Re: FOIA Request No. F2002-00271

Dear Mr. Hulbert:

This is in response to the request for information that you sent to the Department of Defense (DOD) under the Freedom of Information Act (FOIA), 5 U.S.C. 552. You asked for documents that relate to the Transmission Live Line Barehand work method.

Any documents that may exist that are responsive to the request are under the jurisdiction of the Western Area Power Administration and the Bonneville Power Administration. For this reason, the request has been assigned to those two offices to conduct searches of their files for responsive documents. Upon completion of the searches and review of any documents that may be located, you will be provided a response by those offices.

If you have any questions about the processing of the request, you may contact Ms. Patty Land, Western Area Power Administration, P.O. Box 3402, Golden, Colorado, 80401-0098. You also may contact her at 720-962-7014.

The FOIA contact for the Bonneville Power Administration is Mr. Gene Tollefson, 905 NE 11th Avenue, Portland, Oregon, 97323. You also may contact him at 503-230-4444.

I appreciate the opportunity to assist you with this matter. If you have any questions about the processing of this correspondence, please contact Ms. Carol Wolf of my staff at 202-586-3141. This is the final response that you will receive from DOE Headquarters.

Sincerely,

A handwritten signature in black ink that reads "Abel Lopez".
