

BPA Energy Conservation Weekly Announcements

July 30, 2026

New

The BPA Energy Conservation Annual Review 2025 is now available

The [BPA Energy Conservation Annual Review 2025](#) is now available. In fiscal year 2025, BPA, along with our customers and regional partners, delivered 51.7 aMW in energy savings. [The Annual Review](#) showcases the value and positive impact that Conservation acquisition investments bring to regional customer utilities and their consumers.

Events

Momentum Savings and Market Research: Aug. 5 Quarterly Call

Join BPA Market Research team's next quarterly call on Aug. 5 from 9-10 a.m. In this meeting, the team will provide updates from recent research efforts and go over the upcoming process for updating market models and quantifying momentum savings. Reminder that this call series has moved from WebEx to Microsoft Teams. IMPORTANT: Please use the new Teams conference link and replace the old recurring calendar invite with the new invite (see right). The updated conference line information is also on our [Calls webpage](#) along with past presentations...[More](#)
