January 25, 2003

In reply refer to: PTS-5

Ms. Regina Chichizola
Klamath Siskiyou Wildlands Center
84 Fourth Street
Ashland, OR 97520

Dear Ms. Chichizola:

On January 27, 2003, you submitted a Freedom of Information Act (FOIA) request, designated as our log #03-018, in which you request from the Bonneville Power Administration a set of information related to the Telephone Flat and Four mile Hill Geothermal projects, specifically:

1. Documentation on where the power generated for the above projects will be going,
2. Correspondence with Calpine Corporation,
3. Criteria for Green Energy certification for BPA projects, and
4. Correspondence with the Klamath and Modoc National Forests and the Bureau of Land Management in relation to these projects.

This request originally was due yesterday, February 24, 2003. Due to the volume of material that needs review, I am invoking an extension of ten business days. Your request should be fulfilled on or before March 10, 2003.

Thank you for your patience. If you have any questions regarding this response, you may contact me at 503-230-3715.

Sincerely,

A handwritten signature in black ink that reads "Gary C. Insley". The signature is written in a cursive style.

Gary C. Insley, Manager, Account Services
Bulk Marketing & Transmission Services
