

**Errata to  
2002 Initial Power Rate Proposal  
Wholesale Power Rate Development Study  
Targeted Adjustment Charge for Uncommitted Loads  
WP-02-E-BPA-36(E1)**

Page 3, following line 4: Add the following:

“Q. Does the TACUL apply to the NR rate?

A. Yes. BPA is not currently serving any load under the NR rate and does not expect to serve any load under the NR rate during this rate period. Any load served under this rate would be unanticipated. Thus, all load served under this rate prior to September 30, 2001 would be subject to the TACUL.”
