---

### General

#### **Energy Conservation Direct Funding Demonstration FY 2025 Funding Opportunity**

BPA is pleased to announce a new funding opportunity for the [Energy Conservation Direct Funding Demonstration program](#) for Fiscal Year (FY) 2025. The objective is to acquire additional cost-effective energy conservation savings for projects that will be completed and invoiced prior to the end of the FY 2024-2025 rate-period. If you have questions about the application process, please contact your EER.

---

#### **BEETS: Password Update Notification**

On Sept. 28, BPA's Energy Efficiency Tracking System (BEETS) will be adding new security measures that will require all users to update their current password. New guidelines will require that all passwords contain at a minimum:

- 
- 1 capital letter
  - 1 special character
  - 1 number
  - 8 characters

Please do not update your BEETS password prior to Sept. 28, as you may be required to update again after the requirements change. If you have any questions, please contact your EER.

### **Efficiency Exchange 2025: Call for Session Topics Now Open**

Do you have a topic, speaker, or panel that inspires the region to collaborate and innovate on emerging technologies and best practices?

The efficiency exchange agenda is determined by the brilliant ideas, expertise of regional, and national leaders in energy efficiency. Ideas for session proposals from program successes to emerging technologies, equity in energy efficiency, and more are being accepted until Friday, Oct. 25. [Submit Your Idea Today!](#)

EFX25 will be held at the [Hyatt Regency](#) in Portland, Oregon, May 20-21, 2025. For more information, [visit neea.org](http://visit.neea.org) or subscribe to the [Efficiency Exchange newsletter](#) for updates on registration, sponsorships and exhibiting at the conference.
