ATTN: Mr. Kirk Robinson

Project Manager for Bonneville Power
PH: 360-619-6301
Bonneville Power and Communication Office-DM-7
PO Box 14428
Portland, OR
97293-4428

Mr. Robinson this email is in regards to the Libby to Troy, MT rebuild (FEC) Southern Alternative of the Quartz Creek realignment project.

My father Anthony Kimberlin of Libby MT (406) 293-6178 Lower Quartz Creek Road. Explained to me via the phone that you had requested a quick email stating my future intentions. I currently have less than two years before I'm eligible to retire from the United States Coast Guard. Upon my retirement my plans are to move my wife and kids back to my home of record in Libby, MT and build a home upstream and across the creek from my fathers house located on Quartz Creek. Please let me know if you should need any further information in regards to this matter.

Thank you for your time.
