Exhibit A: Payment Schedule

This CURTAILMENT AGREEMENT (Agreement) is executed by the UNITED STATES OF AMERICA, Department of Energy, acting by and through the BONNEVILLE POWER ADMINISTRATION (BPA), and ATOFINA CHEMICALS, INC. (ATOFINA). ATOFINA is organized under the laws of the Commonwealth of Pennsylvania.

RECITALS

Due to the unprecedented power prices prevailing in current power markets, ATOFINA must curtail certain operations at its Portland, Oregon chemical facilities, and BPA desires to purchase the power that is made available as a result of such curtailment.

Execution of this Agreement will provide substantial benefits: (1) to BPA and its Pacific Northwest wholesale power customers; and (2) to ATOFINA.

THEREFORE, BPA proposes the following:

1. TERM

This Agreement takes effect on the date signed by the Parties (the "Effective Date"), and shall continue in effect until 2400 hours on October 20, 2002.
