- Temporary promotions and details may be terminated at any time based on the needs of management.
- Multiple selections may be made from this interest announcement to fill the position on a rotational basis.

## **GENERAL INFORMATION:**

The Transmission Rates and Revenues team (TSQR) is responsible for setting transmission rates, forecasting the revenues from those rates, and reviewing actual revenues as they come in. This detail is for a Revenue Analyst position. The successful candidate will work with senior analysts to produce monthly reports that show BPA Transmission's performance throughout the year, building a narrative to be shared internally. They will also be responsible forecasting the revenues of some products that are offered. This is very much a quantitative analyst position, however, qualitative skills are also quite helpful.

## **DUTIES:**

- Develops sales forecasts corresponding to Transmission Services' rate components by forecasting Transmission Services' billing determinants to which general rates apply. Estimate revenues from all Transmission Services' rate-related revenue sources; monitor revenues from contract specific rates to produce a comprehensive accounting of all Transmission Services' revenues on a current and prospective basis
- Forecasts Transmission Services' revenues for the near-term under current rates. "Near-term" encompasses fiscal years in the period covered by current rates and long term revenue forecasts.
- Develops forecasts of revenue from long-term Transmission Services' contracts from efforts within Transmission Marketing and Sales to account for authenticated contracts; work with Transmission Services' load forecasters and account executives to forecast changes in contract quantities.
- Forecasts miscellaneous revenues.

# INTEREST ANNOUNCEMENT

- Designs and populates Transmission Services' Transmission Rates Study used in formal rate processes to set and document Transmission general rates.
- Researches, documents, and provides appropriate actions to maintain and manage revenue services/products/rate information across all critical business systems.
- Coordinates billing, rates, scheduling, and contractual revenues with the financial reports from PeopleSoft and/or the Data Warehouse. Knowledge in various computer systems/software (e.g., Hyperion, OASIS, CCIS, and CBSA) to achieve the coordination is necessary.
- Works with the Revenue team to design, create, and maintain Transmission Services' management revenue reports
- Works independently on standard and ad hoc reports concerning organizational financial performance and forecasting analysis of transmission revenue services and products.

## **SPECIAL SKILLS & ABILITIES:**

GS:12 Employees with at least one year of specialized experience at the next lower grade level in the Federal service may be eligible for temporary promotion. Specialized experience for this position is defined as: This position requires at least moderate working knowledge of excel, such as the ability to query large sets of data and identify the relevant portions. Previous work with BPA's financial systems is not required but would help.
