In reply refer to: CILR-4

Mr. James Hulbert
Carolina Power and Light
207 Cope Road
Chipley, Florida 32428

Dear Mr. Hulbert,

Your fax to the Department of Energy was relayed to the Bonneville Power Administration for response. You asked for information on any and all Rules, Regulations, Policies, and Procedures for the Transmission Live Line Barehand work method. Your request was logged in as request #02-043.

Mr. Fred Johnson, Vice President for Construction and Maintenance Services, informs me that due to OSHA standards this method is not used by the BPA, nor by other utilities in the Pacific Northwest. We, therefore, have no records responsive to your request.

With best wishes,

A handwritten signature in cursive script, appearing to read "Gene Tollefson", is written over a horizontal line.
