Comfort Ready Home: Customizable Bill Inserts Now Available

BPA's Comfort Ready Home program offers utility customers easy-to-use customizable bill inserts that identify energy-saving opportunities, optimize heating and cooling systems, communicate available rebates, and connect with participating contractors who can complete the work. Get started today by downloading the [bill insert templates](#), or find more customizable materials in the Comfort Ready Home [Utility Marketing Tool Kit](#).

Momentum Savings and Market Research: Feb. 4 Quarterly Call

New year. New staff. New conference line. Join the BPA market research team's next quarterly call on Feb. 4 from 9-10 a.m. (PST). The meeting will provide updates and introduce the newest team member. BPA recently transitioned the quarterly call meeting series from WebEx to Microsoft Teams. IMPORTANT: Please use the new Teams conference line and replace the old recurring calendar invite with the new invite (follow the link provided). The updated conference line information is also on Momentum Savings' [Calls webpage](#) along with past quarterly call presentations...[More](#)
