

# BPA Energy Efficiency Weekly Announcements

## May 9, 2024

### New

#### **Get ready for Efficiency Exchange**

Efficiency Exchange 2024 is next week in Spokane, Washington! This year's conference will host over 450 energy efficiency professionals from across the country. Pre-conference events begin Monday, May 13, and include golf, energy efficiency tours and a networking social at the Davenport Grand Terrace from 5-7 p.m. On Monday and Tuesday nights, join small groups of colleagues for dinner and sign up for Supper Club. Whether you are a virtual or in-person attendee, download the [Whova web and mobile app](#) to start planning your conference agenda.

---

#### **Updated Measurement & Verification Protocol 3.0 documents now available for review**

BPA's Measurement & Verification (M&V) Protocol 3.0 documents are now available. Please send any comments to Todd Amundson at [tmamundson@bpa.gov](mailto:tmamundson@bpa.gov). You may access the draft documents [here](#). The final documents will be posted May 24, 2024, after collecting customer feedback and making any necessary revisions.

---

### General

#### **Evaluation project update**

BPA provides stakeholders with regular status updates on our evaluation projects. Our latest updates cover progress made on three evaluations launched in 2023. These include a process evaluation of Low-Income Energy Efficiency program, an impact evaluation on BPA's nonresidential lighting portfolio and an impact evaluation on residential air source heat pumps and variable speed pumps...[More](#)
