General

BPA's 2024-2025 Implementation Manual October Update

BPA's 2024-2025 Implementation Manual October update is now available on bpa.gov. This updated version includes some corrections and clarifications. If you have any questions, please contact your Energy Efficiency Representative.

UES Measure List Updated

The UES Measure List and upload template have been updated to correct minor errors, including correcting Residential Variable Speed Heat Pumps to apply to both new and existing project types. The updated measure list is available on [BEETS templates and tools](#). Please contact your Energy Efficiency Representative with any questions or issues.

Efficiency Exchange 2025: Call for Session Topics Now Open - Deadline is Oct. 25

Do you have a topic, speaker, or panel that inspires the region to collaborate and innovate on emerging technologies and best practices?

The efficiency exchange agenda is determined by the brilliant ideas, expertise of regional, and national leaders in energy efficiency. Ideas for session proposals from program successes to emerging technologies, equity in energy efficiency, and more are being accepted until Friday, Oct. 25. [Submit Your Idea Today!](#)

EFX25 will be held at the [Hyatt Regency](#) in Portland, Oregon, May 20-21, 2025. For more information, [visit neea.org](https://www.neea.org) or subscribe to the [Efficiency Exchange newsletter](#) for updates on registration, sponsorships and exhibiting at the conference.
