LOG # 02-050

Dear Mr. Tollefson:

This request is being made under the Freedom of Information Act.

We would like to receive, in writing, the herbicide/pesticide spray records performed by BPA, or their agents, in and around the BPA substation on Newell Road, Underwood, WA. This information is to cover the period January 1, 2002 through August 31, 2002.

We make this request as individuals seeking this information for personal use and not primarily for commercial use. We are willing to pay a fee of \$15.00 for this information but wish to be informed if it is more. However, we believe this fee should be waived since this information is in the public interest.

We are neighbors of the BPA substation in Underwood, WA and the transmission lines run through our property. We wish to review the spray records and know the herbicides and pesticides used at the BPA Underwood substation and the 600 feet of transmission lines leading into the substation.

You can reach us by mail, phone, fax, or email as shown above. We look forward to hearing from someone soon with the status of this request, and hopefully a copy of the requested records.

Thank you for your assistance.

Sincerely,

Peter Brehm
