BPA Webinar: High-Performance High-Capacity Heat Pump Field Study

Join BPA's Emerging Technologies team for a webinar about the [High-Performance High-Capacity Heat Pump \(HPHC HP\) Field Study](#) on July 16 from 10-11 a.m. This multi-year field study of 57 residential sites across the Northwest demonstrates that modern HPHC HPs can deliver significant energy savings over standard electric resistance heating. The team will share the study's findings, methodology, and key utility program recommendations in more detail. The report is available on Emerging Technologies webpage, along with an accompanying [two-page summary...More](#)

BPA Webinar: October 2026 Implementation Manual Changes

Please join BPA July 23, from 10-noon (PDT) for a presentation on the 2026-2027 Rate Period Implementation Manual, effective Oct. 1, 2026. There will be time available for participants to ask questions...[More](#)
