRC member in favor of a nominee of such member's choice for Director in such election. Except as permitted in connection with runoff elections as specified in Section 7.2.3(iii), the Directors-elect shall comprise only those nominees receiving the highest vote (but not in any event fewer than twenty (20) votes) of the MRC members, up to such number of nominees as is equal to the number of Board vacancies to be filled in such election. If a vacancy cannot be filled because two (2) or more nominees receiving at least twenty (20) votes receive the same number of votes, a runoff election shall be held among such nominees and shall be repeated until the tie is broken. At any time during the identification of candidates for nomination or during the process of electing Directors, the MRC may request that the executive search firm undertake a further search for additional candidates for any vacant position(s).

(iii) (a) If fewer than the requisite number of nominees receive twenty (20) or more votes in an election of Directors, a first-round runoff election shall be held among the nominees receiving fewer than twenty (20) votes. The minimum number of MRC votes required to elect a Director in a first-round runoff election shall be twenty (20). The number of nominees for which the MRC may vote in a first-round runoff election (including supplemental nominees selected from any additional candidates requested from the executive search firm) may not exceed two (2) times the number of vacancies remaining after accounting for those nominees who received receive twenty (20) or more votes in the initial MRC vote. The number of nominees standing for election in a first-round runoff election shall be reduced, if necessary to comply with the preceding sentence, by removing from the first-round runoff election those nominees who receive the fewest votes in the initial MRC vote.

(b) If fewer than the requisite number of nominees receive twenty (20) or more votes in the first-round runoff election, a second-round runoff election shall be held among the nominees receiving fewer than twenty (20) votes. The minimum number of MRC votes required to elect a Director in a second-round runoff election shall be twenty (20). The number of nominees for which the MRC may vote in a second-round runoff election (including supplemental nominees selected from any additional candidates requested from the executive search firm) may not exceed two (2) times the number of vacancies remaining after accounting for those nominees who receive twenty (20) or more votes in the first-round runoff election. The number of nominees standing for election in a

{Section 7.2.3 continued . . . }

second-round runoff election shall be reduced, if necessary to comply with the preceding sentence, by removing from further consideration those nominees who received the fewest votes in the first-round runoff election.

(c) If fewer than the requisite number of nominees receive twenty (20) or more votes in the second-round runoff election, there shall be a third-round runoff election to fill any remaining vacancies, and the minimum number of MRC votes required to elect a Director in a third-round runoff election shall be sixteen (16). The number of nominees for which the MRC may vote in a third-round runoff election (including supplemental nominees selected from any additional candidates requested from the executive search firm) may not exceed two (2) times the number of vacancies remaining after accounting for those nominees who receive twenty (20) or more votes in the second-round runoff election. The number of nominees standing for election in a third-round runoff election shall be reduced, if necessary to comply with the preceding sentence, by removing from the third-round runoff election those nominees who receive the fewest votes in the second-round runoff election. If there are any vacancies remaining to be filled after a third-round runoff election, those vacancies shall be filled by the nominees who received the greatest number of votes in the third-round runoff election. The MRC chairperson shall draw lots to break any ties as necessary to carry out the provisions of Section 7.2.3 and its subsections.

(iv) Immediately upon completion of the election of Directors, the Secretary of the Corporation shall provide official notice of the results of such election to the members of the MRC and the Members. Unless otherwise specified herein, the MRC shall determine the appropriate mechanisms and election procedures for elections of Directors, based on time constraints and other relevant factors. Elections may be held by written ballot at a meeting, votes cast at a meeting, or such other procedures as the MRC designates.

7.3 Resignation or Removal of Directors; Vacancies. A Director may resign from the Board of Directors by providing written notice to the chairperson of the Board of Directors or the President or the Secretary of the Corporation. A resignation of a Director shall be effective upon election of the resigning Director's replacement, unless the notice or the Board of Directors specifies an earlier time of effectiveness. The members of the MRC may remove any Director at any time, with or without cause, by the affirmative vote of not fewer than twenty (20) of the members of the MRC present at a duly held meeting of the MRC. The Board of Directors may remove any Director at any time, but only for cause, if at least two-thirds (2/3) of the Directors then in office vote in favor of such removal. If a vacancy occurs, the members of the MRC shall elect a replacement Director to fill the vacancy in accordance with the provisions of Section 7.2.4. A Director so elected shall serve for the unexpired term of his or her predecessor. For purposes of this Section 7.3, "for cause" shall include, without limitation, a Director's willful misconduct or conviction of a felony, violation by a Director of the conflict-of-interest or disqualification provisions of these Bylaws, or a failure on the part of a Director, in any fiscal

year, to attend more than one-half (1/2) of the meetings of the Board of Directors held during such year.

7.4 Meetings of the Board of Directors.

7.4.1 Quorum of Board of Directors. A meeting is a gathering (in person or otherwise as permitted in this Article VII) of at least a quorum of Directors as set forth in Section 7.8, provided, however, that the presence of a number of Directors constituting a quorum in one place or at one event does not constitute a meeting if there is no deliberation or action taken regarding the Corporation's business. A quorum of Directors may not take action (except by ~~written~~ consent as provided below) or deliberate regarding the Corporation's business except at a meeting and in compliance with procedural rules in this Article VII.

7.4.2 Scheduled Meetings of Board of Directors. The Board of Directors shall meet at least six (6) times each fiscal year at such dates, times, and places within the Geographic Area as the Board of Directors shall determine; provided, however, that the initial Board of Directors shall have its first meeting within thirty (30) days following its election. At the first meeting in the first quarter of each fiscal year, the Board of Directors shall elect officers and elect a chairperson of the Board of Directors to preside over meetings. The regularly scheduled meetings of the Board of Directors shall be established for each fiscal year in advance.

7.4.3 Regular and Special Meetings of Board of Directors. In addition to the regular meetings of the Board of Directors, additional regularly scheduled or special meetings shall be held at such times as shall from time to time be fixed by the chairperson of the Board of Directors. Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the President of the Corporation or by any two (2) Directors.

7.4.4 Permitted Means of Director Meeting Participation. Directors may participate in a meeting through the use of conference telephone, electronic video screen communication, or similar communications equipment, so long as all Directors participating in such meeting can hear one another at the same time and arrangements are made to afford the public an opportunity to attend and observe any such meeting (with the exception of closed sessions held pursuant to Section 7.6). Participation in a meeting pursuant to this Section 7.4.4 shall constitute presence in person at such meeting.

7.4.5 Board of Directors Action by Consent ~~in Writing~~. The Board of Directors may, subject to any applicable law, take any action without a meeting, if a consent ~~in writing~~ in the form of a record, setting forth the action so taken, is signed by all of the Directors then in office.

7.4.6 Board of Directors Meeting Minutes. The Secretary of the Corporation shall make public the minutes of each meeting of the Board of Directors or committee thereof (with the exception of closed sessions held pursuant to Section 7.6), and each ~~written~~ consent of the Board of Directors or any committee thereof, by posting the same on the Grid West Website and at the offices of the Corporation, or by any other reasonable means, within fifteen (15) days after the date on which the meeting was held or the ~~signing of the~~ consent was completed.

7.5 Notice of Board of Directors Meetings.

7.5.1 Notice Requirements of Regular and Special Board of Directors Meetings.

Notice of regularly scheduled and special meetings shall be given to the Directors not fewer than ten (10) days prior to the meeting if delivered by first-class mail or not fewer than five (5) days prior to the meeting if the notice is delivered personally, by telephone, by facsimile or by electronic mail; provided, however, that notice of special meetings shall not be effective if sent solely by electronic mail.

7.5.2 Public Notice of Meetings; Closed Sessions of the Board of Directors.

Public notice of each meeting of the Board of Directors (including meetings to be held in whole or in part in closed session pursuant to Section 7.6) shall be placed on the Grid West Website and posted at the offices of the Corporation at least ten (10) days prior to the meeting (or the soonest date practicable thereafter) if notice of such meeting has been delivered to the Directors by first-class mail and at least five (5) days prior to the meeting (or the soonest date practicable thereafter) if notice of such meeting has been delivered to the Directors personally, by telephone, by facsimile, or by electronic mail. Public notice of any adjournment and reconvening of any such meeting shall be placed on the Grid West Website and posted at the offices of the Corporation as soon as practicable after any such adjournment. Each such notice shall include an agenda that makes it clear which items are for purposes of discussion, which items are for purposes of taking action, and, to the extent practicable, which items are to be considered in a closed session; provided, however, that the failure of any item to be included on any such agenda shall not prevent action from being taken thereon at any meeting. If any changes are made to any such agenda prior to the meeting to which the agenda relates, the Secretary of the Corporation shall make reasonable efforts to provide public notice of any such changes as soon as practicable in advance of the meeting. In addition, notice of each meeting shall be sent by the Secretary of the Corporation, by first-class mail, telegram (charges prepaid), facsimile, or electronic mail, to each Member who so requests, each member of the MRC, and to each member of the public who so requests and who has provided the Secretary of the Corporation with complete information regarding such person's name and address; provided, however, that the failure of any such Member, member of the MRC, or member of the public to receive notice of any meeting of the Board of Directors shall not under any circumstances affect the validity of such meeting or any action taken at such meeting. In the event of any emergency meeting of the Board of Directors, the notice requirements of this Section 7.5.2 shall be suspended and the Secretary of the Corporation shall use whatever efforts the Secretary of the Corporation, in his or her sole discretion, deems reasonable, in light of all the facts and circumstances, to inform the Members and the public regarding the meeting and the matters scheduled to be considered at the meeting.

7.6 Open Board of Directors Meetings. Meetings of the Board of Directors held pursuant to this Article VII shall generally be open to any and all Members and any and all members of the public, and except as provided below, any member of the public shall be entitled to attend and observe the proceedings of any regular or special meeting of the Board of Directors. Subject to such procedural restrictions as may be reasonably imposed by the Board of Directors, Members shall have the right to address the Board of Directors at all regular or special meetings of the Board of Directors. Notwithstanding the foregoing, the Board of Directors may,

at any time during any open meeting of the Board of Directors, upon approval by the affirmative vote of not less than two-thirds (2/3) of the Directors present at such meeting, adjourn the meeting and reconvene in a closed session for discussion of litigation or potential litigation, personnel matters, vendor or contractor selection, real estate transactions, commercially sensitive information, and other matters that are reasonably and in good faith determined by the Board of Directors to be entitled to confidential treatment. Only Directors and certain officers, employees, and agents of the Corporation, as designated by the Directors, may be present during any closed session; provided, however, that to the extent deemed necessary by the chairperson of the Board of Directors, any other person or persons having business before the Board of Directors that relates specifically to the matter or matters to be discussed during any portion of a closed session may be present during such portion of a closed session.

7.7 Waivers of Board of Directors Meeting Notice. The notice requirements contained in these Bylaws may be waived in writing by any Director with respect to himself or herself, either before or after the meeting. The attendance by any Director at a meeting shall constitute a waiver of notice of such meeting except when such Director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. All waivers shall be made part of the minutes of the meetings.

7.8 Quorum of Directors. A quorum for any meeting of the Board of Directors shall be a majority of the Directors then in office. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Directors, if any action taken is approved by the required number of Directors, as specified in these Bylaws. A majority of the Directors then present, whether or not constituting a quorum, may adjourn any meeting to another time and place.

7.9 Voting of Directors.

7.9.1 General Requirement for Board Votes. Except where a greater vote is required by the Articles of Incorporation, applicable law, or these Bylaws, the affirmative vote of a majority of the Directors then in office shall be the act of the Board of Directors. Each Director shall have one (1) vote. Directors may not vote by proxy.

7.9.2+ Implementation Following Certain Board of Directors Votes. If a matter on which the Board of Directors acts at a meeting has not been described in a notice or agenda consistent with Section 7.5.2 at least thirty (30) days before the Board of Directors votes to take the action, or if the Board of Directors takes action by ~~written~~ consent, the Board of Directors may not implement the action until at least thirty (30) days after the date on which the matter is described in a notice or agenda consistent with Section 7.5.2, the date on which the ~~written~~ consent is published in accordance with Section 7.4.5, or the date on which the Board of Directors votes to take the action, whichever is earliest. During this interval Members may assess whether they consider the action to be a major change in the scope of the Corporation's activities or the policies governing the Corporation's activities and take action as described in Section 7.17. This provision shall not apply in cases of emergency as declared by the Board of Directors.

~~7.9.2 Vote to Adopt Budget. If a Member advisory vote on the budget proposal is required pursuant to Section 5.15.2, then the Board of Directors may not adopt that budget proposal without first considering the results of the Member advisory vote and any other input the Board of Directors has received from Members on the proposed budget, and action to adopt the proposal requires an affirmative vote of not less than seven (7) of the Directors then in office. The Directors may adopt a modified budget proposal that does not exceed by more than fifteen percent (15%) the lower of the previous budget forecasts of total expenditures or total capital commitments for that same fiscal year, by the affirmative vote of a majority of Directors then in office.~~

[Drafting note: Former Section 7.9.2 has been deleted because it is unnecessary and an unreasonable intrusion on the independence of the Board of Directors. Section 8.5.3(iv) already requires that the Board consult with the Board Advisory Committee concerning proposed budgets. The Board must include “potential budget reductions and financial controls when a proposed budget materially exceeds the expenses for the prior audited fiscal year.” The Board must also “endeavor to provide the annual budget and any subsequent modification to the Board Advisory Committee and Governmental Committee at least ninety (90) days prior to any final action thereon by the Board of Directors.” Furthermore, the Members have the ability under Section 5.1.3 to communicate their views to the Board of Directors through Member resolutions at any time for any reason.]

7.10 Individuals Who Are Prohibited from Serving as Directors.

7.10.1 Prohibited Individuals. Except as set forth in Section 7.10.2, no individual may be nominated for election to or become a member of the Board of Directors, or at any time serve on the Board of Directors, if such individual (or the spouse, the domestic partner, or any legal dependent of such individual)

(i) has a direct or indirect financial interest in (including the ownership of securities of) a Market Participant or Member (or any Affiliate of any of such Persons); provided, however, that such individual (or the spouse, the domestic partner, or any legal dependent of such individual) will be permitted to own securities of a Market Participant or Member (or any Affiliate of any such Persons) through diversified mutual funds (other than those funds concentrating their investments in the electric power industry or the electric utility industry or any segments thereof);

(ii) is connected (or has been connected within one (1) year prior to the date of the meeting to nominate individuals for Director) as an owner, director, officer, employee, partner, principal, or member of a governing board or council, or in any similar capacity, to a Market Participant or Member (or any Affiliate of any of such Persons); provided, however, that an individual who served as an employee or an elected or appointed public official of a Participating Jurisdiction may be nominated; or

(iii) has a Related Person that is an officer, chief executive or general manager, director or trustee or member of a governing board or council, or that occupies a position of similar capacity of a Market Participant or Member (or any Affiliate of any

such Person); provided, however, that the individual may be nominated if the Related Person commits to retire or otherwise leaves the position that gives rise to the disqualification prior to the date of the first meeting of Directors after the nominee is elected as a Director. The Director may serve only if the commitment is honored.

7.10.2 Exceptions Concerning Prohibited Individuals. An individual shall not be deemed to be in violation of the restrictions set forth in Section 7.10.1 and shall not be prohibited from serving as a Director merely because such individual (or the spouse, the domestic partner, or any legal dependent of such individual)

(i) is a residential retail consumer of electric energy; or

(ii) continues his or her pre-existing participation in a qualified defined benefits or defined contribution pension plan, nonqualified deferred compensation or pension plan, or health benefits plan of a Market Participant or Member (or any Affiliate of any of such Persons) for purposes of receiving pension benefits and post-employment health benefits or remaining eligible to receive such benefits at a future time so long as the benefits to such individual under any such pension plan do not vary with the economic performance of such Market Participant or Member (or any Affiliate of any of such Persons) (other than the potential variance due to risk of bankruptcy) or the value of any securities of any such Market Participant or Member (or any Affiliate of any of such Persons) held by such plan.

7.11 Continuing Restrictions on Former Directors.

7.11.1 General Restrictions. Except as set forth in Section 7.11.2,

(i) during the period of one hundred eighty (180) consecutive days following the date on which an individual ceases to be a Director, neither such individual nor the spouse, the domestic partner, or any legal dependent of such individual may have or acquire a direct or indirect financial interest in a Market Participant or Member (or any Affiliate of any of such Persons); provided, however, that such individual (or the spouse, the domestic partner, or any legal dependent of such individual) will be permitted to own securities of a Market Participant or Member (or any Affiliate of any of such Persons) through diversified mutual funds on terms and conditions available to the general public (other than those funds concentrating their investments in the electric power industry or the electric utility industry or any segment thereof);

(ii) during the period of three hundred sixty-five (365) consecutive days following the date on which an individual ceases to be a Director, neither such individual nor the spouse, the domestic partner, or any legal dependent of such individual

(a) may be or become connected as an owner (including through ownership or control of five percent (5%) or more of outstanding shares), director, officer, employee, partner, principal, or consultant, or in any similar

capacity, to a Market Participant or Member (or any Affiliate of any of such Persons), or

(b) may receive in such person's individual capacity an amount in excess of \$10,000 (U.S.) (exclusive of retirement income or benefits) in the aggregate from the Corporation, any Market Participant, or any Member (or any Affiliate of any of such Persons) as rent or payments for materials, products, or services;

(iii) during the period of three hundred sixty-five (365) consecutive days following the date on which an individual ceases to be a Director, neither such individuals nor any Related Person of such individuals may receive an amount in excess of \$10,000 (U.S.) (exclusive of retirement income or benefits) from relationships with other entities that receive substantial amounts of income or other benefits from the Corporation, any Market Participant, or any Member (or any Affiliate of such Persons). The Board of Directors shall have the discretion to determine from time to time in meetings open to the public what shall constitute substantial amounts of income or other benefits for purposes of this restriction; and

(iv) neither such individual nor the spouse, the domestic partner, or any legal dependent of such individual may at any time accept any gift from any Market Participant or Member that is offered as a consequence of service as a Director, subject to any exceptions contained in the terms of any applicable conduct rules.

7.11.2 Exceptions Concerning Continuing Restrictions. An individual shall not be deemed to be in violation of the restrictions set forth in Section 7.11.1 merely because such individual (or the spouse, the domestic partner, or any legal dependent of such individual)

(i) is a residential retail consumer of electric energy; or

(ii) continues his or her pre-existing participation in a qualified defined benefits or defined contribution pension plan, nonqualified deferred compensation or pension plan, or health benefits plan of a Market Participant or Member (or any Affiliate of any of such Persons) for purposes of receiving pension benefits and postemployment health benefits or remaining eligible to receive such benefits at a future time so long as the benefits to such individual under any such pension plan do not vary with the economic performance of such Market Participant or Member (or any Affiliate of any of such Persons) (other than the potential variance due to risk of bankruptcy) or the value of any securities of any such Market Participant or Member (or any Affiliate of any of such Persons) held by such plan.

7.12 Standard of Care.

7.12.1 General Standard for Decisions. A Director shall perform the duties of a Director, including duties as a member of any committee of the Board of Directors on which the Director may serve, in good faith, in a manner that such Director believes to be in the best

interests of the Corporation in achieving the purposes set forth in Article III, and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

~~7.12.2 Guiding Principles for Decisions. The Board of Directors when considering whether to adopt a proposal regarding the provision of transmission services (including the Special Issues List), shall, at a minimum, take into account the following considerations to satisfy itself that any proposal adopted is warranted:~~

~~(i) the proposed change responds to a current, identifiable problem or opportunity and is reasonably expected to result in an improvement over existing practices;~~

~~(ii) the benefits of the proposed change (qualitative or quantitative) the Directors expect to result from the change, taken individually or in conjunction with other prior or anticipated changes, are likely to be greater than the anticipated burdens of the proposed change;~~

~~(iii) the proposed change can be implemented in a manner that is not inconsistent with~~

~~(a) — the Corporation's legal obligations,~~

~~(b) — Transmission Agreements,~~

~~(c) — third party agreements for coordination of generating resources, and~~

~~(d) — third party agreements for transmission services that were~~

~~(1) — executed by transmission owners and operators signing Transmission Agreements, and~~

~~(2) — in existence before the Corporation offers transmission services;~~

~~(iv) the proposed change is not reasonably expected to preclude the implementation of further changes in the future to solve remaining problems (including remaining items on the Special Issues List) or take advantage of opportunities; and~~

~~(v) the proposed change is reasonably designed to minimize or mitigate cost shifts.~~

[Drafting note: Former Section 7.12.2 has been deleted because it is an unreasonable intrusion into the Board's decision-making process and could be misused to hamstring Grid West by providing a basis to challenge Board decisions as unwarranted in view of all of the required

considerations. This brings risk of greatly increased costs of operation and unreasonable delay in implementing good Board decisions that are opposed by even a single Member.

7.12.2 Required Demonstration to Implement Backstop Measures. In addition to complying with the provisions of Section 7.16 to invoke authority to exercise backstop measures, any time the Corporation wishes to implement any backstop measure (as defined in Section 7.16.2), it must, in consultation with the market monitoring unit for the Corporation, demonstrate that chronic, significant, commercial congestion has not been mitigated due to market failure. The demonstration of market failure must be based on substantial evidence documented by the Corporation through its public planning process.

7.12.3 On-Going Regional Consultation. In addition to complying with the mandatory consultation provisions applicable to the Special Issues List and as set forth in Section 7.16 of these Bylaws, the Board of Directors shall develop (and may, as it deems appropriate, modify from time to time) general policies and procedures designed to promote ongoing input to the Board of Directors from interested parties throughout the Geographic Area (including Members and Governmental Committee) and to provide clear, useful information to interested parties throughout the Geographic Area concerning the Corporation's activities and policies and any potential changes to the Corporation's existing practices.

7.12.4 Business and Strategic Plans. The Board of Directors shall adopt a strategic plan for a period of not less than three (3) years by the time the Corporation begins to offer transmission and related services and such plan shall be updated no less frequently than once every three (3) years. ~~Promptly after the Operational Board is seated, it shall consider the business plan recommended by the Developmental Board of Trustees and either~~

~~(i) adopt and implement such plan; or~~

~~(ii) adopt an alternative plan after submitting proposed changes and an estimate of their costs to the Board Advisory Committee for review and comment (including submission of any proposed alternative proposals).~~

7.12.5 Information a Director May Rely Upon. In performing the duties of Director, a Director shall be entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, in each case prepared or presented by

(i) any advisory committee established by the Board of Directors pursuant to Section 8.2 of these Bylaws;

(ii) one (1) or more officers or employees of the Corporation whom the Director reasonably believes to be reliable and competent in the matter presented;

(iii) legal counsel, public accountants, or other persons as to matters that the Director reasonably believes are within such person's professional or expert competence; or

(iv) a committee of the Board of Directors upon which the Director does not serve,

as to matters within such committee's or person's designated authority, which committee or person the Director believes to merit confidence; so long as, in any such case, the Director acts in good faith, after reasonable inquiry when the need therefor is indicated by the circumstances, and without knowledge that would cause such reliance to be unwarranted.

7.12.6 Conduct Rules. The Board of Directors shall maintain Director conduct rules for current and former Directors. ~~These Operational Bylaws incorporate the Trustee The Directors~~ conduct rules ~~in effect under the Developmental Bylaws on the that are effective as of the~~ date these Bylaws ~~become effective~~ are adopted are set forth in Attachment C. The Board of Directors shall ensure, to the extent practicable, that each Director complies with the Corporation's Director conduct rules, which Director conduct rules may be changed from time to time by the Board of Directors. The Director conduct rules may be more restrictive than the provisions set forth in these Bylaws (including Section 7.11.1) but may not modify or limit the exceptions set forth in Section 7.11.2. Changes to the Director conduct rules may not become effective sooner than thirty (30) days following the action by which the Board of Directors approves the change(s) and may bind only those Directors who were in office at the time of the change or take office thereafter. The Board of Directors shall also comply with all applicable rules of FERC and other regulators.

7.12.7 Independence from Market Participants. The Board of Directors shall develop and implement policies, designed to ensure independence from Market Participants, regarding the ownership of securities of suppliers of the Corporation or of other financial interests relating to the Corporation, by Directors, officers, and employees of the Corporation (including Related Persons of such Directors, officers, and employees). Each Director, officer, and other employee of the Corporation as may be designated pursuant to policies established by the Board of Directors shall file an annual compliance affidavit with the Board of Directors.

7.13 Prohibition Against Loans. The Corporation shall not make any loan of money or property to or guarantee the obligation of any Director or Related Person of a Director; provided, however, that the Corporation may advance money to a Director for expenses reasonably anticipated to be incurred in performance of the duties of such Director so long as such individual would be entitled to reimbursement for such expenses absent such advance.

7.14 Inspection Rights. Every Director shall have the absolute right at any reasonable time to inspect and copy all books, records, and documents, and to inspect the physical properties, of the Corporation. No Director shall use or disseminate any information (other than any information regarding a violation of tariffs or laws) obtained as a result of any such inspection, or otherwise in his or her capacity as a Director, for his or her own personal gain or to the detriment of the Corporation.

7.15 Compensation of Directors.

7.15.1 Base Compensation and Additional Compensation. Directors shall receive base compensation in the amount of \$30,000 (U.S.) per year and additional compensation in the amount of \$1,000 (U.S.) per day for attendance at each meeting of the Board of Directors or committee thereof, and \$500 (U.S.) per day for any other meetings related to the business of the Corporation that the Board of Directors determines a Director should attend, to obtain the widest possible input into the decisions of the Board of Directors and to avoid hardship on the part of such Directors; provided, however, that the total compensation for each Director shall not exceed \$120,000 (U.S.) in any calendar year; and, provided, further, that the Board of Directors may designate one (1) Director to serve as the Corporation's Chief Executive Officer (or in a similar capacity) during the period before the Board of Directors has made the determination described in Section 7.1.1(v)(a). If the Board of Directors designates a Director to serve as the Corporation's Chief Executive Officer (or in a similar capacity) as permitted in the preceding sentence, the Board of Directors may prospectively provide for that Director to receive additional compensation and exceed the \$120,000 (U.S.) limit otherwise applicable under this Section 7.15.1. Any such proposed designation or increase in the Director's total authorized compensation must be approved at a meeting noticed pursuant to Section 7.5, and any decision to so designate or increase compensation must be promptly disclosed to the Corporation's Members.

7.15.2 Adjustment of Compensation. The dollar amounts specified in Section 7.15.1, shall be adjusted prospectively for inflation by the Board of Directors every five (5) years not counting the year these Bylaws become effective based upon the appropriate federal index. This adjustment shall occur without an amendment of these Bylaws.

7.15.3 Reimbursement of Expenses. Directors shall also be entitled to receive reimbursement for reasonable and necessary travel and other actual expenses incurred in performing duties of their offices and in attending meetings of the Board of Directors and meetings of committees of the Board of Directors or advisory committees.

7.15.4 Prohibition Against a Director Being an Officer, Employee, or Consultant. While serving as a Director, a Director shall not be an officer or employee of the Corporation, or a consultant to the Corporation (except as permitted in Section 7.15.1 with respect to the Chief Executive Officer for the period before the Board of Directors has made the determination described in Section 7.1.1(v)(a)).

7.16 Special Issues List.

7.16.1 The Special Issues List. The following matters constitute the "Special Issues List":

- (i) Authorization for the Corporation to exercise backstop measures with respect to chronic, significant, commercial congestion;

(ii) The Corporation's ~~departure from using the company rate approach to pay for "transmission access" as defined in Section 7.16.3 initial proposal for pricing long-term transmission rights (transmission rights with durations of one year or longer) issued by the Corporation;~~

[See drafting note under Section 7.16.3]

(iii) Authorization for the Corporation to issue financial transmission rights;

(iv) Authorization for the Corporation's market monitor to impose penalties or actively intervene in markets; and

(v) Authorization for the Corporation to adopt and enforce a loss methodology that overrides individual company loss methodologies.

The matters identified in the Special Issues List shall be subject to the provisions of Sections 7.16.7 through 7.16.9.

7.16.2 Backstop Measures. For purposes of this Section 7.16, the term "backstop measures" means that the Corporation

(i) contracts with a willing third party to implement the Corporation's preferred transmission solution to address chronic, significant, commercial congestion that no Person has implemented;

(ii) allocates resulting costs to beneficiaries through voluntary arrangements or tariff rates; and

(iii) identifies and assigns resulting transmission rights.

Before implementing for the first time a backstop measure with respect to chronic, significant, commercial congestion, the Board of Directors must first submit a proposal to invoke authorization to exercise backstop measures to a vote of the MRC in accordance with the consultation, procedural, and timing requirements set forth in Sections 7.16.7 and 7.16.8~~(+)~~ and after meeting the additional requirements of Section 7.12.23. If the requirements to invoke authorization to exercise backstop measures, as set forth Sections 7.16.7 and 7.16.8~~(+)~~, have been satisfied, the Corporation may, subject to Section 7.12.23, thereafter implement backstop measures to address chronic, significant, commercial congestion to the extent consistent with the scope of authorization that has been invoked by the Board of Directors. If the Board of Directors proposes to implement backstop measures to address chronic, significant, commercial congestion in a manner that is not within scope of authorization that has been invoked by the Board of Directors, the Board of Directors must comply with the consultation, procedural, and timing requirements set forth in Sections 7.16.7 and 7.16.8~~(+)~~ to invoke any necessary additional authorization before proceeding (as well as meeting the additional requirements of

Section 7.12.23). The Corporation's ability to implement backstop measures does not override the prohibition against owning transmission or distribution facilities as set forth in Section 3.2.

7.16.3 Departure from Company Rate Approach. When the Corporation begins offering ~~services, new long-term transmission rights (transmission rights with durations of one year or longer) loads will pay a "company rate" (and applicable grid management fees, if any) for transmission access under a rate structure known as the "company rate approach."~~ "Transmission access" means

(i) ~~continuing provision of preexisting transmission service (on terms and conditions established under preexisting agreements and obligations); and~~

(ii) ~~the delivery of power to withdrawal points on the transmission system over which the Corporation offers services on terms and conditions (including any additional charges) specified by the Corporation.~~

~~For purposes of this Section 7.16, a "departure from using the company rate approach" means establishing a rate structure for transmission access that differs from the initial company rate approach by~~

(a) ~~utilizing a rate structure other than a license plate rate; or~~

(b) ~~using a rate structure for transmission access derived from the costs of facilities of a participating transmission owner other than the participating transmission owner of the facilities from which the delivered power is withdrawn (unless a particular load is already paying for transmission service based on the costs of facilities other than those from which delivered power is withdrawn pursuant to a preexisting agreement, such as a General Transfer Agreement).~~

~~Before proposing for the first time a departure from using the company rate approach, the Board of Directors must first submit a its initial proposal to invoke authorization to depart from using the company rate approach for pricing new long-term transmission rights to a vote of the MRC in accordance with the consultation and, procedural, and timing requirements set forth in Sections 7.16.7 and 7.16.8(ii). If the requirements to invoke authorization to depart from using the company rate approach submit its initial proposal for pricing new long-term transmission rights to a vote of the MRC, as set forth Sections 7.16.7 and 7.16.8(ii), have been satisfied, the Corporation may thereafter propose a departure from using the company rate approach implement its initial proposal for pricing new long-term transmission rights so long as the proposal is consistent with the scope of authorization that has been invoked by the Board of Directors. If the Board of Directors proposes a departure from using the company rate approach that is not within the scope of authorization that has been invoked by the Board of Directors, the Board of Directors must comply with the consultation, procedural, and timing requirements set forth in Sections 7.16.7 and 7.16.8(ii) to invoke any necessary additional authorization before proceeding.~~ The provisions of Section 7.16 shall not apply to rates or rate structures for grid management or other services offered by the Corporation that are purchased separately from or

in addition to ~~transmission access~~ new long-term transmission rights. In addition, the provisions of Section 7.16 shall not apply to any costs allocated by the Corporation as a result of exercising any “backstop authority” even if such costs would be incorporated into ~~a company rate pricing~~ for new long-term transmission rights.

[Drafting note: The bylaws work group proposes the language above, together with corresponding revisions to Sections 3.2 and 7.16.1, as an approach that the bylaws work group hopes will be both workable for Grid West’s Board and in the spirit of the protections intended by the Special Issues List. The greatest challenge that the bylaws work group has faced in this area is uncertainty concerning how Grid West will approach initial pricing for new long-term transmission rights. The bylaws work group does not want to repeat earlier mistakes by guessing at what might be implemented and then later discovering that the language, however well intended, forecloses solutions that are beneficial to and supported by the region. The logic behind the provisions as proposed in Section 7.16.3 above, together with Sections 3.2 and 7.16.1, is as follows:]

- o *One of the most important reasons for including “departure from company rate approach” in the original Special Issues List was that people were worried about cost-shifts that might occur if Grid West were to change the pricing applicable to pre-existing transmission agreements, particularly if the change moved toward “postage stamp” rates.*
- o *Although there has been considerable work to date on possible pricing approaches for Grid West, the bylaws work group believes there is no clear consensus about how Grid West may initially price new long-term transmission rights.*
- o *This makes it extremely difficult to draft language about what is “in bounds” and what is “out of bounds” with respect to an initial approach to pricing long-term transmission rights without creating great risk of inadvertently impeding good proposals. Even less feasible is trying to define what is an impermissible change from an unknown starting point.*
- o *The bylaws work group’s proposed solution is to:*
 - *prohibit Grid West from unilaterally imposing changes to the rate design of pre-existing long-term transmission rights – see Section 3.2.2 – (this would not interfere with transmission owners’ ability to follow applicable regulatory processes to modify the rates that apply to pre-existing long-term transmission rights); the limitation in Section 3.2.2 could not be removed without amending the bylaws, which would require Member approval;*
 - *require the Board of Directors to follow the Special Issues List process for its initial proposal for pricing new long-term transmission rights; and*
 - *rely on the general procedural and consultation provisions, as well as the Member powers under Section 7.17, to allow Members to address possible future*

changes to Grid West's initial approach for pricing new long-term transmission rights.

o After Grid West implements its initial approach to pricing new long-term transmission rights, any changes to the initial proposal would be subject to the following protections:

- The Grid West Tariff Committee (formed under Section 8.2.1(i)) will be part of ANY changes to Grid West's tariff (and changing the pricing would require a change in the tariff);*
- All tariff changes also have to go through the Board Advisory Committee and Governmental Committee consultation process, as required by Section 8.5.3;*
- Any Member has the right to attend and be heard at any Board meeting (Section 5.1.3(i))*
- Members can use Section 7.17 to trigger the requirement for a Supermajority Board Vote (and 30-day implementation delay) for any proposed change in pricing if the members feel it is a major change in policy or scope; and*
- All Grid West rate filings also will have to go through the usual regulatory processes, in which all parties with standing can intervene as they see fit.*

o This will enable Members to decide when they feel a proposed change to Grid West's approach to pricing new long-term transmission rights is significant enough to warrant a Supermajority Board Vote and implementation delay (on top of the general procedural and consultations requirements that are required for all tariff changes).]

7.16.4 Authorization to Issue Financial Transmission Rights. For purposes of this Section 7.16, the Corporation's action to "issue financial transmission rights" means that the Corporation either

- (i) substitutes physical transmission rights (either historical contract path or physical injection-withdrawal rights) on a transmission owner's system with transmission service that separately charges for, and provides financial rights to hedge against, locationally derived costs of congestion clearing; or
- (ii) provides transmission service in response to requests for new transmission service through offering transmission service that separately charges for, and offers financial rights to hedge against, locationally derived costs of congestion.

Before acting for the first time to "to issue financial transmission rights" within the meaning of this Section 7.16.4, the Board of Directors must first submit a proposal to invoke authorization to do so to a vote of the MRC in accordance with the consultation and procedural requirements set forth in Sections 7.16.7 and 7.16.9. If the requirements to invoke the necessary authority, as set forth in Sections 7.16.7 and 7.16.9, have been satisfied, the Corporation may

thereafter issue financial transmission rights to the extent consistent with the scope of authorization that has been invoked by the Board of Directors. If the Board of Directors proposes to issue financial transmission rights in a manner that is not within the scope of authorization that has been invoked by the Board of Directors, the Board of Directors must comply with the consultation and procedural requirements set forth in Sections 7.16.7 and 7.16.9 to invoke any necessary additional authorization before proceeding. This requirement to invoke authorization to issue financial transmission rights shall not preclude the Board of Directors from authorizing testing (limited in time, scope, and financial risk assumed by the Corporation, and in which participation is voluntary) as it deems appropriate to help facilitate its determination of whether issuing financial transmission rights is feasible and prudent. In addition, the Corporation's implementation of a congestion management approach that relies on a market-based system to relieve congestion (such as through voluntary redispatch bids), in conjunction with historic contract path or physical injection-withdrawal rights, shall not be subject to the requirements of Section 7.16.

7.16.5 Authorization of Certain Market Monitor Actions. Before the market monitor for the Corporation may be authorized to impose penalties or actively intervene in markets, the Board of Directors must first submit a proposal to invoke authority to so authorize the market monitor to a vote of the MRC in accordance with the consultation and procedural requirements set forth in Section 7.16.7. If the requirements to invoke the necessary authority, as set forth Section 7.16.7, have been satisfied, the Corporation may thereafter authorize the market monitor for the Corporation to impose penalties or actively intervene in markets to the extent consistent with the scope of authority that has been invoked by the Board of Directors. If the Board of Directors proposes to authorize the market monitor for the Corporation to impose penalties or actively intervene in markets in a manner that is not within the scope of authorization that has been invoked by the Board of Directors, the Board of Directors must comply with the consultation and procedural requirements set forth in Section 7.16.7 to invoke any necessary additional authorization before proceeding.

7.16.6 Authorization to Implement Certain Loss Methodologies. Before the Corporation may adopt and enforce a loss methodology that overrides individual company loss methodologies, the Board of Directors must first submit a proposal to invoke authorization to do so to a vote of the MRC in accordance with the consultation and procedural requirements set forth in Section 7.16.7. If the requirements to invoke the necessary authorization, as set forth Section 7.16.7, have been satisfied, the Corporation may thereafter adopt and enforce a loss methodology that overrides individual company loss methodologies to the extent consistent with the scope of authorization that has been invoked by the Board of Directors. If the Board of Directors proposes to adopt and enforce a loss methodology that overrides individual company loss methodologies in a manner that is not within the scope of authorization that has been invoked by the Board of Directors, the Board of Directors must comply with the consultation and procedural requirements set forth in Section 7.16.7 to invoke any necessary additional authorization before proceeding.

7.16.7 Procedural Requirements Applicable to Special Issues List. An action by the Corporation to invoke an authorization or take an action identified on the Special Issues List is subject to the procedural requirements set forth in Sections 7.16.7(i) through 7.16.7(vii).

{Section 7.16.7 continued . . . }

(i) Preliminary Consultations Related to Proposal Development. In the course of developing a proposal to invoke an authorization or take an action identified on the Special Issues List, the Board of Directors may seek preliminary input from the general public, as well as Members, the MRC, and the Governmental Committee.

(ii) Mandatory Consultation Process. If the Board of Directors intends to vote on adopting a proposal to invoke an authorization or take an action identified on the Special Issues List, the Board of Directors shall provide notice of its proposal according to its then effective policies for providing notice to the general public, as well as to Members, the MRC, and the Governmental Committee. The notice of proposal must include a specific identification of the scope of authorization the Board of Directors proposes to invoke or the action the Board of Directors proposes to take. After providing notice, the Board of Directors shall complete formal consultation processes concerning the proposal (which may be separate or combined) with the MRC and with the Governmental Committee. The Board of Directors shall provide not less than forty-five (45) days to complete its formal consultation processes before voting to adopt a proposal to invoke an authorization or take an action identified on the Special Issues List. This formal consultation period may overlap with any period of notice required in connection with the Board of Directors vote under Section 7.16.7(iii).

(iii) Board of Directors Vote to Adopt a Proposal. Within fourteen (14) days after completing the mandatory consultation process set forth in Section 7.16.7(ii), the Board of Directors (in compliance with all applicable provisions of these Bylaws concerning notice of and the manner of conducting meetings of the Board of Directors) shall vote on whether to adopt a proposal to invoke an authorization or take an action identified on the Special Issues List. The Board of Directors may, before voting, make changes to its proposal as noticed for the mandatory consultation process under Section 7.16.7(ii) to reflect input received during mandatory consultations; provided, however, that any action by the Board of Directors to adopt a proposal to invoke an authorization or take an action identified on the Special Issues List must include a specific identification of the scope of authorization the Board of Directors proposes to invoke or the action the Board of Directors proposes to take. As provided in Section 7.9.1, the affirmative vote of a majority of Directors then in office shall be sufficient to adopt the proposal. ~~If the Board of Directors adopts the proposal it shall summarize in writing (which may be the minutes of the Board of Directors meeting) its consideration of the provisions set forth in Section 7.12.2.~~ If the Board of Directors votes to adopt the proposal, the Board of Directors shall comply with the additional requirements set forth in Sections 7.16.7(iv) through 7.16.7(vii).

{Section 7.16.7 continued . . . }

- (v) a ~~record list~~ of officers', ~~and Interim Directors, and~~ Directors' names and addresses; and
- (vi) minutes of all meetings of the Members and of all meetings of the Interim Board and Board of Directors and each committee thereof (other than closed sessions held pursuant to the applicable provisions of the Corporation's bylaws and Board Advisory Committee meetings except for proposals and advice to the Board of Directors).

10.1.2 Member Inspection of Records. The records kept pursuant to this Section 10.1 shall be open at any reasonable time to inspection by any Member of more than three (3) months' standing or a representative of more than five percent (5%) of the membership. Costs of inspecting or copying shall be borne by the Member or representative exercising the right of inspection, except for costs to copy the Corporation's Articles of Incorporation or Bylaws. Any Member or representative exercising the right of inspection must have a purpose reasonably related to membership interests. Neither Members nor Member representatives may sell Members' lists obtained by inspection or any other means. ~~Such records may be written, or electronic if capable of being converted to writing. The Corporation may impose reasonable charges for any copies of the Corporation's records that a Member requests in connection with exercising its inspection rights under this Section 10.1.2.~~

10.1.3 Public Inspection of Records. The Board of Directors shall establish a policy that makes the records set forth in Section 10.1.1 (except for any minutes, if any, of meetings of a single Member Class or a single Member Sub-class) available on the Grid West Website or in response to reasonable public requests for inspection, that requires the requestor to pay a charge for access to inspect the Corporation's records (including the full cost of employee time), and that requires the requestor to pay for all copies of the Corporation's records requested during an inspection.

10.2 Financial Records.

10.2.1 Annual Financial Statements. As soon as reasonably practical after the close of the fiscal year, annual financial statements of the Corporation shall be prepared in accordance with generally accepted accounting principles and, when applicable, the requirements of FERC. The financial statements shall contain in appropriate detail the following:

- (i) the assets and liabilities, including trust funds, of the Corporation as of the end of the fiscal year;
- (ii) the principal changes in assets and liabilities, including trust funds, during the fiscal year;
- (iii) the revenue or receipts of the Corporation, both unrestricted and restricted to particular purposes, for the fiscal year;
- (iv) the expenses or disbursements of the Corporation, for both general and restricted purposes during the fiscal year;
- (v) any transaction or series of related transactions during the previous fiscal year involving \$10,000 (U.S.) or more to which the Corporation was a party and in which any Directors or officers of the Corporation had or have a direct or indirect material financial interest. The report must disclose the names of the interested persons involved in such transaction, stating such person's relationship to the Corporation, the nature of such person's interest in the transaction, and, when practical, the amount of such interest; and

(vi) the amount and circumstances of any indemnification or advances aggregating more than \$10,000 (U.S.) paid during the fiscal year.

10.2.2 Accountant's Review of Financial Statements. The Board of Directors shall cause the financial statements of the Corporation to be reviewed by an independent accountant on at least an annual basis, with the independent accountant's review results to be summarized in a formal letter to the Board of Directors. Such financial statements shall be accompanied by a report thereon of independent accountants.

10.2.3 Reports Concerning Financial Status. The Board of Directors shall cause the reports set forth below concerning the Corporation's financial status to be prepared and delivered to the Members. The Board of Directors may require that reports concerning the Corporation's financial status be made available to the general public subject to a requirement that requesting parties pay the reasonable costs of providing the reports.

(i) Annual Report. As soon as reasonably practical after the close of the Corporation's year, a report including the financial statements and performance results shall be furnished. The annual report shall include a report from the independent accountants, specific descriptions of actual performance results in terms of cost management, and other performance targets adopted by the Board of Directors.

(ii) Quarterly Report. As soon as reasonably practical after the close of each quarter, quarterly financial statements of the Corporation shall be prepared in accordance with generally accepted accounting principles and requirements of FERC. The quarterly financial reports will include a thorough comparison to the budget adopted by the Board of Directors. In addition, the quarterly report will include a status report on accomplishing the performance targets adopted by the Board of Directors.

10.3 Records Retention. The Board of Directors shall cause to be developed and implemented a records retention program complying with all applicable legal requirements.

10.4 Technical Information. The ~~Board of Directors shall cause the~~ Corporation ~~in the course of performing its responsibilities will to~~ develop technical information about the functioning of the regional transmission system and related markets and shall endeavor to provide useful, nonconfidential information to the public about the status of the system and related markets, problems identified with system or market operations, or other information relevant to the accomplishment of the purposes of the Corporation.

ARTICLE XI

INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS

11.1 Liability of Directors; Indemnification Rights of Members of the Board of Directors and Certain Officers.

11.1.1 Limits on Liability of Directors. Directors shall be liable to the Corporation only for the following:

- (i) acts or omissions that involve intentional misconduct by the Director;
- (ii) knowing violation of the law by the Director;
- (iii) conduct violating RCW 23B.08.310; and
- (iv) any transaction from which the Director personally receives a benefit in money, property, or services to which the Director is not legally entitled.

If the Washington Business Corporation Act, as applied to nonprofit corporations, is amended to authorize corporate action further eliminating or limiting the personal liability of Directors, then the liability of a Director shall be deemed eliminated or limited to the fullest extent permitted by the Washington Business Corporation Act, as so amended.

11.1.2 Indemnification of Directors. The Corporation shall indemnify the members of the Board of Directors and any officers to the full extent permitted by applicable law as then in effect against liability arising out of a Proceeding to which such individual was made a party because the individual is or was a Director or officer of the Corporation. The Corporation shall advance expenses (including attorneys' fees) incurred by such persons who are parties to a Proceeding in advance of final disposition of the Proceeding, as provided herein.

11.2 Indemnification of Employees and Agents. The Corporation shall have the power, to the fullest extent and in the manner permitted by applicable law, to indemnify and advance expenses (including attorneys' fees) to each of its employees and agents against expenses (including attorneys' fees), judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with any Proceeding arising by reason of the fact that such person is or was an employee or agent of the Corporation.

11.3 Procedure for Seeking Indemnification or Advancement of Expenses.

11.3.1 Notification and Defense of Claim.

(i) Indemnitee shall promptly notify the Secretary of the Corporation in writing of any Proceeding for which indemnification could be sought under this Article XI. In addition, Indemnitee shall give the Corporation such information and cooperation as it may reasonably require and as shall be within Indemnitee's power.

(ii) With respect to any such Proceeding as to which Indemnitee has so notified the Secretary of the Corporation:

(a) the Corporation will be entitled to participate therein at its own expense; and

(b) except as otherwise provided below, to the extent that it may wish, the Corporation, jointly with any other indemnifying party similarly notified, will be entitled to assume the defense thereof, with counsel satisfactory to Indemnitee. Indemnitee's consent to such counsel may not be unreasonably withheld.

(iii) After notice from the Corporation to Indemnitee of its election to assume the defense, the Corporation will not be liable to Indemnitee under this Article XI for any legal or other expenses (including attorneys' fees) subsequently incurred by Indemnitee in connection with such defense. However, Indemnitee shall continue to have the right to employ his or her counsel in such Proceeding, at Indemnitee's expense, and if

(a) the employment of counsel by Indemnitee has been authorized by the Corporation;

(b) Indemnitee shall have reasonably concluded that there may be a conflict of interest between the Corporation and Indemnitee in the conduct of such defense;

(c) the Corporation shall not in fact have employed counsel to assume the defense of such Proceeding,

then the fees and expenses (including attorneys' fees) of Indemnitee's counsel shall be at the expense of the Corporation; and

(iv) The Corporation shall not be entitled to assume the defense of any Proceeding brought by or on behalf of the Corporation or as to which Indemnitee shall reasonably have made the conclusion that a conflict of interest may exist between the Corporation and Indemnitee in the conduct of the defense.

11.3.2 Information to Be Submitted and Method of Determination and Authorization of Indemnification.

(i) For the purpose of pursuing rights to indemnification under this Article XI, Indemnitee shall submit to the Board of Directors a sworn statement requesting indemnification and reasonable evidence of all amounts for which such indemnification is requested (together, the sworn statement and the evidence constitute an "Indemnification Statement").

(ii) Submission of an Indemnification Statement to the Board of Directors shall create a presumption that Indemnitee is entitled to indemnification hereunder, and the Corporation shall, within sixty (60) days thereafter, make the payments requested in the Indemnification Statement to or for the benefit of Indemnitee, unless

(a) within such sixty- (60-) day period it shall be determined by the Corporation that Indemnitee is not entitled to indemnification under this Article XI;

(b) such vote shall be based upon clear and convincing evidence (sufficient to rebut the foregoing presumption); and

(c) Indemnitee shall receive notice in writing of such determination, which notice shall disclose with particularity the evidence upon which the determination is based.

(iii) At the election of the President of the Corporation, the foregoing determination may be made by either

(a) a committee chosen by ~~written~~ consent of a majority of the Directors of the Corporation, and consisting solely of two (2) or more Directors not at the time parties to the Proceeding; or

(b) as provided by RCW 23B.08.550, as amended.

(iv) Any determination that Indemnitee is not entitled to indemnification, and any failure to make the payments requested in the Indemnification Statement, shall be subject to judicial review by any court of competent jurisdiction.

11.3.3 Special Procedure Regarding Advance for Expenses.

(i) An Indemnitee seeking payment of expenses (including attorneys' fees) in advance of a final disposition of the Proceeding must furnish the Corporation, as part of the Indemnification Statement,

(a) a written affirmation of Indemnitee's good-faith belief that Indemnitee has met the standard of conduct required to be eligible for indemnification; and

(b) a written undertaking, constituting an unlimited general obligation of Indemnitee, to repay the advance if it is ultimately determined that Indemnitee did not meet the required standard of conduct.

(ii) If the Corporation determines that indemnification is authorized, Indemnitee's request for advance of expenses (including attorneys' fees) shall be granted.

11.3.4 Settlement. The Corporation is not liable to indemnify Indemnitee for any amounts paid in settlement of any Proceeding without the Corporation's written consent. The Corporation shall not settle any Proceeding in any manner that would impose any penalty or limitation on Indemnitee without Indemnitee's written consent. Neither the Corporation nor Indemnitee may unreasonably withhold its consent to a proposed settlement.

11.4 Contract and Related Rights.

11.4.1 Contract Rights. The right of an Indemnitee to indemnification and advancement of expenses (including attorneys' fees) is a contract right upon which Indemnitee shall be presumed to have relied in determining to serve or to continue to serve in his or her capacity with the Corporation. Such right shall continue as long as Indemnitee shall be subject to any possible Proceeding. Any amendment to or repeal of this Article XI shall not adversely affect any right or protection of an Indemnitee with respect to any acts or omissions of such Indemnitee occurring prior to such amendment or repeal.

11.4.2 Optional Insurance, Contracts, and Funding. The Corporation may

(i) maintain insurance, at its expense, to protect itself and any Indemnitee against any liability, whether or not the Corporation would have power to indemnify the individual against the same liability under RCW 23B.08.510 or .520, or a successor statute;

(ii) enter into contracts with any Indemnitee in furtherance of this Article XI and consistent with applicable law; and

(iii) create a trust fund, grant a security interest, or use other means (including, without limitation, a letter of credit) to ensure the payment of such amounts as may be necessary to effect indemnification as provided in this Article XI.

11.4.3 Severability. If any provision or application of this Article XI shall be invalid or unenforceable, the remainder of this Article XI and its remaining applications shall not be affected thereby, and shall continue in full force and effect.

11.4.4 Right of Indemnatee to Bring Suit. If

(i) a claim under this Article XI for indemnification is not paid in full by the Corporation within sixty (60) days after a written claim has been received by the Corporation, or

(ii) a claim under this Article XI for advancement of expenses (including attorneys' fees) is not paid in full by the Corporation within twenty (20) days after a written claim has been received by the Corporation,

then Indemnatee may, but need not, at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. To the extent successful in whole or in part, Indemnatee shall be entitled to also be paid the expense (to be proportionately prorated if Indemnatee is only partially successful) of prosecuting such claim.

11.4.5 No Presumption. Neither

(i) the failure of the Corporation (including its Board of Directors or independent legal counsel) to have made a determination prior to the commencement of such Proceeding that indemnification or reimbursement or advancement of expenses (including attorneys' fees) to Indemnatee is proper in the circumstances, nor

(ii) an actual determination by the Corporation (including its Board of Directors or independent legal counsel) that Indemnatee is not entitled to indemnification or to the reimbursement or advancement of expenses (including attorneys' fees)

shall be a defense to the Proceeding or create a presumption that Indemnatee is not so entitled.

11.5 Exceptions to Corporation's Obligations. Any other provision herein to the contrary notwithstanding, the Corporation shall not be obligated pursuant to the terms of these Bylaws to indemnify or advance expenses (including attorneys' fees) to Indemnatee with respect to any Proceeding involving claims:

(i) initiated or brought voluntarily by Indemnatee and not by way of defense, except with respect to Proceedings brought to establish or enforce a right to indemnification under these Bylaws or any other statute or law or as otherwise required under the statute, but such indemnification or advancement of expenses (including attorneys' fees) may be provided by the Corporation in specific cases if the Board of Directors finds it to be appropriate;

(ii) instituted by Indemnatee to enforce or interpret this Article XI, if a court of competent jurisdiction determines that each of the material assertions made by Indemnatee in such Proceeding was not made in good faith or was frivolous;

(iii) for which any of the expenses (including attorneys' fees) or liabilities for which indemnification is being sought have been paid directly to Indemnatee by an

insurance carrier under a policy of officers' and Directors' liability insurance maintained by the Corporation; and

(iv) with respect to which the Corporation is prohibited by applicable law as then in effect from paying such indemnification or advancement of expenses (including attorneys' fees). For example, the Corporation and Indemnitee acknowledge that federal legislation prohibits indemnification for certain ERISA violations.

ARTICLE XII

MISCELLANEOUS

12.1 Fiscal Year. The fiscal year of the Corporation shall be established at the discretion of the Board of Directors.

12.2 Corporation Seal. The Corporation may have a seal as specified by resolution of the Board of Directors. Such seal may be affixed to any and all corporate instruments, but failure to affix it shall not affect the validity of any instrument.

12.3 Notices. Except as and to the extent otherwise provided in these Bylaws, any notice required or permitted to be given under or pursuant to these Bylaws shall be required to be delivered to the intended recipient party either by first-class mail, in person, by facsimile equipment providing written confirmation of completed transmission, or by electronic mail at such party's address, facsimile number, or electronic mail address provided to the Secretary of the Corporation in accordance with the requirements of these Bylaws. Notices delivered by mail shall be effective when deposited in the U.S. or Canadian mail, with first-class postage thereon prepaid. Notices delivered in person shall be effective upon delivery, and notices sent by facsimile or electronic mail shall be effective upon completion of successful transmission. Any Person may change the address to which notices should be sent by giving notice of such change to the Secretary of the Corporation in accordance with the requirements of this Section 12.3.

12.4 Dissolution and Merger or Disposition of Assets.

~~12.4.1 Methods of Dissolving the Corporation. The Corporation may be dissolved only according to Sections 12.4.2 or 12.4.3.~~

12.4.1 ~~General Rule—Board of Directors Proposal to Dissolve~~ Dissolution of the Corporation. The Board of Directors may propose to dissolve the Corporation. The Board of Directors shall dissolve the Corporation only if ~~the plan of distribution developed by the Board of Directors~~ the proposal to dissolve receives the approval of

- (i) at least two-thirds (2/3) of the Directors then in office; and
- (ii) four (4) out of five (5) Member Classes, each by a margin of at least two-thirds (2/3) of the total voting power held by the Member Class (provided that the vote of Members must also comply with the requirements of RCW 24.03.220).

The vote by each Member Class shall be tabulated separately. In addition, with respect to Member Classes that include Member Sub-Classes, the proportion of voting power cast in each Member Sub-Class shall be tabulated separately, then aggregated with tabulation of other Member Sub-Class votes within the Member Class to determine the proportion of voting power within the Member Class as a whole that has voted in favor of or against the proposal or resolution. An example of how Member Class and Member Sub-Class voting power is to be calculated is set forth in ~~Exhibit A~~ Attachment C. Notwithstanding Section 5.10.2, the proposed vote must be included on the proposed agenda for the meeting of Members in order for a vote to be taken on a proposed dissolution.

~~12.4.3 Special Rule—FERC Ordered Changes to Articles of Incorporation or Bylaws. If FERC orders a change to or issues an order or rule that preempts or otherwise renders inoperative a provision of the Articles of Incorporation or these Bylaws, the Board of Directors shall preserve its rights of appeal. If FERC orders a change to or issues an order or rule that preempts or otherwise renders inoperative a provision of the Articles of Incorporation or these Bylaws, and the Members do not approve the change to the Articles of Incorporation according to the provisions of the Articles of Incorporation, do not approve the change to these Bylaws according to the provisions of Section 12.5.2, or do not approve any decision by the Board of Directors to treat a provision of the Articles of Incorporation or these Bylaws as preempted or otherwise inoperative by the same majority as required in Section 12.5.2, the Board of Directors shall convene a special meeting of the Members to vote on the dissolution of the Corporation according to a plan of dissolution developed by the Board of Directors that includes the restructuring costs of the transmission owners and operators signing Transmission Agreements. The Board of Directors shall dissolve the Corporation if the plan of dissolution developed by the Board of Directors receives the approval of at least four (4) out of five (5) Member Classes, each by a margin of at least two thirds (2/3) of the total voting power held by the Member Class (provided that the vote of Members must also comply with the requirements of RCW 24.03.220). The vote by each Member Class shall be tabulated separately. In addition, with respect to Member Classes that include Member Sub-Classes, the proportion of voting power cast in each Member Sub-Class shall be tabulated separately, then aggregated with tabulation of other Member Sub-Class votes within the Member Class to determine the proportion of voting power within the Member Class as a whole that has voted in favor of or against the proposal or resolution. An example of how Member Class and Member Sub-Class voting power is to be calculated is set forth in Exhibit A. Notwithstanding Section 5.10.2, the proposed vote must be included on the proposed agenda for the meeting of Members in order for a vote to be taken on a proposed dissolution.~~

[Drafting note: Former Section 12.4.3 has been deleted as too extreme and undesirably hostile to FERC. A recent decision by the U.S. Court of Appeals for the D.C. Circuit leads us to conclude that this “poison pill” provision is, in any event, unnecessary. In California Independent System Operator v. FERC, 372 F.3d 395 (D.C.Cir. 2004), the FERC had found the Cal ISO’s Board to be inadequately independent and ordered the ISO to change its governance structure, claiming authority to do so on the ground that the governance structure was a “practice” affecting jurisdictional rates and service within the meaning of the Federal Power Act. On review, the Court of Appeals held that the FERC’s statutory jurisdiction over

“practices” extends only to those practices that “directly affect” or “are closely related” to rates or terms and conditions of jurisdictional service, 372 F.3d at 403, and made very clear that corporate governance doesn't qualify: “It [FERC] does not have the authority to reform and regulate the governing body of a public utility under the theory that corporate governance constitutes a ‘practice’ for ratemaking authority purposes.” Id. at 404.]

12.4.2 Distribution of ~~Net~~ Assets upon Dissolution. Upon the dissolution or winding up of the Corporation, the Board of Directors shall, after paying, satisfying, discharging, or making adequate provision for payment of all of the liabilities and obligations of the Corporation, and subject to satisfaction of all applicable requirements of RCW 24.03.225 relating to dissolution, distribute all the remaining assets of the Corporation in accordance with the Articles of Incorporation.

12.4.3 Merger or Other Disposition of Assets. A merger of the Corporation pursuant to RCW 24.03.195, or a sale, lease, exchange, or other disposition of all or substantially all of the assets of the Corporation other than in the ordinary course of business pursuant to RCW 24.03.215, shall require the same vote as set forth in Section 12.4.1. Notwithstanding Section 5.10.2, the proposed vote must be included on the proposed agenda for the meeting of Members in order for a vote to be taken on a proposed merger or other disposition of assets pursuant to RCW 24.03.195 and RCW 24.03.215.

12.5 Amendment of Bylaws.

12.5.1 Methods of Amending Bylaws. These Bylaws may be amended only according to Sections 12.5.2 or 12.5.3.

12.5.2 Board of Directors Proposals to Amend Bylaws. The Board of Directors may amend these Bylaws only by the affirmative vote of at least two-thirds (2/3) of the Directors then in office, ~~and together with the affirmative vote of at least sixteen (16) votes' worth of the Members' voting power, which includes approval of ~~four (4)~~ three (3)~~ out of five (5) Member Classes ~~vote~~, each by a margin of at least two-thirds (2/3) of the total voting power held by the Member Class, ~~in favor of the amendment~~. The vote by each Member Class shall be tabulated separately. In addition, with respect to Member Classes that include Member Sub-Classes, the proportion of voting power cast in each Member Sub-Class shall be tabulated separately, then aggregated with tabulation of other Member Sub-Class votes within the Member Class to determine the proportion of voting power within Member Class as a whole that has voted in favor of or against the proposal or resolution. An example of how Member Class and Member Sub-Class voting power is to be calculated is set forth in ~~Exhibit A Attachment C~~. Notwithstanding Section 5.10.2, the proposed vote must be included on the proposed agenda in order for a vote to be taken on a proposed amendment.

[Drafting note: Experience during the Grid West development process has demonstrated that we cannot always perfectly anticipate how future events will affect the documents we develop today. The bylaws work group felt it would be a good idea to allow Board-proposed Bylaws amendments to be approved if they have substantial member and Board support, but without an unreasonably high hurdle.]

12.5.3 Member Initiatives to Amend Bylaws. A Member may propose amendments of these Bylaws to the Board of Directors. If the Board of Directors does not submit a Member's proposed amendment of these Bylaws to the Members for vote (either by not scheduling a vote on a proposed amendment or by voting to reject the proposed amendment), the Board of Directors shall nevertheless cause a Member vote to occur on the proposed amendment at the next meeting of Members if either one (1) Member Class unanimously supports the proposed amendment or two (2) Member Classes vote, each by a margin of at least three-fourths (3/4) of the total voting power held by the Member Class, in favor of submitting the proposed amendment to the Members for vote. The proposed amendment shall be approved by the Members if four (4) out of five (5) Member Classes vote, each by a margin of at least two-thirds (2/3) of the total voting power held by the Member Class, in favor of the amendment. The vote by each Member Class shall be tabulated separately. In addition, with respect to Member Classes that include Member Sub-Classes, the proportion of voting power cast in each Member Sub-Class shall be tabulated separately, then aggregated with tabulation of other Member Sub-Class votes within the Member Class to determine the proportion of voting power within the Member Class as a whole that has voted in favor of or against the proposal or resolution. An example of how Member Class and Member Sub-Class voting power is to be calculated is set forth in ~~Exhibit A Attachment C~~. Notwithstanding Section 5.10.2, the proposed vote must be included on the proposed agenda in order for a vote to be taken on a proposed amendment.

ARTICLE XIII

ALTERNATIVE DISPUTE RESOLUTION

13.1 Alternative Dispute Resolution. Disagreements arising under these Bylaws shall be resolved in accordance with the alternative dispute resolution provisions described in this Article XIII; provided, however, that disagreements related to Member qualification or Member Class assignments shall be resolved exclusively pursuant to the provisions set forth in Section 5.4; provided, further, that these alternative dispute resolution provisions shall not be used for disagreements between Members except as set forth in Section 5.4.

13.2 Scope of Bylaws Dispute Resolution Provisions.

13.2.1 General Applicability. Except as limited by law, the Bylaws Dispute Resolution Provisions shall apply to all disputes arising under these Bylaws with respect to whether there is a material, unremedied failure by a Person subject to the Corporation's Bylaws to comply with the Corporation's Bylaws.

13.2.2 Persons Eligible to Initiate or Participate in Dispute Resolution Process. Only Persons subject to the Corporation's ~~b~~Bylaws shall be eligible to initiate or participate as Disputing Parties in any dispute resolution process under the Bylaws Dispute Resolution Provisions. For purposes of the Bylaws Dispute Resolution Provisions, Persons subject to the Corporation's Bylaws are

- (i) the Corporation;

- (ii) the Board of Directors;
- (iii) the officers, employees, and agents of the Corporation;
- (iv) Members of the Corporation; and
- (v) members of any committee, subcommittee, or other body composed of or elected by the Directors, officers, or Members (or a combination of the foregoing).

13.3 Procedures to Initiate Dispute Resolution Process.

13.3.1 Good-Faith Written Request. No Person may serve a demand for arbitration under Section 13.3.2 without first having made a good-faith, written request to all other Persons named as respondent Disputing Parties in the demand for arbitration that the matter giving rise to the dispute be remedied and allowing a reasonable opportunity for the respondent Disputing Party or Parties to implement a remedy.

13.3.2 Demand for Arbitration. Provided that there has not been an adequate remedy in response to a good-faith written request delivered in compliance with Section 13.3.1, a Person eligible to become a Disputing Party may initiate a dispute resolution process under the Bylaws Dispute Resolution Provisions by serving its demand for arbitration on the respondent Disputing Party or Parties and the Arbitration Committee, which shall publish (or cause to be published) notice of the demand on the Grid West Website and by any other method the Arbitration Committee specifies.

13.3.3 Statement(s) of Claim(s). Absent an agreement among all Disputing Parties to proceed otherwise, the Disputing Party that served a demand for arbitration under Section 13.3.2 shall, within fifteen (15) days after serving the demand, deliver a written statement of claim(s) to each other Disputing Party and the Arbitration Committee. The Disputing Parties may agree to delay the commencement of arbitration to attempt to resolve their dispute through good-faith negotiations or mediation or for any other reason. The statement of claim(s) shall set forth in reasonable detail

- (i) each claim;
- (ii) the relief sought;
- (iii) a summary of the grounds for such relief and the basis for each claim; and
- (iv) the identity of all Disputing Parties.

Each other (respondent) Disputing Party shall deliver its response (including identification of any additional Person(s) necessary to resolution of the dispute) within fifteen

(15) days following receipt of the initial statement of claim or such longer period as the Disputing Parties agree or the Arbitration Committee may permit following an application by a respondent Disputing Party. If any respondent Disputing Party wishes to submit a counterclaim with its response to the initial statement of claim, the respondent Disputing Party shall include the counterclaim in its response. Where a respondent Disputing Party includes a counterclaim the initiating Disputing Party may respond to that counterclaim within fifteen (15) days following receipt of the counterclaim. Any Disputing Party named in a statement of claim that does not respond to the claim within the period specified in this Section 13.3.3 shall be deemed to have denied each claim against it. The Corporation shall publish the statements of claim, the responses, and any counterclaims on the Grid West Website and by any other method the Arbitration Committee specifies.

13.3.4 Intervention Rights. The terms of the Bylaws Dispute Resolution Provisions applicable to intervention are set forth in Section 13.8.

13.4 Selection of Arbitrator.

13.4.1 Selection of a Single Arbitrator. Within ten (10) days following submission of respondent Disputing Parties' responses and counterclaims, the Disputing Parties shall select an arbitrator familiar with and knowledgeable about the law applicable to Corporations in the Corporation's state of incorporation and the nature of the Corporation's business and bylaws. If the Disputing Parties cannot agree upon an arbitrator, or do not agree on a means of selecting an arbitrator that differs from that set forth in this Section 13.4, the Disputing Parties shall take turns striking names from a list of ten (10) qualified individuals supplied by the Arbitration Committee from its standing list. The Disputing Parties shall choose lots to determine the order for striking names. The last remaining name not stricken shall be designated as the arbitrator. If that individual is unable or unwilling to serve (or, if a Disputing Party objects to the arbitrator serving on the basis of a disclosure under Section 13.5 within five (5) days of that disclosure), the individual last stricken from the list shall be designated and the process repeated until an individual is selected who is able and willing to serve. If a Disputing Party issuing or named in a statement of claim served under Section 13.3.3 does not participate in the selection of an arbitrator within the time period specified under this Section 13.4.1, the remaining Disputing Parties have the right to select the arbitrator without the nonparticipating Disputing Party.

13.4.2 Option to Obtain Three-Arbitrator Panel. As an alternative to selecting one (1) arbitrator under Section 13.4.1, any Disputing Party may elect to constitute a three- (3-) member arbitration panel, and the other Disputing Party or Parties shall cooperate in the selection of the panel, subject to the following conditions:

- (i) any Disputing Party or Parties so electing shall be responsible for five-sixths (5/6) of the costs of the arbitration (exclusive of each Disputing Party's individual costs and attorneys' fees), regardless of the outcome of the arbitration, unless the Disputing Parties agree to an alternate method of allocating costs. The remaining one-sixth (1/6) of the costs shall be allocated to the Disputing Party (or allocated in equal

parts among the Disputing Parties) that did not participate in the election to use a three- (3-) arbitrator panel;

- (ii) each arbitrator shall be subject to the requirements of Section 13.5;
- (iii) unless otherwise agreed by the Disputing Parties, the three (3) arbitrators shall be selected in the following manner:
 - (a) the Arbitration Committee shall provide to the Disputing Parties a list of fifteen (15) qualified individuals from its standing list,
 - (b) the Disputing Parties chose lots to determine the order for striking names,
 - (c) the Disputing Parties shall take turns striking names from the list, and
 - (d) the three (3) remaining names not stricken shall constitute the arbitration panel;
- (iv) the arbitration panel shall decide all matters by majority vote; and
- (v) all other procedures, rights, and obligations set out in the Bylaws Dispute Resolution Provisions shall apply to the arbitration, and all references to the “arbitrator” also shall be deemed a reference to the three- (3-) member arbitration panel so chosen.

13.4.3 Arbitrator’s Jurisdiction. The arbitrator shall have the power to determine whether a dispute is subject to arbitration pursuant to the Bylaws Dispute Resolution Provisions.

13.4.4 Communication with Candidates to Serve as Arbitrator. No Disputing Party and no one acting on behalf of any Disputing Party may communicate on any matter relating to the dispute, including selection of an arbitrator, with any potential arbitrator identified on the list provided by the Arbitration Committee, except that staff of the Corporation, under the direction of the Arbitration Committee, may communicate with potential arbitrators concerning arrangements for an arbitration.

13.5 Disclosures Required of Arbitrators.

13.5.1 Initial Disclosure Obligations. The selected arbitrator shall be required to disclose to the Disputing Parties any direct financial or personal interest in the outcome of the arbitration. The arbitrator shall be required to disclose to the Disputing Parties any additional interests, relationships, facts, or circumstances including

- (i) any existing or past financial, business, or professional interest or employment;

(ii) any relationship the arbitrator has with any Disputing Party or its counsel, or with any individual whom the arbitrator has been told will be a witness; and

(iii) any family or personal relationship

if they are likely to affect the arbitrator's impartiality or might reasonably create an appearance of bias. All arbitrators shall make a reasonable effort to inform themselves of any interests or relationships described above.

13.5.2 Ongoing Disclosure Obligations. The obligation to make disclosure in accordance with Section 13.5 is a continuing duty. If, after initiation of an arbitration under the Bylaws Dispute Resolution Provisions, the arbitrator must make a disclosure in accordance with Section 13.5, the arbitrator shall, at the time of disclosure, determine whether the information disclosed is grounds to disqualify the arbitrator from continuing with the arbitration. If the arbitrator determines that he or she is disqualified from continuing with the arbitration, the Disputing Parties shall select a new arbitrator in accordance with Section 13.4.

13.6 Protection from Liability. Neither the Arbitration Committee nor any arbitrator shall be liable to any party for any act or omission in connection with any arbitration conducted under the Bylaws Dispute Resolution Provisions, other than acts or omissions that are criminal or constitute intentional wrongdoing for the purpose of subverting the arbitration process.

13.7 Arbitration Procedures.

13.7.1 Timetable. Promptly after the appointment of the arbitrator, the arbitrator shall set a date for the issuance of the arbitration decision, which shall be no later than six (6) months (or such later date upon which the Disputing Parties and the arbitrator may agree) from the date of the appointment of the arbitrator, with other dates, including the dates for an evidentiary hearing or other final submissions of evidence, set in light of this date. The Disputing Parties may, by agreement, modify any dates set by the arbitrator (other than the maximum time allowed for issuance of the arbitration decision). The arbitrator shall not change the date for the evidentiary hearing or other final submissions of evidence absent extraordinary circumstances. The arbitrator shall have the power to impose sanctions, including imposition of costs and dismissal of the proceeding, for dilatory tactics or undue delay in completing the arbitration proceedings.

13.7.2 Procedural Rules. The Arbitration Committee shall adopt arbitration procedural rules consistent with the Bylaws Dispute Resolution Provisions (including the provisions set forth in Sections 13.7.2(i) through 13.7.2(v)). The Arbitration Committee may modify the arbitration procedural rules from time to time. In any case where there is a conflict between the arbitration procedural rules and the Bylaws Dispute Resolution Provisions, the Bylaws Dispute Resolution Provisions shall govern. The arbitrator shall conduct the arbitration in accordance with the Bylaws Dispute Resolution Provisions and the arbitration procedural rules, except as provided in Section 13.7.4.

(i) Discovery Procedures. The arbitration procedural rules shall include adequate provision for the discovery of relevant facts, including the taking of testimony under oath, production of documents and other things, presentation of evidence, taking of samples, conducting of tests, and inspection of land and tangible items. The nature and extent of such discovery shall take into account

- (a) the complexity of the dispute;
- (b) the extent to which facts are disputed;
- (c) the extent to which the credibility of witnesses is relevant to a resolution; and
- (d) the need to provide fair access to information by all Disputing Parties where information has been obtained under statutory right by one or more Disputing Parties from another Disputing Party or Parties outside the discovery process.

The forms and methods for taking such discovery shall be as described in the Federal Rules of Civil Procedure, except as modified by agreement of the Disputing Parties.

(ii) Confidentiality. The arbitration procedural rules shall provide a means for protecting confidential information disclosed in the course of an arbitration under the Bylaws Dispute Resolution Provisions. Any information determined to be confidential in the course of an arbitration shall not be included in any published or publicly available summary or copy of the arbitration award.

(iii) Summary Disposition. The arbitration procedural rules shall provide a means for summary disposition of an arbitration proceeding under the Bylaws Dispute Resolution Provisions. The arbitrator may grant summary disposition of the proceeding, in whole or in part, if there is no genuine issue of fact material to the decision. Any uncontroverted fact established through summary disposition shall be deemed established for the remainder of the proceeding. Any grant of summary disposition under this Section 13.7.2(iii) is subject to appeal pursuant to Section 13.10 after the final award in the proceeding has been issued.

(iv) Evidentiary Hearing. The arbitration procedural rules shall provide for an evidentiary hearing with respect to matters not resolved through summary disposition under Section 13.7.2(iii), unless all Disputing Parties consent to the resolution of the matter on the basis of a written record. Hearing rules shall include provision for the cross-examination of witnesses.

(v) Evidence. The arbitration procedural rules shall include provisions addressing submission and admissibility of evidence. The arbitrator shall compile and

certify a complete evidentiary record of the arbitration, which, upon completion, shall be available to any Disputing Party at that Disputing Party's request.

13.7.3 Communication with Arbitrator. Except by agreement of or in the presence of all Disputing Parties, no Disputing Party and no one acting on behalf of any Disputing Party may communicate with the arbitrator concerning the arbitration outside of scheduled proceedings. Unless the Disputing Parties agree otherwise or the arbitrator so directs, any written or electronic communication from any Disputing Party to the arbitrator shall also be sent to all other Disputing Parties and to the Arbitration Committee.

13.7.4 Modification of Arbitration Procedures. The Disputing Parties may, by agreement of all the Disputing Parties, modify the application of the arbitration procedural rules for purposes of their specific dispute. Except where the terms of the Bylaws Dispute Resolution Provisions specifically provide otherwise, the Disputing Parties may not agree to modify any of the provisions set forth in the Bylaws Dispute Resolution Provisions.

13.8 Intervention Rules.

13.8.1 Persons Eligible to Intervene. Only Persons identified in Section 13.2.2 of the Bylaws Dispute Resolution Provisions are eligible to intervene in an arbitration governed by the Bylaws Dispute Resolution Provisions; provided that the Person

(i) was not named as a Disputing Party in the statement of claim initiating the arbitration as provided in Section 13.3.3 or in a responding counterclaim; and

(ii) complies with the other provisions in the Bylaws Dispute Resolution Provisions concerning intervention and the obligations of Disputing Parties.

13.8.2 Timing for Intervention Application. A Person eligible to intervene in an arbitration under the Bylaws Dispute Resolution Provisions may apply to intervene in the arbitration as a Disputing Party within thirty (30) days from publication of the statement of claim initiating the arbitration. The arbitrator may, at his or her discretion, permit late intervention for good cause shown.

13.8.3 Required Showings for Intervention. The arbitrator shall permit a Person to intervene in an arbitration under the Bylaws Dispute Resolution Provisions if the Person applying to intervene (applicant) shows, to the arbitrator's reasonable satisfaction, that

(i) the applicant is eligible to intervene under Section 13.8.1 of the Bylaws Dispute Resolution Provisions;

(ii) the applicant's rights or interests will be substantially affected by outcome of arbitration; and

(iii) no other Person that is currently a Disputing Party to the arbitrations is likely to adequately represent the applicant's interests.

13.8.4 Application and Order. Any applicant to intervene in an arbitration under the Bylaws Dispute Resolution Provisions shall serve a copy of its application on the arbitrator, the Disputing Parties, and the Arbitration Committee. The application must demonstrate that the applicant satisfies the criteria set forth in Section 13.8.3. Any Disputing Party that objects to the intervention request must file a written objection with the arbitrator, if an arbitrator has been selected, and deliver the objection upon the applicant, the other Disputing Parties, and the Arbitration Committee, within ten (10) days of service of the application. Promptly upon selection of the arbitrator pursuant to Section 13.4, the arbitrator will issue an order determining whether, based upon the criteria established by Section 13.8.3, any applicant that has timely filed an application may intervene in the arbitration.

13.8.5 Effect of Arbitrator Granting Intervention. Any applicant whose request to intervene in an arbitration under the Bylaws Dispute Resolution Provisions is granted by the arbitrator becomes a Disputing Party with full rights and responsibilities in relation to all other Disputing Parties; provided, however:

- (i) the applicant must
 - (a) accept the arbitrator(s) selected in accordance with Section 13.4 of the Bylaws Dispute Resolution Provisions,
 - (b) accept the record as established at the time the intervention is granted, including any procedural or substantive rulings or orders,
 - (c) proceed in accordance with any established schedule, and
 - (d) pay a share of the costs of arbitration as determined by the arbitrator taking into account, among other things, the stage of the arbitration when intervention is sought;
- (ii) the arbitrator may further condition Disputing Party status as necessary to ensure that the rights of other Disputing Parties are not unduly prejudiced and that the arbitration is not unduly delayed; and
- (iii) any late-intervening Person must not cause a conflict of interest for the arbitrator objectionable to any existing Disputing Party.

13.9 Award, Remedies, and Enforcement.

13.9.1 Award. The arbitrator shall issue written reasons for the award, including findings of fact and conclusions of law. The arbitration award shall be based on

- (i) the evidence in the record;

- (ii) applicable law as then in effect in the Corporation's state of incorporation;
- (iii) the terms of the Articles of Incorporation and these Bylaws; and
- (iv) consideration of relevant decisions in previous arbitration proceedings.

The arbitrator may, but need not, treat previous decisions under this Section 13.9.1 as determinative. The arbitrator's award shall be published and maintained, in searchable form, on the Grid West Website and by any other method the Arbitration Committee specifies. The Corporation's Office of General Counsel shall maintain a copy of the complete award and written explanation.

13.9.2 Remedies.

- (i) Arbitrator's Discretion. Subject to the requirements of Section 13.9.1, the arbitrator shall have discretion to require no change in actions, or grant an injunction or mandamus.
- (ii) Costs. Except as otherwise provided in Sections 13.4.2, 13.7.1, and 13.8.5, the costs of the time, expenses, and other charges of the arbitrator shall be borne by the Disputing Parties, with each Disputing Party on an arbitrated issue bearing its pro rata share of such costs, and each Disputing Party bearing its own costs and fees. If the arbitrator determines that a demand for arbitration or response to a demand for arbitration was made in bad faith, the arbitrator shall have discretion to award the costs of the time, expenses, and other charges of the arbitrator to the prevailing Disputing Party.
- (iii) Compliance. Unless the arbitrator's decision is appealed under Section 13.10, the Disputing Parties shall, upon receipt of the decision, immediately take whatever action is required to comply with the award to the extent the award does not require action by a governmental authority not a party to the arbitration. An award that is not appealed shall be deemed to have the same force and effect as an order entered by a court of competent jurisdiction.
- (iv) Enforcement. Following the expiration of the time for appeal of an award pursuant to Section 13.10.3, any Disputing Party may apply to a court of competent jurisdiction in the Corporation's state of incorporation for entry and enforcement of judgment based on the award. Parties to arbitration under the Bylaws Dispute Resolution Provisions shall be deemed to have consented that judgment upon the arbitration award may be entered in a court having jurisdiction within the Corporation's state of incorporation.

13.10 Appeal of Award.

13.10.1 Rehearing; Clarification; Appeal. A Disputing Party may apply to a court of competent jurisdiction in the Corporation's state of incorporation to hear an appeal of an arbitration award where

- (i) the arbitrator's decision is contrary to applicable law;
- (ii) the arbitrator was guilty of misconduct in refusing to postpone the hearing, upon sufficient cause shown, or in refusing to hear evidence pertinent and material to the controversy; or for any other misbehavior by which the rights of any party have been prejudiced;
- (iii) the arbitrator exceeded the authority conferred by the Bylaws Dispute Resolution Provisions or as otherwise established by agreement of all the Disputing Parties;
- (iv) the award was procured by corruption, fraud, or undue means;
- (v) there was evident partiality or corruption in the arbitrator(s);
- (vi) there was an evident material miscalculation of figures (e.g., quorum and voting) or an evident material mistake in the description of any person, thing, or property referred to in the award; or
- (vii) the award is imperfect in matter of form not affecting the merits of the controversy.

13.10.2 Appellate Record. The arbitration process set forth in the Bylaws Dispute Resolution Provisions contemplates that the court of competent jurisdiction should afford substantial deference to the factual findings of the arbitrator. No Disputing Party may seek to expand the record before the court of competent jurisdiction beyond that assembled by the arbitrator, except

- (i) by making reference to legal authority that did not exist at the time of the arbitrator's decision; or
- (ii) if the Disputing Party contends the decision was based upon or affected by fraud, collusion, corruption, misconduct, or misrepresentation.

13.10.3 Procedures for Appeals. Appeals shall, unless otherwise ordered by the court of competent jurisdiction in the Corporation's state of incorporation, conform to the procedural limitations set forth in this Section 13.10.3.

- (i) Notice. If a Disputing Party desires to appeal an award, it shall provide notice of appeal to the Corporation's Board of Directors, all other Disputing

Parties, and the arbitrator within fourteen (14) days following the date of the award. The appealing Disputing Party must likewise provide notice to the Arbitration Committee, which shall publish notice of the appeal on the Grid West Website and by other method the Arbitration Committee specifies. Within ten (10) days of the filing of the notice of appeal, the appealing Disputing Party must file an appropriate application, petition, or motion with a court of competent jurisdiction in the Corporation's state of incorporation. The filing shall state that the subject matter has been the subject of an arbitration under the Bylaws Dispute Resolution Provisions.

(ii) Evidentiary Record. Within thirty (30) days of filing the notice of appeal (or such period as the court of competent jurisdiction in the Corporation's state of incorporation may specify) the appellant shall file the complete evidentiary record of the arbitration and a copy of the award with the court of competent jurisdiction. The appellant shall serve copies of a description of all materials included in the certified evidentiary record.

(iii) Stay Pending Appeal. Implementation of the award shall be deemed stayed pending an appeal unless and until, at the request of a Disputing Party, the court of competent jurisdiction in the Corporation's state of incorporation to which an appeal has been filed issues an order dissolving, shortening, or extending the stay.

ATTACHMENT D
BOARD OF DIRECTORS
CONDUCT RULES

These Conduct Rules for the members of the Board of Directors of the Corporation are as follows:

I. DEFINITIONS. For purposes of these Conduct Rules, the following terms and definitions shall apply:

A. "Affiliate" of a "Person" (as defined below) means a Person that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with such Person. For purposes of these Conduct Rules, in determining whether one Person controls another Person, without limitation, the direct or indirect ownership or control of or power to vote five percent (5%) or more of the outstanding voting securities of a corporation shall be deemed to constitute control of such corporation.

B. "Corporate Personnel" means each and all of the officers, employees, and substantially full-time consultants and contractors of the Corporation.

C. "Person" means an individual, corporation, cooperative corporation, municipal corporation, quasi-municipal corporation, limited liability company, mutual association, partnership, limited partnership, limited liability partnership, association, joint-stock company, trust, unincorporated organization, government entity or political subdivision thereof, or organization recognized as a legal entity by law in the United States or Canada.

D. "Related Person" of an individual means all of the following: an individual's spouse, domestic partner, parents (including step-parents and in-laws), children (including step-children and in-laws), and siblings (including step-siblings and in-laws).

II. GENERAL STATEMENT.

A. The Corporation expects all Directors of the Corporation to conduct business on behalf of the Corporation with integrity and high ethical standards. These Conduct Rules and the bylaws of the Corporation set forth guidelines for all Directors to follow.

B. In general, Directors should recognize and avoid conduct or activities that involve or might appear to involve a conflict of interest. Although it is impossible to list

every circumstance that may suggest a possibility of a conflict of interest, some guidelines are as follows:

1. Directors must not use any position with the Corporation for personal, private gain or benefit. In addition, Directors may not use nonpublic information obtained in connection with their duties or service to the Corporation to the detriment of the Corporation or for their direct or indirect personal gain or advantage or for the personal gain or advantage of any other Person, including, but not limited to, a Related Person of a Directors or Corporate Personnel.
2. Directors should avoid any action that might result in or create the appearance of inappropriate preferential treatment of any Directors or Corporate Personnel, or any Related Person of any Directors or Corporate Personnel.
3. Directors may not at any time disclose any confidential or commercially sensitive information or trade secrets of the Corporation or that the Corporation obtains from third parties, except as and to the extent authorized by the Corporation's bylaws and any other rules of the Corporation.
4. A Director should not engage in conduct or activities that conflict or are inconsistent with any activity of the Corporation or that would cause a reasonable person to believe that the Director's judgment, loyalty, or objectivity might be influenced in a way that is adverse to the interests of the Corporation.
5. Directors should take care to avoid adversely affecting the public's confidence in the integrity or the reputation of the Corporation. Directors should be able to justify and withstand public scrutiny of their conduct and activities.
6. Directors who serve on the boards of other entities (whether for-profit or nonprofit) must be meticulous in observing the rules of separate loyalty.

C. In considering the guidelines set forth in these Conduct Rules and the Corporation's bylaws, a Director must remember that the relationships of his or her business associates, family, friends, and other Persons may give rise to a potential conflict of interest even if the Director himself or herself is not involved directly. A potential conflict can exist when the parties in the relationship give or receive, or could reasonably be perceived to give or receive, unfair advantage or preferential treatment because of the relationship. No Director should have a direct or indirect interest in or relationship with any outside Person or organization that might affect (or that might reasonably be perceived by others as affecting) the objectivity or independence of the Director's judgment or conduct in carrying out his or her duties to the Corporation.

D. Directors should be aware that even the appearance of a conflict of interest could harm the Corporation, and they should always try to avoid giving an appearance of impropriety. When in doubt, Directors should disclose the circumstances to their fellow

Directors and follow the applicable procedures set forth in these Conduct Rules and the Corporation's bylaws.

III. GENERAL CONFLICT-OF-INTEREST REQUIREMENTS.

A. Each Director must comply with all laws and regulations applicable to the conduct of the business of the Corporation, all policies established by the Board of Directors, and these Conduct Rules. Any Director who becomes aware of any illegal conduct on the part of any other Director, or any conduct that is otherwise inconsistent with the requirements of these Conduct Rules, must promptly report such conduct to the Board of Director.

B. No Director may use any Corporation property or services for personal gain or remove or dispose of the materials, supplies, or equipment of the Corporation without proper authority.

C. No Director or Related Person of any Director may accept any form of gift, gratuity, or entertainment that would tend to affect or give the appearance of affecting his or her judgment in the performance of his or her duties; provided, however, that a Director may accept (i) items such as food, refreshments, and entertainment in the course of a meal, theater event, sports event, or social event and (ii) noncash gifts of a nominal value such as pens, pencils, notepads, calendars, and other noncash gifts received for a special occasion, in each case of a value not exceeding \$250 (U.S.) per source per year.

D. No Director may solicit or attempt to solicit for employment any individual who is then an employee of the Corporation; induce or attempt to induce any such employee to terminate his or her employment with the Corporation; take any other action that might reasonably interfere with or damage the Corporation's business opportunities or business relationships with its employees, lenders, creditors, customers, or other Persons with which the Corporation conducts business; or otherwise violate the Director's duty of loyalty to the Corporation.

E. Except as may be allowed by a recognized legal privilege or appropriate assertion of confidentiality, no Director may withhold information from or give false or misleading information to anyone conducting duly authorized investigations or audits of the Corporation.

IV. IMPLEMENTATION.

A. Individuals with certain relationships are prohibited from serving on the Board of Directors. See Section 7.10 of the Corporation's bylaws. If any Director, or any Related Person of a Director, has a direct or indirect beneficial or other interest in, or relationship with, any Person (or any Affiliate of any Person) with which the Corporation transacts (or proposes to transact) business, the Director must fully disclose to the Board of Directors the existence and nature of such interest or relationship and all applicable

facts known to the Director that an ordinarily prudent person would reasonably believe to be material to a judgment about whether to proceed with the transaction. If the transaction is sufficiently material to require action by the Board of Directors or one of its committees, any Director having a direct or indirect interest or relationship must refrain from voting on the matter, and all applicable action shall be undertaken in accordance with the Corporation's bylaws and applicable state law governing "interested" or "self-dealing" transactions involving nonprofit corporations.

B. Directors must comply with applicable law. The Board of Directors will maintain reasonable means for assessing and monitoring all Directors to ensure such compliance. Directors may consult counsel for the Corporation if they have any questions regarding applicable law or these Conduct Rules. Any Director who received a written opinion from counsel for the Corporation is entitled to rely on that opinion.

C. The Corporation will distribute a copy of these Conduct Rules to each of the Corporation's Directors upon his or her election to the Board of Directors and not less often than once a year thereafter. All Directors must complete an annual disclosure questionnaire regarding compliance with the Corporation's bylaws and the provisions of these Conduct Rules.

D. The Board of Directors may, by approval of two-thirds of its members, remove from the Board of Directors any Director who fails to comply with any applicable law or fails to comply with any provision of these Conduct Rules.
