In reply refer to: FOIA Request #02-050

Peter & Faye Brehm
932 Evelyn Avenue
Albany, CA 94706

Dear Peter and Faye Brehm:

This letter is in response to FOIA request #02-050 initiated by your letter dated September 11, 2002. Your letter requested herbicide/pesticide spray records performed by BPA or contractors covering the period January 1, 2002 through August 31, 2002. Enclosed are copies of herbicide/pesticide spray reports in and around Bonneville Power Administration's Underwood Substation and Underwood Tap transmission line right-of-way between January 1, 2002 and August 31, 2002. The contractor responsible for managing the vegetation within the fenced area and ground mat of the substation was Integrated Vegetation and Insect Management, Inc. Central Oregon Logging, Inc. was contracted to manage the vegetation within the transmission line right-of-way and around the outside of the Underwood Substation fenced yard.

The charge for the documents is less than \$15 and therefore, you will not be charged for the enclosed documents. Please feel free to call me at 541-296-8905, ext. 170 if you have any questions regarding this information.

Sincerely,

A handwritten signature in cursive script that reads "Libby Johnson".

Libby Johnson, Natural Resource Specialist
Redmond Region
