Vancouver, Washington 98666-1409

Re: Port Angeles – Juan de Fuca Transmission Project  
Log No: 081705-02-BPA

Dear Mr. Korsness;

Thank you contacting our department. We have reviewed the Draft Environmental Impact Statement (DEIS) for the proposed Port Angeles – Juan de Fuca Transmission Project in Port Angeles, Clallam County, Washington. We would appreciate receiving a copy of the professional cultural resources survey report so we may review the appropriateness of the proposed Mitigation Measures identified in Section 3.9.3 on page 3-109. We look forward to receiving the report when available.

We would appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of 36CFR800.4(a)(4) and a copy of the monitoring report when available.

These comments are based on the information available at the time of this review and on the behalf of the State Historic Preservation Officer in conformance with Section 106 of the National Historic Preservation Act, as amended, and its implementing regulations 36CFR800. Should additional information become available, our assessment may be revised. Thank you for the opportunity to comment and a copy of these comments should be included in subsequent environmental documents.

Sincerely,

Robert G. Whitlam, Ph.D.  
State Archaeologist
