

Proposed Rebuild of the Libby (FEC) to Troy section of BPA's Libby to Bonners Ferry 115-kilovolt Transmission Line
"I'd like to tell you . . ."

1. Please have your environmental studies look at:

2. I need more information about:

I would like to know the effects of these Transmission Lines on permant residents. Is there any long term Health effects to think about?

3. I have these other comments:

My Company JBC Timber Inc. owns a 40 acre tract just above the Lincoln County Road Maint. Shop, We have plans to develop this area for residential use. If the Line cannot be moved around us, then I would hope that the larger, taller poles would be used.

Please put me on your project mailing list. (You are already on the mailing list, if you have received mailed notices.)
