

BPA Energy Efficiency Weekly Announcements

August 28, 2025

New

BPA Energy Efficiency Tracking System Status Update

With the end of the rate period approaching, reporting in the BPA Energy Efficiency Tracking System (BEETS) will increase. To ensure awareness of BEETS system status, BPA has added additional details under the [Current System Status](#) section to the BEETS landing page, which may impact your reporting or information availability.

Energy efficiency representatives (EERs) are available to answer questions.

General

Fiscal Year 2025 Tentative End of Rate Period Deadlines

The [tentative deadlines](#) for end of rate period review and invoicing in the BPA Energy Efficiency Tracking System (BEETS) for fiscal year (FY) 2025 are available. These dates are subject to change and published on the [Energy Efficiency Important Dates](#) webpage.
